

Affected landowners and parties with environmental concerns may be granted intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which would not be adequately represented by any other parties. You do not need intervenor status to have your environmental comments considered.

Environmental Mailing List

This notice is being sent to individuals, organizations, and government entities interested in and/or potentially affected by the proposed project. It is also being sent to all identified potential right-of-way grantors. By this notice we are also asking governmental agencies, especially those in Appendix 3, to express their interest in becoming cooperating agencies for the preparation of the EIS.

Additional Information

Additional information about the project is available from the Commission's Office of External Affairs, at 1-866-208-FERC, or on the FERC Internet Web site (<http://www.ferc.gov>) using the FERRIS link. j. Deadline Dates: Comments due March 15, 2003.; reply comments due March 30, 2003.

All documents (original and eight copies) should be filed with: Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Comments, protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

The Commission's Rules of Practice and Procedure require all interveners filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

Pursuant to Order No. 619, the Federal Energy Regulatory Commission (FERC) now accepts certain "qualified documents" via the Internet in lieu of paper filing. "Qualified documents" may be submitted electronically only by accessing the E-Filing link at <http://www.ferc.gov>. Comments received via e-mail are not placed in the public record.

• "Qualified documents" that may be submitted electronically in lieu of paper and the procedures for e-filing "qualified documents" are described in FERC's User Guide for Electronic Filing of Qualified Documents, which can be

accessed via FERC's website <http://www.ferc.gov/e-filing>. For assistance with filing qualified documents electronically, you can contact FERC's Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676, or for TTY, contact (202) 502-8659.

k. Description of Filing: The Power Authority of the State of New York (NYPA) filed the Settlement Accord on behalf of itself and the U.S. Fish and Wildlife Service of the U.S. Department of the Interior; New York State Department of Environmental Conservation; New York State Department of State; New York State Office of Parks, Recreation and Historic Preservation; St. Lawrence Aquarium and Ecological Center Inc.; New York Rivers United; and the St. Lawrence Local Government Task Force. The purpose of the Settlement Accord is to resolve among the signatories all issues associated with issuance of a new license for the project regarding fish enhancement, American Eel passage facility, habitat improvements, wildlife management, St. Lawrence River Research and Education Fund, water temperature, land and vegetation management plans, shoreline stabilization plan, navigation enhancements, and recreation. The Settlement Accord specifically adopts and incorporates (1) five individual agreements, and (2) a letter of understanding between NYPA and National Marine Fisheries Service.

NYPA requests that the Commission accept and incorporate into any new license the protection, mitigation, and enhancement measures stated in the Settlement Accord. Comments and reply comments on the Settlement Accord and supporting documentation are due on the dates listed above.

l. A copy of the application is available for inspection and reproduction during normal business hours (8:30 a.m. to 5 p.m. Eastern time) at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2-A, Washington, DC 20426, or by calling (202) 502-8371. In addition, the application may be viewed and/or printed via the internet through FERC's Home Page (<http://www.ferc.gov>). From FERC's Home Page on the internet, the application and other filings and issuances regarding this application are available in the Federal Energy Regulatory Records Information System (FERRIS). To access this information in FERRIS, for the St. Lawrence Hydroelectric Project license application, enter the application's docket number (*i.e.*, P-2000) and sub-docket number (*i.e.*, 036) where

specified. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866)208-3676, or for TTY, contact (202)502-8659. A copy of the application is also available for inspection and reproduction from the applicant at the address in item h. above.

[Docket No. RM98-1-000]

Regulations Governing Off-the-Record Communications; Public Notice

February 11, 2003.

This constitutes notice, in accordance with 18 CFR 385.2201(h), of the receipt of exempt and prohibited off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive an exempt or a prohibited off-the-record communication relevant to the merits of a contested on-the-record proceeding, to deliver a copy of the communication, if written, or a summary of the substance of any oral communication, to the Secretary.

Prohibited communications will be included in a public, non-decisional file associated with, but not part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such requests only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication should serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications will be included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of exempt and prohibited off-the-record communications recently received in the Office of the Secretary. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For Assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866)208-3676, or for TTY, contact (202)502-8659.

EPA Science Advisory Board; Ecological Processes and Effects Committee Meeting—Notification of a Change in the Agenda and the Request for Public Comment

Purpose of this Notice—To advise of a change in the agenda for the advisory committee meeting advertised in 68 FR 4775, January 30, 2003. As noted in that FR Notice, the Ecological Processes and Effects Committee (EPEC) of the U.S. EPA Science Advisory Board (SAB) will meet on Thursday and Friday, February 13-14, 2003. Although a formal Consultation on the EPA Office of Waters' "Guidelines for Deriving

Numerical National Water Quality Criteria for the Protection of Aquatic Organisms and Their Uses" was scheduled for that meeting, it has since been changed to a briefing. Other agenda items are unchanged and the meeting location remains unchanged.

In the above cited **Federal Register** notice, we stated that public comments (information, analysis or other documentation) will be accepted until February 7, 2003 on the EPEC member biosketches for the purpose of helping us to ensure a balanced panel for the Consultation that was originally planned. Since the Consultation will not take place at this time and no advice is being developed or provided by individuals on the Panel as a result of receiving briefings, we are no longer seeking comments on the biosketches. Any comments received at the address listed in the **Federal Register** notice (through the date of the meeting) will be considered in the event that the SAB conducts a formal Consultation on this topic in the future.

FOR FURTHER INFORMATION: Any member of the public wishing further information concerning this meeting, should contact Mr. Lawrence Martin, Designated Federal Officer, USEPA Science Advisory Board (1400A), Suite 6450, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone/voice mail at (202) 564-6497; fax at (202) 501-0582; or via e-mail at martin.lawrence@epa.gov. Information concerning this meeting can be found at the following Web site: <http://www.epa.gov/sab/panels/epecpubmgt021303.htm>.

Dated: February 7, 2003.

A. Robert Flaak,

Acting Deputy Director, EPA Science Advisory Board Staff Office.
