SUPPLEMENTARY INFORMATION:

Title: Report of International Transportation of Currency or Monetary Instruments.

OMB Number: 1506-0014.

Form Number: Customs form 4790.

Abstract: The Bank Secrecy Act, titles I and II of Public Law 91-508, as amended, codified at 12 U.S.C. 1829b, 12 U.S.C. 1951-1959, and 31 U.S.C. 5311-5330, authorizes the Secretary of the Treasury, *inter alia*, to issue regulations requiring records and reports that are determined to have a high degree of usefulness in criminal, tax, and regulatory matters. Regulations implementing title II of the Bank Secrecy Act (codified at 31 U.S.C. 5311-5330) appear at 31 CFR part 103. The authority of the Secretary to administer title II of the Bank Secrecy Act has been delegated to the Director of FinCEN.

The Bank Secrecy Act specifically states that “a person or an agent or bailee of the person shall file a report * * * when the person, agent, or bailee knowingly—(1) transports, is about to transport, or has transported, monetary instruments of more than \$10,000 at one

time—(A) from a place in the United States to or through a place outside the United States; or (B) to a place in the United States from or through a place outside the United States; or (2) receives monetary instruments of more than \$10,000 at one time transported into the United States from or through a place outside the United States.” 31 U.S.C. 5316(a). The requirement of 31 U.S.C. 5316(a) has been implemented through regulations promulgated at 31 CFR 103.23 and through the instructions to the Report of International Transportation of Currency or Monetary Instruments (CMIR), U.S. Customs Service form 4790.

Information collected on the CMIR is made available, in accordance with strict safeguards, to appropriate criminal law enforcement and regulatory personnel in the official performance of their duties. The information collected is of use in investigations involving international and domestic money laundering, tax evasion, fraud, and other financial crimes.

Current Actions: The CMIR is being revised to increase the reliability of the data for investigative purposes and to clarify data fields on the form. Most data fields have been modified to include lines or boxes. A section has been designated for those transporting currency or monetary instruments (part II). The section required for mailing or shipping has been “shaded” and separated into its own section (part IV) to distinguish it from the rest of the form. The “Other monetary instruments” field has been expanded to include specific types of monetary instruments so that filers can easily select the appropriate type(s) they are transporting.

Type of Review: Revision of currently approved collection.

Affected Public: Individuals, business or other for-profit institutions, not-for-profit institutions.

Estimated Number of Respondents: 250,000.

Estimated Time Per Respondent: 11 minutes.

Estimated Total Annual Burden Hours: 45,834 hours.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Records required to be retained under the Bank Secrecy Act must be retained for five years. Generally, information collected pursuant to the Bank Secrecy Act is confidential, but may be shared as provided by law with regulatory and law enforcement authorities.

Request for Comments

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the

information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information

technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance and purchase of services to provide information.

Dated: January 6, 2003.

Director, Financial Crimes Enforcement Network.
