

Our practice is to make comments, including names and addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the rulemaking record, which we will honor to the extent allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials or organizations or businesses, available for public inspection in their entirety.

District of Columbia, National Parks, Reporting and recordkeeping requirements.

In consideration of the foregoing, the National Park Service proposes to amend 36 CFR Part 7 as follows:

PART 7—SPECIAL REGULATIONS, AREAS OF THE NATIONAL PARK SYSTEM

1. The authority citation for Part 7 continues to read as follows:

Authority: 16 U.S.C. 1, 3, 9a, 460(q), 462(k); Sec. 7.96 also issued under D.C. Code 8-137(1981) and D.C. Code 40-721 (1981).

2. Section 7.70 is amended by adding paragraph (g) to read as follows:

§ 7.70 Glen Canyon National Recreation Area.

* * * * *

(g) *Personal watercraft* (1) Personal watercraft may operate, transit and launch in park water or beach on park land except in the areas and under the conditions described as follows:

(i) On the Colorado River between Glen Canyon Dam and the downstream river boundary of Glen Canyon NRA where it adjoins Grand Canyon National Park.

(ii) On the Colorado River upstream of Sheep Canyon.

(iii) On the San Juan River upstream of Clay Hills Pullout.

(iv) On the Escalante River upstream of Coyote Gulch.

(v) On the Dirty Devil River at the point where measurable downstream current is encountered.

(2) Personal Watercraft must travel at flat wake speed:

(i) On the Escalante River from Cow Canyon to Coyote Gulch.

(ii) On the Dirty Devil River upstream of the Utah Highway 95 bridge until measurable downstream current is encountered.

(3) The Superintendent may temporarily limit, restrict or terminate access to the areas designated for PWC use after taking into consideration public health and safety, natural and cultural resource protection, and other management activities and objectives.

Dated: January 10, 2003.

Craig Manson,

Assistant Secretary for Fish and Wildlife and Parks.

38 CFR Part 3

RIN 2900-AK03, et al.

Withdrawal of Proposed Rules

AGENCY: Department of Veterans Affairs.

ACTION: Withdrawal of proposed rules.

SUMMARY: This document withdraws five proposed rules that would have amended the adjudication regulations. The proposals were previously published in the **Federal Register** by the Plain Language Regulations Project. The five proposals that are being withdrawn are: (1) State Department as Agent of Department of Veterans Affairs (RIN 2900-AK03) which was published in the **Federal Register** on August 22, 2001 (66 FR 44095); (2) Finality of Decisions (RIN 2900-AK18) which was published in the **Federal Register** on October 23, 2001 (66 FR 53565); (3) Renouncement of Benefits (RIN 2900-AK23) which was published in the **Federal Register** on September 24, 2001 (66 FR 48845); (4) Independent Medical Opinions (RIN 2900-AK31) which was published in the **Federal Register** on December 7, 2001 (66 FR 64174); and (5) Evidence from Foreign Countries (RIN 2900-AK37) which was published in the **Federal Register** on October 19, 2001 (66 FR 53139).

A new organization is being created in the Department of Veterans Affairs to manage the regulatory process, and one of its top priorities is the restructuring and rewriting of the adjudication regulations in plain language. Since it is not clear where and how the above noted proposals will fit into the restructured regulations, they are being withdrawn at this time. When the new organization for regulatory management is established, these proposed rules will likely be republished for notice and comment.

Approval and Promulgation of Air Quality Implementation Plans; Pennsylvania; Sulfur Dioxide Attainment Demonstration for the Warren County Nonattainment Area, and Permit Emission Limitations for Two Individual Sources in Warren County

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve a State Implementation Plan (SIP) revision submitted by the Commonwealth of Pennsylvania. This revision contains enforceable operating permit emission limitations for the Reliant Warren Generating Station and the United Refining Company, and an air quality modeling demonstration that indicates that the allowable emission limits will provide for the attainment of the National Ambient Air Quality Standards (NAAQS) for sulfur dioxide (SO₂) in the Conewango Township, Pleasant Township, Glade Township, and the City of Warren nonattainment area. The modeling demonstration assumes new SO₂ limits for the Reliant Warren Generating Station and the United Refining Company. In the Final Rules section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A more detailed description of the state submittal and EPA's evaluation are included in a Technical Support Document (TSD) prepared in support of this rulemaking action. A copy of the TSD is available, upon request, from the EPA Regional Office listed in the **ADDRESSES** section of this document. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA
