

payment and debt collection programs, FMS maintains records on individuals who receive payments from the Federal Government, as well as individuals who owe delinquent debts to the Federal Government and states. Records on individuals who receive Federal payments are maintained in FMS's "Payment Issue Records for Regular Recurring Benefit Payments," and "Payment Records for Other Than Regular Recurring Benefit Payments." Records on individuals who owe delinquent debts are maintained in its "Debt Collection Operations System" system of records. The systems of records were last published in the **Federal Register** in their entirety on August 22, 2001, beginning in 66 FR 44204.

In keeping with the Government's policy to rely on commercial sources to supply the products and services the Government needs, FMS sometimes retains the services of contractors to perform certain routine functions related to payment and debt collection processing. Disclosures of information maintained in FMS' systems of records may be required in order for the contractor to perform the services for which it has been hired. If disclosure is necessary, the contractor to which disclosure is made will be subject to the same limitations applicable to FMS officers and employees under the Privacy Act. This means that the contractor is required to safeguard Privacy Act information to prevent unauthorized use or disclosure of any Privacy Act records. FMS is altering the referenced systems of records to allow disclosure of information from such systems to a private contractor to the extent necessary for the contractor to accomplish an FMS function related to payment processing and/or debt collection.

The report required by 5 U.S.C. 552a(r) of the Privacy Act, has been submitted to the Committee on Government Reform and Oversight of the House of Representatives, the Committee on Governmental Affairs of the Senate, and the Office of Management and Budget, pursuant to Appendix I to OMB Circular A-130, Federal Agency Responsibilities for Maintaining Records About Individuals, dated November 30, 2000.

For the reasons set forth above, FMS proposes to alter its systems of records as follows:
