 BILLING CODE 4120-01-C

**FEDERAL EMERGENCY
 MANAGEMENT AGENCY**

44 CFR Part 65

[Docket No. FEMA-B-7434]

**Changes in Flood Elevation
 Determinations**

AGENCY: Federal Emergency Management Agency (FEMA).
ACTION: Interim rule.

SUMMARY: This interim rule lists communities where modification of the Base (1-percent-annual-chance) Flood Elevations is appropriate because of new scientific or technical data. New flood insurance premium rates will be calculated from the modified Base Flood Elevations for new buildings and their contents.

DATES: These modified Base Flood Elevations are currently in effect on the dates listed in the table below and revise the Flood Insurance Rate Maps in effect prior to this determination for each listed community.

From the date of the second publication of these changes in a newspaper of local circulation, any person has ninety (90) days in which to request through the community that the Administrator, Federal Insurance and Mitigation Administration, reconsider the changes. The modified elevations may be changed during the 90-day period.

ADDRESSES: The modified Base Flood Elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Michael M. Grimm, Acting Chief, Hazards Study Branch, Federal Insurance and Mitigation Administration, 500 C Street SW.,

Washington, DC 20472, (202) 646-2878, or (e-mail) *Michael.Grimm@fema.gov*.

SUPPLEMENTARY INFORMATION: The modified Base Flood Elevations are not listed for each community in this interim rule. However, the address of the Chief Executive Officer of the community where the modified Base Flood Elevation determinations are available for inspection is provided.

Any request for reconsideration must be based on knowledge of changed conditions or new scientific or technical data.

The modifications are made pursuant to Section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR Part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified Base Flood Elevations are the basis for the floodplain management measures that the community is required to either adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities.

The changes in Base Flood Elevations are in accordance with 44 CFR 65.4.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Administrator, Federal Insurance and Mitigation Administration certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because modified Base Flood Elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This interim rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 65

BILLING CODE 6718-04-U

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 54

[CC Docket No. 96-45; DA 03-24]

Federal-State Joint Board on Universal Service

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Federal Communications Commission's (Commission) Wireline Competition Bureau (Bureau) adopts the Delphi version of the forward-looking cost model with certain incorporated

technical improvements, which has been translated from Turbo-Pascal computer language, for calculating high-cost universal service support for non-rural carriers. To avoid the possibility of two successive changes in support amounts within a relatively short period of time, the Bureau defers calculating support for non-rural carriers using the Delphi version of the forward-looking cost model with incorporated technical improvements until the effective date of a Commission order in the separate proceeding addressing the non-rural high-cost support methodology adopted in the Ninth Report and Order, which was remanded to the Commission by the United States Court of Appeals for the Tenth Circuit.
