FOR FURTHER INFORMATION CONTACT: Nancy M. Zaczek at (202) 418-7590, Gerardo Mejia at (202) 418-2895 or via e-mail at nzaczek@fcc.gov or gmejia@fcc.gov, or via TTY (202) 418-7233.

SUPPLEMENTARY INFORMATION: This is a summary of the Federal Communications Commission's *Order*, FCC 02-302, adopted on November 7, 2002, and released on November 15, 2002. The full text of this document is available for inspection and copying during normal business hours in the FCC Reference Center, 445 12th Street, SW., Washington, DC 20554. The complete text may be purchased from the FCC's copy contractor, Qualex International, 445 12th Street, SW., Room CY-B402, Washington, DC 20554. The full text may also be downloaded at: <http://www.fcc.gov>. Alternative formats are available to persons with disabilities by contacting Brian Millin at (202) 418-7426 or TTY (202) 418-7365 or at bmillin@fcc.gov.

1. Dismissal of Petitions for Reconsideration. Further, the FCC also seek comment on issues raised by two Petitions for Reconsideration or Clarification of the Allocation Report and Order. PanAmSat sought reconsideration of the FCC's decision that prior coordination between DSRC operations applications and Fixed Satellite Service (FSS) uplinks is unnecessary. Mark IV Industries sought reconsideration or clarification of the power levels and emission mask requirements established in the Allocation Report and Order. The FCC dismisses these two petitions for reconsideration as moot because the FCC is seeking comment on the issues raised through an NPRM which published on January 15, 2003 (68 FR 1999), and, with the benefit of a fuller record, will address those issues in this proceeding, *i.e.*, WT Docket 01-90.

I. Ordering Clause

2. The Petitions for Reconsideration or Clarification of the Allocation Report and Order, ET Docket No. 98-95, filed by PanAmSat Corporation and Mark IV Industries Limited, I.V.H.S. Division are dismissed as moot.

Federal Communications Commission.

Marlene H. Dortch,
Secretary.

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Coastal Migratory Pelagic Resources of the Gulf of Mexico and South Atlantic; Reef Fish Resources of the Gulf of Mexico; Charter Vessel and Headboat Permit Moratorium

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability of a corrected amendment; request for comments.

SUMMARY: NMFS has submitted an amendment to correct Amendment 14 to the Fishery Management Plan for the Coastal Migratory Pelagic Resources of the Gulf of Mexico (Amendment 14) and South Atlantic and Amendment 20 to the Fishery Management Plan for the Reef Fish Resources of the Gulf of Mexico (Amendment 20) for review, approval, and implementation by the agency.

Specifically, this amendment will eliminate one eligibility criterion in the final rule implementing Amendment 14 and Amendment 20, which states that the charter vessel/headboat permits for Gulf coastal migratory pelagic fish or Gulf reef fish is limited to the following: An owner of a vessel that had a valid Gulf charter vessel/headboat permit on the effective date of the final rule (July 29, 2002). The corrected amendment also reopens the application process for obtaining Gulf charter vessel/headboat moratorium permits and extends the applicable deadlines; extends the expiration dates of valid or renewable open access permits for these fisheries; and extends the expiration date of the moratorium to account for the delay in implementation.

DATES: Written comments must be received on or before May 5, 2003.

ADDRESSES: Comments must be mailed to Phil Steele, Southeast Regional Office, NMFS, 9721 Executive Center Drive N., St. Petersburg, FL 33702. Comments may also be sent via fax to 727-570-5583. Comments will not be accepted if submitted via e-mail or Internet.

Copies of the corrected amendment, which includes an environmental

assessment (EA), a regulatory impact review (RIR), and an Initial Regulatory Flexibility Analysis (IRFA) may be obtained from the Southeast Regional Office, NMFS, 9721 Executive Center Drive N., St. Petersburg, FL 33702; telephone: 727-570-5305; fax: 727-570-5583.

FOR FURTHER INFORMATION CONTACT: Phil Steele, 727-570-5305; fax 727-570-5583; e-mail: Phil.Steele@noaa.gov.

SUPPLEMENTARY INFORMATION: The Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), as amended by the Sustainable Fisheries Act, requires each Regional Fishery Management Council to submit any fishery management plan or plan amendment to NMFS for review and approval, disapproval, or partial approval. The Magnuson-Stevens Act also requires that NMFS, upon receiving a plan or plan amendment, immediately publish a document in the **Federal Register** stating that the plan or plan amendment is available for public review and comment.

NMFS promulgated the charter moratorium regulations (67 FR 43558, June 28, 2002) to implement Amendment 14 and Amendment 20. However, after reviewing the administrative record, NMFS determined that the amendments contained an error that did not correctly reflect the actions approved by the Gulf of Mexico Fishery Management Council (Council). Thus, the regulations implementing the amendments also contained this error, and not all persons entitled to receive charter vessel/headboat (for-hire) permits under the moratorium approved by the Council would be able to receive permits under the promulgated regulations. In order to ensure that no qualified participants in the fishery are wrongfully excluded under the moratorium, due to an error in the amendments, and to fully comply with Magnuson-Stevens Act requirements, NMFS prepared this corrected amendment to address this error and, as such, to reflect the actions approved by the Council. Specifically, this corrected amendment will eliminate one eligibility criterion in the final rule which states that the charter vessel/headboat permits for Gulf coastal migratory pelagic fish or Gulf reef fish is limited to the following: An owner of a vessel that had a valid Gulf charter vessel/headboat permit on the effective date of the final rule (July 29, 2002). The corrected amendment also reopens the application process for obtaining Gulf charter vessel/headboat moratorium permits and extends the applicable

deadlines; extends the expiration dates of valid or renewable open access permits for these fisheries; and extends the expiration date of the moratorium to account for the delay in implementation.

