SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Extension:

Regulation FD; SEC File No. 270-475; OMB Control No. 3235-0536.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management Budget for extension and approval.

Regulation FD—Other Disclosure Materials requires public disclosure of material information from issuers of publicly traded securities so that investors have current information upon which to base investment decisions. The purpose of the regulation is to require that: (1) When an issuer intentionally discloses material information it do so through public disclosure, not selective disclosure; and (2) whenever an issuer learns that it has made a non-intentional material selective disclosure, the issuer make prompt public disclosure of that information. Regulation FD was adopted due to a concern that the practice of selective disclosure leads to a loss of investor confidence in the integrity of our capital markets. It is estimated that approximately 13,000 issuers file correspondence under Regulation FD. The filer prepares 25% of the 290,000 annual burden hours for a total of 72,500 burden hours.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.
