

the telephone number for the ECDIC Docket is (202) 566-1514. An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice, and according to the following instructions: (1) Submit your comments to EPA online using EDOCKET (our preferred method), by e-mail to ECDIC at docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, mail code 2201T, 1200 Pennsylvania Ave., NW., Washington, DC 20460, and (2) Mail your comments to OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

EPA's policy is that public comments, whether submitted electronically or on paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure otherwise is restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Title: Federal Emission Guidelines For Existing Municipal Solid Waste Landfills (Small) (40 CFR part 62, subpart GGG) (OMB Control Number 2060-0430, EPA ICR Number 1893.03). This is a request to renew an existing approved collection that is scheduled to expire on February 28, 2003. Under the OMB regulations, the Agency may continue to conduct or sponsor the

collection of information while this submission is pending at OMB.

Abstract: The Environmental Protection Agency (EPA) is charged under section 111 of the Clean Air Act, as amended, to collect data. The information will be used by Agency enforcement personnel to (1) identify existing sources subject to these standards; (2) ensure that Best Demonstrated Technology is being properly applied; and (3) ensure that the emission control device is being properly operated and maintained on a continuous basis. In addition, records and reports are necessary to enable the EPA to identify landfills that may not be in compliance with these standards. Based on reported information, the EPA can decide which landfills should be inspected and what records or processes should be inspected at the landfill. The records that landfills maintain would indicate to the EPA whether the personnel are operating and maintaining control equipment properly. The type of data required is principally emissions data and would not be confidential. If any information is submitted to the EPA for which a claim of confidentiality is made, the information would be safeguarded according to the Agency policies set forth in 40 CFR, chapter 1, part 2, subpart B.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on November 7, 2002. No comments were received.

Burden Statement: The annual public reporting and record keeping burden for this collection of information is estimated to average 12 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to respond to a collection of information; search data sources; complete and review the collection of information;

and transmit or otherwise disclose the information.

Respondents/Affected Entities: 173.

Estimated Number of Respondents: 173.

Frequency of Response: Annually.

Estimated Total Annual Hour Burden: 11,678.

Estimated Total Annual Cost:

\$659,428 includes \$242,000 for Operating and Maintenance costs.

There is a decrease of 3,432 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This decrease is due to recalculations, correction of high estimates of affected landfills, and no new respondents.

Dated: February 21, 2003.

Oscar Morales,

Director, Collection Strategies Division.

Notice of Meeting of the EPA's Children's Health Protection Advisory Committee (CHPAC)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of meeting.

SUMMARY: Pursuant to the provisions of the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the next meeting of the Children's Health Protection Advisory Committee (CHPAC) will be held March 18-20, 2003, at the Hotel Washington, Washington, DC. The CHPAC was created to advise the Environmental Protection Agency on science, regulations, and other issues relating to children's environmental health.

DATES: Tuesday, March 18 the Science/Regulatory Work Group will meet; plenary sessions will take place Wednesday, March 19 and Thursday March 20.

ADDRESSES: Hotel Washington, 515 15th Street, NW., Washington, DC.

AGENDA ITEMS: The meetings of the CHPAC are open to the public. The Science/Regulatory Work Group will meet Tuesday, March 18 from 9 a.m. to 5 p.m. The plenary CHPAC will meet on Wednesday, March 19 from 9 a.m. to 5 p.m., with a public comment period at 4:45 p.m., and on Thursday, March 20 from 9 a.m. to 12 p.m.

The plenary session will open with introductions and a review of the agenda and objectives for the meeting.

Agenda items include highlights of the Office of Children's Health Protection (OCHP) activities and reports from the Science and Regulatory Work Group. Other potential agenda items include an EPA briefing on Information Quality Guidelines and an informational panel on human milk contamination.

FOR FURTHER INFORMATION CONTACT:

Contact Joanne Rodman, Office of Children's Health Protection, USEPA, MC 1107A, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, (202) 564-2188, rodman.joanne@epa.gov.

Dated: February 26, 2003.

Elizabeth Blackburn,

Acting Designated Federal Official.

Notice of Availability and Opportunity To Provide Comment on the Draft Final Guidelines for Carcinogen Risk Assessment and the Draft Supplemental Guidance for Assessing Cancer Susceptibility From Early-Life Exposure to Carcinogens

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability and public comment period.

SUMMARY: EPA is today announcing the availability of, and opportunity to comment on, the Draft Final Guidelines for Carcinogen Risk Assessment and the draft Supplemental Guidance for Assessing Cancer Susceptibility from Early-Life Exposure to Carcinogens.