In order to comply with the procedural requirements of the Magnuson-Stevens Act as stated above, the entire amendment will be submitted for review by the Secretary of Commerce, even though only one specific section of the document will be substantively altered, and if approved, new regulations will be promulgated accordingly from the properly processed amendment. Portions of the document, specifically the environmental and economic analysis required pursuant to other laws, remain in the document to provide clarity for reviewers and facilitate meaningful public comment. These analyses were previously disseminated and subject to public comment in the original amendment package. The majority of the analyses remain valid and unaffected, given that most of the regulatory measures analyzed will be unaltered by the new amendment. As stated above, the changes to the original permit moratorium relate to a single eligibility criterion and the timing of implementation of the moratorium. Where substantive changes were made to the amendment, new analyses describing these effects were conducted for the RIR and IRFA. This information is provided in the RIR and a IRFA that is included as an attachment to the amendment.

In accordance with the Magnuson-Stevens Act, NMFS is evaluating the proposed rule to implement the corrected amendment to determine whether it is consistent with the FMP, the Magnuson-Stevens Act, and other applicable law. If that determination is affirmative, NMFS will publish the proposed rule in the **Federal Register** for public review and comment.

Comments received by May 5, 2003, whether specifically directed to the FMP or the proposed rule, will be considered by NMFS in its decision to approve, disapprove, or partially approve the FMP. Comments received after that date will not be considered by NMFS in this decision. All comments received by NMFS on the FMP or the proposed rule during their respective comment periods will be addressed in the final rule.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: February 26, 2003.

Bruce C. Morehead,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Magnuson-Stevens Fishery Conservation and Management Act Provisions; Fisheries of the Northeastern United States; Summer Flounder, Scup, and Black Sea Bass Fisheries; Summer Flounder, Scup, and Black Sea Bass Fishery Management Plan

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS issues this final rule to implement approved measures contained in Amendment 13 to the Summer Flounder, Scup, and Black Sea Bass Fishery Management Plan (FMP). Pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) and the FMP, this final rule establishes an annual coastwide quota for black sea bass and allows vessels to fish under a Southeast Region Snapper/Grouper permit and to retain their Northeast Region Black Sea Bass Permit during a Federal fishery closure. Finally, this final rule requires that vessels issued a Federal moratorium permit for summer flounder, scup, and black sea bass be subject to the presumption that any fish of these species on board were harvested from the exclusive economic zone (EEZ).

DATES: The measures contained in the final rule are effective on March 31, 2003.

ADDRESSES: Copies of the FMP, Amendment 13, its Regulatory Impact Review (RIR) including the Final Regulatory Flexibility Analysis (FRFA), and the Final Environmental Impact Statement (FEIS) are available from Daniel Furlong, Executive Director, Mid-Atlantic Fishery Management Council, Federal Building, Room 2115, 200 S. New Street, Dover, DE 19904-

6790. The FEIS/RIR/FRFA is also accessible via the Internet at <http://www.nero.nmfs.gov>.

FOR FURTHER INFORMATION CONTACT: Sarah McLaughlin, Fishery Policy Analyst, (978) 281-9279, fax (978) 281-9135, e-mail sarah.mclaughlin@noaa.gov.

SUPPLEMENTARY INFORMATION: This final rule implements measures contained in Amendment 13, which was approved by NMFS on behalf of the Secretary of Commerce (Secretary) on January 29, 2003. The purpose of Amendment 13 is to rectify problems in the black sea bass commercial fishery (specifically regarding the temporal and geographic distribution of landings and permit relinquishment requirements for certain vessels) and to consider management measures to minimize the adverse effects of fishing on essential fish habitat.

Details concerning the justification for and development of Amendment 13 and the implementing regulations were provided in the preamble to the proposed rule (67 FR 72131, December 4, 2002) and are not repeated here.

Approved Measures

To implement Amendment 13, this final rule: (1) establishes an annual (calendar year) coastwide quota for the commercial black sea bass fishery to replace the current quarterly quota allocation system; and (2) allows vessels to retain their Northeast Region Black Sea Bass Permit during a Federal fishery closure; previously, vessels issued both a Northeast Region Black Sea Bass Permit and a Southeast Region Snapper/Grouper Permit were required to relinquish their Northeast Black Sea Bass Permits for 6 months if they wanted to continue to fish for black sea bass south of Cape Hatteras under their Snapper/Grouper Permits during a Federal black sea bass fishery closure.

In addition, this final rule revises the presumptions in 50 CFR 648.14(x) for summer flounder, scup, and black sea bass. NMFS determined that § 648.14(x) erroneously omitted the presumption that summer flounder, scup, and black sea bass on board were caught in the EEZ for vessels issued moratorium permits under the three fisheries covered by the FMP. Therefore, this final rule adds the presumption that all summer flounder, scup, and black sea bass possessed on board a vessel issued a Federal permit under 50 CFR 648.4 are deemed to have been harvested from the EEZ within the management unit for the particular species. This presumption, as it pertains to black sea bass, does not apply to vessels issued a Southeast
