

manufacturing plant of Ricoh Electronics, Inc. (Ricoh), at sites in the Orange County, California, area (67 FR 72641, 12/6/02), has been amended to include additional products in its scope of manufacturing authority under zone procedures and to clarify certain elements of its proposed FTZ inventory management procedures.

The applicant is requesting to add electrical machines having individual functions not specified elsewhere (HTSUS 8543) to its imported parts list; and, photographic film in rolls, sensitized and unexposed (HTSUS 3702); other plastic plates, sheets, film, foil and strips (HTSUS 3921); other office machines (HTSUS 8472); and electrical machines having individual functions not specified elsewhere (HTSUS 8543) to its finished product list.

It also seeks to clarify its proposed FTZ inventory management procedures with respect to its thermal paper products. Master rolls of both thermal tag paper (HTSUS 4811.90.8000) and synthetic thermal paper (HTSUS 4811.51.2050) will be entered into U.S. Customs territory from the proposed subzone, instead of customer specified lengths of thermal tag paper and synthetic thermal paper (HTSUS 4811.90.9000 and HTSUS 4811.51.6000, respectively). The applicant indicates that this would simplify and facilitate FTZ entry procedures for these final products.

The application remains otherwise unchanged.

### Suspension Agreements

None.

In accordance with § 351.213(b) of the regulations, an interested party as defined by § 771(9) of the Act may request in writing that the Secretary conduct an administrative review. For both antidumping and countervailing duty reviews, the interested party must specify the individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order or suspension agreement for which it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Six copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Enforcement, Attention: Sheila Forbes, in room 3065 of the main Commerce Building. Further, in accordance with § 351.303(f)(1)(i) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of

Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of March 2003. If the Department does not receive, by the last day of March 2003, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the Customs Service to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute but is published as a service to the international trading community.
