### Rural Housing Service

#### Notice of Request for Extension of a Currently Approved Information Collection

**AGENCY:** Rural Housing Service, USDA.

**ACTION:** Proposed collection; comments requested.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice announces the Rural Housing Service's intention to request an extension for a currently approved information collection in support of Form RD 410-8 "Applicant Reference Letter."

**DATES:** Comments on this notice must be received by March 17, 2003 to be assured of consideration.

**FOR FURTHER INFORMATION CONTACT:** Gale Richardson, Loan Specialist, Single Family Housing, Rural Housing Service, 1400 Independence Avenue, SW., Mail Stop 0783, Washington, DC 20250-0783, Telephone (202) 720-1459.

**SUPPLEMENTARY INFORMATION:** Title: Form RD 410-8, "Applicant Reference Letter."

*OMB Number:* 0575-0091.

*Expiration Date of Approval:* April 30, 2003.

*Type of Request:* Extension of a currently approved information collection.

*Abstract:* The Rural Housing Service (RHS), under section 502 of Title V of the Housing Act of 1949, as amended, provides financial assistance to construct, improve, alter, repair, replace, or rehabilitate dwellings, which will provide modest, decent, safe, and sanitary housing to eligible individuals in rural areas. To assist a customer, they must provide the Agency with a standard housing application (used by government and private lenders), and provide documentation, including their credit history, to support the same. Form RD 410-8 is used to obtain information about an applicant's credit history that might not appear on a credit report. It is used to document an ability to handle credit effectively for applicants who have not used sources of credit that appear on a credit report.

This form provides a mechanism for following up on repayment history for

debts reported by the applicant on the application that do not appear on the credit report. This information is used by the Loan Originator serving the area in which the applicant or borrower will live to determine whether the applicant's credit history meets the Agency criteria. In addition to supplementing or verifying other debts when a credit report is limited and unavailable to determine the applicant's eligibility and credit worthiness, the Form RD 410-8 is widely used by the Agency because credit reports are not always used to obtain credit information when an applicant/borrower lives in a remote area.

RHS must, by law, make available to the applicant, upon request, the source of information used to make an adverse decision. Individual references may be solicited with the clear understanding that if the information is used to deny credit the information will be made available to the applicant upon request. Without this information, the Agency is unable to determine if a customer would qualify for services.

*Estimate of Burden:* Public burden for this collection of information is estimated to average 6 minutes per response.

*Respondents:* Applicants seeking direct single family housing loans and grants from the Agency.

*Estimated Number of Respondents:* 10,000.

*Estimated Number of Responses per Respondent:* 1.

*Estimated Number of Responses:* 10,000.

*Estimated Total Annual Burden on Respondents:* 1,000 hours.

Copies of this information collection can be obtained from Renita Bolden, Regulations and Paperwork Management Branch, at (202) 692-0035.

*Comments:* Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Rural Housing Service, including whether the information will have practical utility; (b) the accuracy of the Rural Housing Service's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments may be sent to Renita Bolden, Regulations and Paperwork Management Branch, U.S. Department of Agriculture, Rural Development, STOP 0742, 1400 Independence Ave. SW., Washington, and DC 20250-0742. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: January 2, 2003.

**AGENCY:** Rural Utilities Service, USDA.

**ACTION:** Notice of finding of no significant impact.

**SUMMARY:** Notice is hereby given that the Rural Utilities Service (RUS) has made a finding of no significant impact with respect to a request from Georgia Transmission Corporation for financing assistance from RUS to finance the construction of a 230/115 kV switching station and a 230 kV transmission line in Heard and Coweta Counties, Georgia.

**SUPPLEMENTARY INFORMATION:** Georgia Transmission Corporation proposes to construct a 230 kV transmission line between its existing Yellowdirt Substation located within the boundary of Plant Wansley in Heard County, Georgia, to a proposed 230 kV switching station to be located in Coweta County, Georgia. The proposed switching station is to be identified as the Dresden Switching Station. The Dresden Switching Station will be located approximately 0.4 miles south of the intersection of Highway 34 and Quimby Jackson Road at the intersection of the Municipal Electric Authority of Georgia's existing Yates-LaGrange 230 kV and Georgia Power Company's 500 kV O'Hara-Wansley Transmission Lines. **AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of Final Results of Antidumping Duty Administrative Review.

**SUMMARY:** On September 10, 2002, the Department of Commerce published the preliminary results of administrative review of the antidumping duty order on gray portland cement and clinker from Mexico. The review covers one manufacturer/exporter, CEMEX, S.A. de C.V., and its affiliate, GCC Cemento, S.A. de C.V. The period of review is August 1, 2000, through July 31, 2001.

Based on our analysis of the comments received, we have made changes in the margin calculations. Therefore, the final results differ from the preliminary results. The final weighted-average dumping margin is listed below in the "Final Results of Review" section of this notice.

**EFFECTIVE DATE:** January 14, 2003.

**FOR FURTHER INFORMATION CONTACT:** Hermes Pinilla or Brian Ellman, Office of AD/CVD Enforcement 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-3477 or (202) 482-4852, respectively.

**SUPPLEMENTARY INFORMATION:**

#### Background

On September 10, 2002, the Department of Commerce (the Department) published in the Federal Register the preliminary results of the administrative review of the antidumping duty order on gray portland cement and clinker from Mexico. See *Preliminary Results and Rescission in Part of Antidumping Duty Administrative Review: Gray Portland*

*Cement and Clinker From Mexico*, 67 FR 57379 (September 10, 2002) (*Preliminary Results*).

We invited parties to comment on our *Preliminary Results*. In October 2001, we received case and rebuttal briefs from the petitioner, the Southern Tier Cement Committee, and from the respondents, CEMEX, S.A. de C.V. (CEMEX), and GCC Cemento, S.A. de C.V. (GCC). The Department has conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

#### Scope of Review

The products covered by this review include gray portland cement and clinker. Gray portland cement is a hydraulic cement and the primary component of concrete. Clinker, an intermediate material product produced when manufacturing cement, has no use other than being ground into finished cement. Gray portland cement is currently classifiable under Harmonized Tariff Schedule (HTS) item number 2523.29 and cement clinker is currently classifiable under HTS item number 2523.10. Gray portland cement has also been entered under HTS item number 2523.90 as "other hydraulic cements." The HTS subheadings are provided for convenience and customs purposes only. The Department's written description remains dispositive as to the scope of the product coverage.

#### Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this administrative review, and to which we have responded, are listed in the Appendix to this notice and addressed in the "Issues and Decision Memorandum" (Decision Memorandum) from Susan Kubbach, Acting Deputy Assistant Secretary, to Faryar Shirzad, Assistant Secretary, dated January 8, 2003, which is hereby adopted by this notice. The Decision Memorandum is on file in Import Administration's Central Records Unit, Room B-099 of the main Department of Commerce Building. In addition, a complete version of the Decision Memorandum can be accessed directly from the Internet at <http://ia.ita.doc.gov>. The paper copy and electronic version of the Decision Memorandum are identical in content.

#### Changes Since the Preliminary Results

Based on our analysis of comments received, we have corrected certain programming and clerical errors in our preliminary results, where applicable. These changes are discussed in the
