

EPA has established a public docket for this ICR under Docket ID No. OW-2002-0042, which is available for public viewing at the Water Docket in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Water Docket is (202) 566-2426. An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice, and according to the following detailed instructions: (1) Submit your comments to EPA online using EDOCKET (our preferred method), by e-mail to OW-Docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mailcode: 4101T, 1200 Pennsylvania Ave., NW., Washington, DC 20460, and (2) mail your comments to OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, Confidential Business Information (CBI), or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May

31, 2002), or go to <http://www.epa.gov/edocket>.

Title: Construction Grants Program (OMB Control No. 2040-0027, EPA ICR Number 0827.06). This is a request to renew an existing approved collection that is scheduled to expire on 3/31/2003. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB.

Abstract: The purpose of this ICR is to revise and extend the current clearance for the collection of information under the EPA Construction Grants Program, 40 CFR part 35, subpart I, and Title II of the Clean Water Act (CWA). The program includes reporting requirements for municipalities, Indian Tribes, and States. In this ICR, the reporting requirements for the Construction Grants Program are divided into three categories:

1. Requirements associated with new grant awards;
2. Requirements associated with project completions; and
3. Requirements imposed on States.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15, and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average about 2 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: States and municipalities.

Estimated Number of Respondents: 30.

Frequency of Response: On occasion and annually, average about 5 per year/respondent.

Estimated Total Annual Hour Burden: 26,588 hours.

Estimated Total Annual Cost: \$887,819, includes \$0 annual capital and O&M costs.

Changes in the Estimates: There is a decrease of 50,164 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This decrease is because EPA is phasing out the Title II Construction Grants Program due to establishment of State Revolving Loan Fund program.

Dated: February 10, 2003.

Oscar Morales,

Director, Collection Strategies Division.

Environmental Impact Statements and Regulations; Availability of EPA Comments

Availability of EPA comments prepared pursuant to the Environmental Review Process (ERP), under Section 309 of the Clean Air Act and Section 102(2)(c) of the National Environmental Policy Act as amended. Requests for copies of EPA comments can be directed to the Office of Federal Activities at (202) 564-7167. An explanation of the ratings assigned to draft environmental impact statements (EISs) was published in **Federal Register** dated April 12, 2002 (67 FR 17992).

Draft EISs

ERP No. D-AFS-J65373-MT Rating EC2, Canyon Lake Dam and Wyant Lake Dam Project, Proposal to Authorize Access to their Facilities with Prescribe Terms and Conditions, Canyon Creek Irrigation District (CCID), Bitterroot National Forest, Selway Bitterroot Wilderness, Ravalli County, MT.

Summary: EPA expressed environmental concerns and recommended integrating 404 permitting requirements into the EIS

process and decision making for selecting among Canyon Lake dam rehabilitation options. EPA recommended preparing a preliminary 404(b)(1) evaluation for proposed placement of dredged or fill materials in U.S. waters, and wetlands for the dam rehabilitation. EPA believes additional information is needed to fully assess and mitigate all potential environmental impacts of the management actions.

ERP No. D-AFS-L65412-OR Rating EC2, Metolius Basin Forest Management Project, Fuel Reduction and Forest Health Management Activities, Implementation, Deschutes National Forest, Sisters Ranger District, Jefferson County, OR.

Summary: EPA expressed environmental concerns due to impacts to aquatic resources, endangered and threatened species, silvicultural practices, dispersed recreation, tribal consultation, and indirect and cumulative effects.

ERP No. LD-AFS-L65411-WA Rating NS, I-90 Wilderness Study, Review of Land Comprising of 15,000 Acres for Suitability for Preservation as Wilderness, Cle Elum and Leavenworth Ranger Districts, Olanogan and Wenatchee National Forests, Kittitas and Chelan Counties, WA.

Summary: EPA Region 10 used a screening tool to conduct a limited review of this action. Based on this screen EPA does not foresee having any environmental objections to the proposed action. Therefore, EPA will not be conducting a detailed review.

ERP No. D-MMS-L02030-AK Rating EC2, Cook Inlet Planning Area Oil and Gas Lease Sales 191 and 199, Outer Continental Shelf, Offshore Marine Environment, Cook Inlet, AK.

Summary: EPA expressed environmental concerns that an alternative that deferred both the Lower Kenai Peninsula and Barren Islands areas was not included. EPA recommended that the Environmental Justice Analysis explain the methods and criteria used to determine minority and low income significance, and identify if the low income and/or people of color communities will be disproportionately impacted. EPA also requested that mitigating measures to protect endangered and threatened species and their critical habitat be adopted as standard lease stipulations.

ERP No. D-USN-K11108-CA Rating EC2, China Lake Naval Air Weapons Station, Proposed Military Operational Increases and Implementation of Associated Comprehensive Land Use and Integrated Natural Resources Management Plans, Located on the
