

product under investigation are included. Such expenses are allocated over cost of goods sold.

#### Constructed Value

Is equal to the sum of materials, labor and overhead (COM) and SG&A expenses plus profit in the comparison market and the cost of packing for exportation to the United States.

#### Calculation of Suspension Agreement NVs

NVs (for purposes of the Agreement) are calculated by adjusting the CV and are provided for both EP and CEP transactions. In effect, any expenses uniquely associated with the covered products sold in the HM are subtracted from the CV, and any such expenses which are uniquely associated with the covered products sold in the United States are added to the CV to calculate the NV.

**Export Price**—Generally, a U.S. sale is classified as an export price sale when the first sale to an unaffiliated person occurs before the goods are imported into the United States. In cases where the foreign manufacturer knows or has reason to believe that the merchandise is ultimately destined for the United States, the manufacturer's sales is the sale subject to review. If, on the other hand, the manufacturer sold the merchandise to a foreign trader without knowledge of the trader's intention to export the merchandise to the United States, then the trader's first sale to an unaffiliated person is the sale subject to review. For EP NVs, the CV is adjusted for movement costs and differences in direct selling expenses such as commissions, credit, warranties, technical expenses such as commissions, credit, warranties, technical services, advertising, and sales promotion.

**Constructed Export Price**—Generally, a U.S. sale is classified as a constructed export price sale when the first sale to an unaffiliated person occurs after importation. However, if the first sale to an unaffiliated person is made by a person in the United States affiliated with the foreign exporter, constructed export price applies even if the sale occurs prior to importation, unless the U.S. affiliate performs only clerical functions in connection with the sale. For CEP NVs, the CV is adjusted similar to EP sales, with differences for adjustment to U.S. and HM indirect-selling expenses.

Home market direct-selling expenses are expenses that are incurred as a direct result of a sale. These include such expenses as commissions, advertising, discounts and rebates, credit, warranty expenses, freight costs, etc. Certain direct-selling expenses are treated individually. They include:

Commission expenses are payments to unaffiliated parties for sales in the HM.

Credit expenses are expenses incurred for the extension of credit to HM customers.

Movement expenses are freight, brokerage and handling, and insurance expenses.

U.S. direct-selling expenses are the same as HM direct-selling expenses except that they are incurred for sales in the United States.

Movement expenses are additional expenses incidental to importation into the United States. These typically include U.S.

inland freight, insurance, brokerage and handling expenses, U.S. Customs duties, and international freight.

U.S. indirect-selling expenses include general fixed expenses incurred by the U.S. sales subsidiary or affiliated exporter for sales to the United States. They may also include a portion of indirect expenses incurred in the HM for export sales.

#### FOR EP TRANSACTIONS

---

+ Direct Materials  
 + Direct Labor  
 + Factory Overhead  
 = Cost of Manufacturing (COM)  
 + Home Market SG&A  
 = Cost of Production (COP)  
 + U.S. Packing  
 + Profit  
 = Constructed Value  
 + U.S. Direct-Selling Expense  
 + U.S. Commission Expense  
 + U.S. Movement Expense  
 + U.S. Credit Expense  
 – HM Direct-Selling Expense  
 – HM Commission Expense<sup>1</sup>  
 – HM Credit Expense  
 = NV for EP Sales

---

<sup>1</sup> If the company does not have HM commissions, HM indirect expenses are subtracted only up to the amount of the U.S. Commissions.

#### FOR CEP TRANSACTIONS

---

+ Direct Materials  
 + Direct Labor  
 + Factory Overhead  
 = Cost of Manufacturing (COM)  
 + Home Market SG&A  
 = Cost of Production (COP)  
 + U.S. Packing  
 + Profit  
 = Constructed Value  
 + U.S. Direct-Selling Expense  
 + U.S. Indirect-selling Expense  
 + U.S. Commission Expense  
 + U.S. Movement Expense  
 + U.S. Credit Expense  
 + U.S. Further Manufacturing Expenses (if any)  
 + CEP Profit  
 – HM Direct-Selling Expense  
 – HM Commission Expense<sup>1</sup>  
 – HM Credit Expense  
 = NV for CEP Sales

---

<sup>1</sup> If the company does not have HM commissions, HM indirect expenses are subtracted only up to the amount of the U.S. Commissions.

#### Appendix B

For purposes of this Agreement, the products covered are hot-rolled iron and non-alloy steel universal mill plates (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm but not exceeding 1250 mm and of a thickness of not less than 4 mm, not in coils and without patterns in relief), of rectangular shape, neither clad, plated nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain iron and non-alloy

steel flat-rolled products not in coils, of rectangular shape, hot-rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 mm or more in thickness and of a width which exceeds 150 mm and measures at least twice the thickness. Included as subject merchandise in this petition are flat-rolled products of nonrectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been "worked after rolling")—for example, products which have been bevelled or rounded at the edges. This merchandise is currently classified in the Harmonized Tariff Schedule of the United States (HTS) under item numbers 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7208.53.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, 7212.50.0000. Excluded from the subject merchandise within the scope of this Agreement is grade X-70 plate. Although the HTS subheadings are provided for convenience and customs purposes, our written description of the scope of this investigation is dispositive.

