

Comments Requested: This Notice of Intent initiates the scoping process that begins the preparation of the EIS. As part of the scoping process, the USFS is requesting comments on the proposed action. Comments received will be part of the public record on this project and will be available for public inspection.

Estimated Dates for DEIS and FEIS: The DEIS is expected to be filed with the Environmental Protection Agency and to be available for public review and comment by May 2003. At that time, The Environmental Protection Agency (EPA) will publish a Notice of Availability (NOA) of the DEIS in the **Federal Register**. The comment period on the DEIS will be a minimum of 45 days from the date the EPA publishes the NOA in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. Firstly, reviewers of the draft EIS must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and concerns (*Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978)). Also, environmental objections that could be raised at the draft EIS stage, but are not raised until after completion of the final EIS, may be waived or dismissed by the courts (*City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980)). Because of these court rulings, it is very important that those interested in this project participate by the close of the scoping comment period, so that substantive comments are made available to the Forest Service at a time when the comments can be meaningfully considered and responded to in the final EIS.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft EIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft EIS. Comments may also address the adequacy of the draft EIS or the merits of the alternatives formulated and discussed in the draft EIS. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

After the comment period ends on the DEIS, the comments will be analyzed, considered, and responded to by the Forest Service in preparing the FEIS.

The FEIS is scheduled to be completed in September 2003. The responsible official will consider the comments, responses, environmental consequences discussed in the FEIS, and applicable laws, regulations, and policies in making a decision regarding this proposed action.

The responsible official will document the decision and reasons for the decision in a Record of Decision. That decision will be subject to appeal in accordance with 36 CFR part 215.

Dated: February 6, 2003.

Natural Resources Conservation Service

Notice of Intent: To Request a Revision of a Currently Approved Information Collection

AGENCY: Natural Resources Conservation Service, United States Department of Agriculture.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13), and the Office of Management and Budget (OMB) regulations at 5 CFR part 1320 (60 FR 44978, August 29, 1995), this notice announces the Natural Resources Conservation Service's (NRCS) intention to request a revision to a currently approved information collection, Long Term Contracting.

DATES: Comments will be received for a 60-day period commencing with the date of this publication.

Additional Information or Comments: Contact *Phyllis I. Williams*, Agency OMB Clearance Officer, Natural Resources Conservation Service, Department of Agriculture, 5601 Sunnyside Avenue, Mailstop 5460, Beltsville, Maryland 20705-5000; (301) 504-2170; phyllis.i.williams@usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Application for Payment.

OMB Number: 0578-0013.

Expiration Date of Approval: June 30, 2003.

Type of Request: To continue with a change of a currently approved collection for which the approval will expire.

Abstract: The primary objective of the Natural Resources Conservation Service (NRCS) is to work in partnership with the American people and the farming and ranching community to conserve and sustain our natural resources. The purpose of Long-Term Contracting information collection is to provide for programs to extend cost sharing and technical assistance through long-term contracts to landowners and others. These contracts provide for making land use changes and installing conservation measures and practices to conserve, develop, and use the soil, water, and related natural resources on private

lands. For cost-share programs, Federal financial and technical assistance is based on a conservation plan that is made a part of an agreement, contract or easement, for a period of time of no less than 1 year, no more than 15 years. Under the terms of the agreement, the participant agrees to apply, or arrange to apply, the conservation treatment specified in the conservation plan. In return for this agreement, Federal cost-share payments are made to the land user, or third party, upon successful application of the conservation

treatment. NRCS purchases easement programs and provides for the protection and management for the life of the easement.

The information collected through this package is used by NRCS to ensure the proper use of program funds, including the application for participation, contract implementation, conservation planning, and application for payment. The table below lists the forms in this collection, the use of each document, and the applicable programs for the information collection. These

forms constitute this information collection, and reflect the documents used by Department of Agriculture (USDA) program participants to indicate their desire to participate in one or more of the applicable programs. To obtain copies of forms referenced, access the Service Center Web site address at <http://www.sc.egov.usda.gov>. You may also e-mail your request and/or comments, including your address, phone number, and form number, to terri.jackson@usda.gov, or call the Forms Manager at (301) 504-2164.

Natural Resources Conservation Service

Williams Creek Watershed, Clay County, MO

AGENCY: Natural Resources Conservation Service.

