The USEPA is proposing to approve, through direct final procedure, oxides of nitrogen (NOx) rules including an allowance trading program submitted by the Ohio Environmental Protection Agency (Ohio EPA). The implementation plan affects electric generating units (EGUs), non-EGUs and portland cement plants, and was submitted in a letter from the Ohio EPA Director on July 11, 2002, following required public process. The intent of Ohio’s action is to satisfy a Federal requirement to develop a plan to control emissions from these categories of sources in order to meet the emissions budget established by USEPA for Ohio during the summer-time ozone control period. USEPA is approving this plan with the understanding that Ohio will make the minor revision to the date in Ohio’s rule by which flow control will be triggered. Flow control affects all States in the trading program, and the date by which it is triggered, 2005, must be consistent for all 19 States.

In the final rules section of this Federal Register, USEPA is approving the State Implementation Plan (SIP) for NOx as a direct final rule without prior proposal because we view this action as noncontroversial and anticipate no adverse comments. If no written adverse comments are received in response to the direct final rule, no further activity is contemplated in relation to this proposed rule. If USEPA receives meaningful written adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. If no adverse written comments are received, the direct final rule will take effect on the date stated in that document and no further activity will be taken on this proposed rule. Any party interested in commenting on this action should do so at this time.

DATES: Comments on this action must be received by February 18, 2003.

ADDRESS: Written comments should be mailed to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch (AR–18), USEPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

A copy of the Ohio EPA request for revision to the SIP is available for inspection at the above address.

FOR FURTHER INFORMATION CONTACT: John Paskevicz, Environmental Engineer, Regulation Development Section, Air Programs Branch (AR–18), USEPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886–6084.

SUPPLEMENTARY INFORMATION: Throughout this document whenever “we,” “us,” or “our” are used we mean the USEPA.

I. What Actions Are USEPA Taking Today?

II. Where Can I Find More Information About This Proposal and Corresponding Direct Final Rule?

I. What Actions Are USEPA Taking Today?

The USEPA is proposing to approve a revision to the Ohio SIP submitted by the State which demonstrates the Ohio EPA plan will enable affected sources in the State to reduce emissions of NOx in order for the State to meet the NOx emissions budget. USEPA is making the approval with the understanding that Ohio will change the year that flow control will be triggered to 2005, from 2006 currently in Ohio’s rule.

II. Where Can I Find More Information About This Proposal and Corresponding Direct Final Rule?

For additional information see the direct final rule published in the rules section of this Federal Register.

Authority: 42 U.S.C. 4201–7601q.

40 CFR Parts 63, 258, 260, 261, 264, 265, 266, 270, 271, and 279

Waste Management System; Testing and Monitoring Activities; Reopening of Comment Period for the Proposed Methods Innovation Rule (MIR)

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule; reopening of comment period.

SUMMARY: The Environmental Protection Agency (EPA) is extending by an additional 60 days the comment period on its proposed rule (October 30, 2002 at 67 FR 66251) titled Methods Innovation Rule (MIR) and Notice of Data Availability that announced the availability of the new RCRA Waste Sampling Draft Technical Guidance. The original comment period announced in the proposal and notice was scheduled to end on December 30, 2002. Today’s notice further extends the comment period on the proposed Methods Innovation Rule and RCRA Waste Draft Technical Guidance until February 28, 2003.

DATES: Written comments on the proposed MIR, or RCRA Waste Sampling Draft Technical Guidance must be submitted on or before February 28, 2003. Comments postmarked after the close of the comment period will be stamped “late” and may or may not be considered by the Agency.

ADDRESS: Commenters must send an original and two copies of their comments referencing docket number to: EPA Docket Center (EPA/DC), Office of Solid Waste (5305T), U.S. Environmental Protection Agency Headquarters (EPA, HQ), Ariel Rios Building, 1200 Pennsylvania Ave., NW., Washington, DC 20460. Comments may also be submitted electronically to: rcradacket@epa.gov. Comments in electronic format should also be identified by the docket number Docket ID No. RCRA–2002–0025. All electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.
SUMMARY: The Environmental Protection Agency (EPA) Region 6 is publishing a direct final notice of deletion of the ATSF Clovis Superfund Site (Site), located in Curry County, Clovis New Mexico, from the National Priorities List (NPL). The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is found at appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of New Mexico, through the New Mexico Environment Department (NMED), have determined that all appropriate response actions under CERCLA, other than operation and maintenance and five-year reviews, have been completed. However, this deletion does not preclude future actions under Superfund.

In the “Rules and Regulations” section of today’s Federal Register, we are publishing a direct final notice of deletion of the ATSF Clovis Superfund Site without prior notice of intent to delete because we view this as a noncontroversial revision and anticipate no adverse comment. We have explained our reasons for this deletion in the preamble to the direct final rule.

ENVIRONMENTAL PROTECTION AGENCY
40 CFR Part 300
[FRL–7438–7]
National Oil and Hazardous Substance Pollution Contingency Plan; National Priorities List

AGENCY: Environmental Protection Agency.

ACTION: Notice of intent to delete the ATSF Clovis Superfund Site from the National Priorities List.

SUMMARY: The Environmental Protection Agency (EPA) Region 6 is publishing a direct final notice of deletion of the ATSF Clovis Superfund Site (Site), located in Curry County, Clovis New Mexico, from the National Priorities List (NPL). The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is found at appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of New Mexico, through the New Mexico Environment Department (NMED), have determined that all appropriate response actions under CERCLA, other than operation and maintenance and five-year reviews, have been completed. However, this deletion does not preclude future actions under Superfund.

In the “Rules and Regulations” section of today’s Federal Register, we are publishing a direct final notice of deletion of the ATSF Clovis Superfund Site without prior notice of intent to delete because we view this as a noncontroversial revision and anticipate no adverse comment. We have explained our reasons for this deletion in the preamble to the direct final rule.

For public commenters, it is important to note that EPA’s policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA’s electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA’s electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA’s electronic public docket. Public comments that are mailed or delivered to the docket will be scanned and placed in EPA’s electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA’s electronic public docket along with a brief description written by the docket staff.

Comments should not submit electronically any confidential business information (CBI). An original and two copies of CBI must be submitted under separate cover to: Regina Magbie, RCRA CBI Document Control Officer, EPA Office of Solid Waste and Emergency Response, SW 846, Room B102, Washington, DC 20460. The RIC is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding federal holidays. To review docket materials, it is recommended that the public make an appointment by calling (202) 566–0270. The public may copy a maximum of 266 pages from any regulatory document at no cost. Additional copies over 266 pages will cost $0.15 per page.