#### Proposed Information Collection; Comment Request; Northeast Region Vessel Monitoring and Communications

**AGENCY:** National Oceanic and Atmospheric Administration (NOAA).  
**ACTION:** Notice.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

**DATES:** Written comments must be submitted on or before March 28, 2003.

**ADDRESSES:** Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at [dHynek@doc.gov](mailto:dHynek@doc.gov)).

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or

copies of the information collection instrument and instructions should be directed to Hannah Goodale at 508-281-9101, or to [Hannah.F.Goodale@noaa.gov](mailto:Hannah.F.Goodale@noaa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

Owners or operators of vessels that have caught 500 metric tons of herring in the past year, or intend to catch 500 metric tons in the current year, must equip their vessels with an approved Vessel Monitoring System (VMS). The VMS units automatically report the vessel's position at least once per hour when the vessel is underway. Vessel owners must submit proof that the VMS has been installed. Herring carriers may be exempted from this requirement by obtaining a letter of authorization from NOAA.

##### II. Method of Collection

Position reports are automated and automatic. Proof of installation is mailed to NOAA. A letter of authorization can be requested by phone.

##### III. Data

*OMB Number:* 0648-0404.

*Form Number:* None.

*Type of Review:* Regular submission.

*Affected Public:* Business or other for-profit organizations, individuals or households.

*Estimated Number of Respondents:* 150.

*Estimated Time Per Response:* 1 hour to install a VMS; 2 minutes for submission of proof of installation; 5 seconds for an automated position report from the VMS or transponder system (10 minutes if an Inmarsat communication unit is used to transmit the data); and 2 minutes for a request for a letter of authorization exemption.

*Estimated Total Annual Burden Hours:* 816.

*Estimated Total Annual Cost to Public:* \$298,000.

##### IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques

or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: January 17, 2003.

##### Mid-Atlantic Fishery Management Council (Council); Request for Research Proposals (RFP)

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of solicitation for applications.

**SUMMARY:** NMFS announces that, for fishing year 2004, up to 3 percent of the total allowable landings (TAL) will be dedicated to research endeavors under a research set-aside (RSA) program. This notice describes how the application and selection process will operate for research projects funded under the RSA by a set-aside from the TAL of selected species. The RSA provides a mechanism to fund research and compensate vessels through the sale of fish harvested under the research quota. The setting of the actual research set-aside quotas will be the subject of future rulemaking. NMFS is soliciting proposals for research activities concerning the summer flounder, scup, black sea bass, Loligo squid, Illex squid, Atlantic mackerel, butterflyfish, bluefish, and tilefish fisheries.

**DATES:** All research proposals to be considered under this solicitation must be received between January 27, 2003, and 5 p.m., EST, on March 28, 2003, in the Northeast Regional Office (see **ADDRESSES**). Postmarks prior to the end of the receipt period will not be sufficient. Facsimile applications will not be accepted. For further information related to the timeframe for review and selection of proposals to be conducted with research quota set-asides, see

Section A, Background, under **SUPPLEMENTARY INFORMATION.**

**ADDRESSES:** Proposals must be submitted to Patricia A. Kurkul, Regional Administrator, NMFS, Northeast Regional Office, One Blackburn Drive, Gloucester, MA 01930. Mark proposals "Attention—Mid-Atlantic Research Proposals." Copies of the Standard Forms for submission of research proposals may be found on the Internet in a PDF (Portable Document Format) version at <http://www.ofa.noaa.gov/grants>, under the title "Grant Application Forms and Budget Guidelines," or by contacting NMFS (see **FOR FURTHER INFORMATION CONTACT**).

##### FOR FURTHER INFORMATION CONTACT:

Daniel Furlong, Executive Director, Mid-Atlantic Fishery Management Council, (302) 674-2331, fax (302) 674-5399, e-mail [cheaton@mafmc.org](mailto:cheaton@mafmc.org), or Paul Perra, Fishery Policy Analyst, NMFS, (978) 281-9153, fax 978-281-9135, e-mail [paul.perra@noaa.gov](mailto:paul.perra@noaa.gov).

##### SUPPLEMENTARY INFORMATION:

##### A. Background

The award of a set-aside from the TAL of selected species became possible with the approval of Framework Adjustment 1 (Framework 1) to the Atlantic Mackerel, Squid, and Butterfish; Summer Flounder, Scup, and Black Sea Bass; and Bluefish Fishery Management Plans (FMPs); and the RSA provisions of the Tilefish FMP. Framework 1 was approved by the Secretary of Commerce on August 10, 2001. It established a procedure through which research set-aside amounts would be set annually as part of the Mid-Atlantic Fishery Management Council's (Council) quota-setting process. The set-asides may range between 0 and 3 percent of each species' TAL. The set-aside allocated for a given species is to be utilized primarily for research involving that species. However, to promote research in those cases where it would otherwise be infeasible, individual research projects may involve allocations from the set-asides for several of the species listed in this notice. Therefore, in addition to, or in lieu of, applying for part of the set-aside involving a species directly involved in a research project, applicants may also apply for up to 25 percent of the research set-aside quota for species not directly involved in a particular research project.

To be eligible for consideration, a research proposal for work to be conducted using a research set-aside allocation for the 2004 fishing year must be received during the application period identified in the DATES section
