

*Comments Requested:* This Notice of Intent initiates the scoping process that begins the preparation of the EIS. As part of the scoping process, the USFS is requesting comments on the proposed action. Comments received will be part of the public record on this project and will be available for public inspection.

*Estimated Dates for DEIS and FEIS:* The DEIS is expected to be filed with the Environmental Protection Agency and to be available for public review and comment by May 2003. At that time, The Environmental Protection Agency (EPA) will publish a Notice of Availability (NOA) of the DEIS in the **Federal Register**. The comment period on the DEIS will be a minimum of 45 days from the date the EPA publishes the NOA in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. Firstly, reviewers of the draft EIS must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and concerns (*Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978)). Also, environmental objections that could be raised at the draft EIS stage, but are not raised until after completion of the final EIS, may be waived or dismissed by the courts (*City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980)). Because of these court rulings, it is very important that those interested in this project participate by the close of the scoping comment period, so that substantive comments are made available to the Forest Service at a time when the comments can be meaningfully considered and responded to in the final EIS.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft EIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft EIS. Comments may also address the adequacy of the draft EIS or the merits of the alternatives formulated and discussed in the draft EIS. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

After the comment period ends on the DEIS, the comments will be analyzed, considered, and responded to by the Forest Service in preparing the FEIS.

The FEIS is scheduled to be completed in September 2003. The responsible official will consider the comments, responses, environmental consequences discussed in the FEIS, and applicable laws, regulations, and policies in making a decision regarding this proposed action.

The responsible official will document the decision and reasons for the decision in a Record of Decision. That decision will be subject to appeal in accordance with 36 CFR part 215.
