

- Clarifying which non-permit related violations BLM may take into account in penalizing a permittee.

- Considering ways to streamline the grazing decision appeal process.
- Extending the time period that BLM may approve nonuse of forage from 3 to 5 years for resource improvement, business, or personal needs.

C. We are also considering amendments related to changes in permitted use. Amendments we are considering include:

- Creating provisions re-emphasizing consideration of social, economic, and cultural impacts, in addition to the ecological impacts, of Federal actions to ensure compliance with the National Environmental Policy Act.

- Requiring a permittee/lessee to apply to renew a permit or lease.
- What criteria BLM will consider before approving increases in permitted use.

- Considering whether to amend the provision stating when BLM will implement action that changes grazing management after determining that the allotments used by a permittee or lessee are not meeting or significantly progressing toward meeting land health standards.

D. We are considering adding the following new provisions to the regulations.

- Establishing and administering a new concept called "Reserve Common Allotments" (RCA). RCAs would be managed as reserve forage areas for use by permittees whose allotments are undergoing restoration treatments and require rest from grazing. RCA forage would be allocated on a temporary non-renewable basis to permittees participating in restoration on their allotments.

- Adding a fee schedule for preference transfers, crossing permits, applications for nonuse, and replacement/supplemental billing under existing service charge authority. We do not intend to address grazing fees in this rulemaking.

E. We also plan to make minor revisions to correct typographical errors and to make technical changes to improve the clarity of the rule. One change we will make is to remove references to "conservation use" permits to reflect the decision in *Public Lands Council v. Babbitt*, 929 F.Supp. 1436 (D. Wyo. 1996), *rev'd in part and aff'd in part*, 167 F.3d 1287 (10th Cir. 1999), *aff'd*, 529 U.S. 728 (2000).
