Title: High Education Act (HEA) Title II Reporting Forms on Teacher Quality and Preparation.

Frequency: Annually.

Affected Public: State, Local, or Tribal Gov't, SEAs or LEAs (primary). Not-for-profit institutions (primary).

Reporting and Recordkeeping Hour Burden: Responses: 1309. Burden Hours: 127624.

Abstract: The Higher Education Act of 1998 calls for annual reports from states and institutions of higher education on the quality of teacher education and related matters (Pub. L. 105–244, section 207:20 U.S.C. 1027). The purpose of the reports is to provide greater accountability in the preparation of America's teaching forces and to provide information and incentives for its improvement. Most institutions of higher education that have teacher preparation programs must report annually to their states on the performance of their program completers on teacher certification tests. States, in turn, must report test performance information, institution by institution, to the Secretary of Education, along with institutional ranking. They must also report on their requirements for licensing teachers, state standards, alternative routes to certification, waivers, and related items. Annually reports from institutions are due to the states, beginning April 7 each year; reports from the states are due annually to the Secretary, beginning October 7 each year; the Secretary's report is due annually to Congress, beginning April 7 each year. These dates are one year later than the dates in the legislation.