In 1996, EPA published for public comment proposed revisions to EPA's 1986 Guidelines for Carcinogen Risk Assessment. Since the 1996 proposal, the Agency has benefitted from extensive public comment and scientific peer review, including three reviews by EPA's Science Advisory Board (SAB). The major issues currently being considered by EPA as it proceeds to issue final Guidelines are identified in the Supplementary Information section of this notice. As announced in November 2001, the July 1999 draft revised Guidelines will continue to serve as EPA's interim guidance to EPA risk assessors preparing cancer risk assessments until final Guidelines are issued.

The Draft Final Guidelines issued today for comment explicitly call for consideration of possible sensitive subpopulations and/or lifestages (such

as childhood). Therefore, concurrent with release of the Draft Final Guidelines, EPA is also requesting public comment on draft supplemental guidance describing possible approaches that could be used to assess risks resulting from early life exposure to potential carcinogens. This draft supplemental guidance will be peer reviewed by the Agency's Science Advisory Board at a public meeting that will be announced in a separate **Federal Register** notice. The supplemental guidance is separate from the Guidelines so that it may be more easily updated in a timely manner given the expected rapid evolution of scientific understanding about the effects of early-life exposures.

DATES: Comments must be received by Thursday, May 1, 2003.

ADDRESSES:

Document Availability

The Draft Final Guidelines for Carcinogen Risk Assessment (February 2003, NCEA-F-0644A) and the draft Supplemental Guidance for Assessing Cancer Susceptibility from Early-Life Exposure to Carcinogens (EPA/630/R-03/003) are available via the Internet from <http://www.epa.gov/ncea/raf/cancer2003.htm>. A limited number of paper copies of the documents are available from the Technical Information Staff (8623D), NCEA-W, U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460; telephone: 202-564-3261; facsimile: 202-565-0050.

Submitting Comments

One of three methods may be chosen to submit comments, and comments may be in electronic or paper copy format. First, comments may be submitted through EPA's electronic public docket and comment system, EPA Dockets. EPA Dockets is available at <http://www.epa.gov/edocket/>. Once in the system, select "search," then key in the appropriate docket identification number (OAR-2003-0008). Second, comments may be submitted via e-mail to "a-and-r-Docket@epa.gov." Third, paper copies of comments may be submitted (in duplicate if possible) to the Air Docket at the Environmental Protection Agency, EPA Docket Center (EPA/DC), Office of Air and Radiation, Mail Code 6102T, 1200 Pennsylvania Avenue NW., Washington, DC 20460. Please refer to Public Docket Number OAR-2003-0008 in e-mail and in paper correspondence. Acknowledgments will not be sent for electronic or paper comment submissions. Persons providing information or comments

should not submit personal information (such as medical data or home address), Confidential Business Information, or information protected by copyright because all comments will be made available for public viewing.

Viewing Public Comments

Public comments pertaining to this notice may be viewed by using EPA Dockets, or by visiting EPA's Air Docket. EPA intends to make all comments received in response to this **Federal Register** Notice available in EPA Dockets (<http://www.epa.gov/edocket/>), including documents originally submitted in paper format. To view comments select "search," then key in the appropriate docket identification number (OAR-2003-0008). Also, paper copies of materials related to this notice are available for review under Public Docket No. OAR-2003-0008 at EPA's Air Docket. EPA's Air Docket also makes available for review the comments received on the 1996 Proposed Guidelines under Public Docket No. ORD-CAN-96-02 and comments received on the 1999 draft revised Guidelines during the November 2001 public comment period under Public Docket No. ORD-CAN-2001. EPA's Air Docket is located at the following address: U.S. Environmental Protection Agency (EPA), Public Reading Room, Room B102 EPA West Building, 1301 Constitution Avenue NW., Washington, DC 20460. The Reading Room is open between 8 a.m. and 4:30 p.m., Monday through Friday, except on legal holidays. Visitors to the Public Reading Room are required to show photographic identification and sign the Agency's visitor log. There may be a reasonable fee for copying docket materials, as provided in 40 CFR part 2. You can reach the Air Docket by telephone at 202-566-1742, and by facsimile at 202-566-1741.

FOR FURTHER INFORMATION CONTACT: Dr. William P. Wood, Risk Assessment Forum (mail code 8601D), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460, telephone 202-564-3361, or send electronic mail inquiries to risk.forum@epa.gov.

SUPPLEMENTARY INFORMATION:

Background

In 1983, the National Academy of Sciences/National Research Council (NRC) published its report entitled, Risk Assessment in the Federal Government: Managing the Process. In that report, the NRC recommended that Federal regulatory agencies establish "inference guidelines" to promote consistency and