ACTION: Notice of a finding of no significant impact.

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Regulations (40 CFR Part 1500); and the Natural Resources Conservation Service Regulations (7 CFR Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Williams Creek Watershed Clay County, Missouri.

FOR FURTHER INFORMATION CONTACT: Roger A. Hansen, State Conservationist, Natural Resources Conservation Service, Parkade Center, Suite 250, 601 Business Loop 70 West, Columbia, Missouri 65203. Telephone: (314) 876-0901.

SUPPLEMENTARY INFORMATION: The environmental assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Roger A. Hansen, State Conservationist, has determined that the preparation and review of an environmental impact statement are not needed for this project.

The project purposes are to rehabilitate an existing structure in order to comply with state and federal dam safety regulations, maintain flood prevention, flood damage reduction, and recreational benefits. The planned works of improvement include raising the height of Structure 2, improving the stilling basin/plunge pool, widening the auxiliary spillway, lowering the second stage of the principal spillway, installing wave protection on the front slope of the dam, installing an additional foundation drain, and

replacing all recreational facilities during the construction process.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, state, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Harold L. Deckerd, Assistant State Conservationist (WR).

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

(This activity is listed in the Catalog of Federal Domestic Assistance under NO.10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with state and local officials.)

International Trade Administration

[A-570-827]

Notice of Initiation and Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review, and Intent To Revoke Order in Part: Certain Cased Pencils From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of initiation and preliminary results of changed circumstances antidumping duty administrative review and intent to revoke order in part.

SUMMARY: In accordance with section 751(b) of the Tariff Act of 1930, as amended (the Act), and section 351.216(b) of the Department of Commerce's (the Department's) regulations, The Smencil Company (Smencil Co.) filed a request for a changed circumstances review of the antidumping duty (AD) order on certain cased pencils from the People's Republic of China (PRC). Specifically, Smencil Co. requests that the Department revoke the AD order with respect to the specialty pencil it produces, which is described below.

The domestic industry has affirmatively expressed a lack of interest in the continuation of the order with respect to this product. In response to the request, the Department is initiating a changed circumstances review and issuing a notice of preliminary intent to revoke, in part, the AD order on certain cased pencils from the PRC. Interested parties are invited to comment on these preliminary results.

EFFECTIVE DATE: February 13, 2003.

FOR FURTHER INFORMATION CONTACT: Jack K. Dulberger or Howard Smith, AD/CVD Enforcement, Group II, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-5505 and (202) 482-5193, respectively.

Background

On December 23, 2002, Smencil Co. filed a request with the Department to revoke the AD order on certain cased pencils from the PRC with respect to the patented, scent-infused pencils produced in the PRC that it imports. *See* Smencil Co.'s letter to the Secretary, dated December 10, 2002 (Smencil Co. Request Letter). Specifically, Smencil Co. requested that the Department revoke the AD order with respect to imports meeting the following description: scent-infused pencils manufactured in the PRC under U.S. patent number 6,217,242,¹ (Patent) that are made from rolled sheets of paper, namely rolled sheets of recycled newspaper, and infused with various scents so as to create scented pencils named Smencils. *See* Smencil Co. Request Letter at 1-2.

Smencil Co. attached to its request a letter dated December 10, 2002 from the petitioners in the pencils AD proceeding,² stating that they are not interested in having the AD order on certain cased pencils from the PRC apply to pencils manufactured in the PRC under patent number 6,217,242 that are made from rolled sheets of recycled newspaper that are infused with various scents, thereby creating

¹ Patent number 6,217,242 (April 17, 2001) describes the invention as a "scented writing implement (comprising) * * * a fragrant pencil and a method for making same." (*See* Smencil Co. Request Letter at Appendix 2) The patent is owned by Evaco, Ltd., doing business as The Smencil Company (*See* Smencil Co. Request Letter at 1).

² The petitioners are the Writing Instrument Manufacturers Association, Pencil Section (WIMA) (a trade association comprised, in part, of domestic pencil producers) and six domestic pencil producers: Aakron Rule, Inc., Dixon-Ticonderoga Corporation, Musgrave Pencil Company, Moon Products, Inc., Sanford Corporation, and Tennessee Pencil Company (collectively, the petitioners).
