

orderly markets, while at the same time, removing unnecessarily complex requirements. In addition, OneChicago believes that it is not necessary or desirable to restrict the ability of investors to trade Single Stock Futures that have underlying security trading between \$3.00 and \$5.00.

Section 6(h)(3)(C) of the Act requires that Listing Standards for security futures "be no less restrictive than comparable Listing Standards for options traded on a national securities exchange". * * *⁶ The Commission has approved similar rule changes for the Chicago Board Options Exchange, Inc. ("CBOE"),⁷ the American Stock Exchange LLC ("Amex"),⁸ the International Stock Exchange, Inc. ("ISE"),⁹ the Philadelphia Stock Exchange, Inc. ("Phlx"),¹⁰ and the Pacific Exchange, Inc. ("PCX").¹¹ Since CBOE, Amex, ISE, Phlx and PCX have comparable maintenance Listing Standards, the proposed rule change meets the requirement of section 6(h)(3)(C) of the Act.¹²

2. Statutory Basis

The proposed rule change is consistent with Section 6(b)(5) of the Act¹³ in that it is reasonably designed to prevent fraudulent and manipulative acts and practices, and promote just and equitable principles of trade. The proposed rule change would also promote competition and is designed to protect investors and the public interest by providing products that could be used by investors for hedging and speculative purposes, while at the same time providing investor protection through the design of the proposed rule change and the Maintenance Standard requirement that would be applicable.

B. Self-Regulatory Organization's Statement on Burden on Competition

OneChicago does not believe that the proposed rule change will have a negative impact on competition. In fact, OneChicago believes the proposed rule change would promote competition

since the proposed rule change is no less restrictive than comparable options exchanges.

C. Self-Regulatory Organization's Statement of Comments on the Proposed Rule Change Received from Members, Participants, or Others

Comments on the proposed rule change have not been solicited and none have been received.¹⁴

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective on February 24, 2003. Within 60 days of the date of effectiveness of the proposed rule change, the Commission, after consultation with the CFTC, may summarily abrogate the proposed rule change and require that the proposed rule change be refiled in accordance with the provisions of section 19(b)(1) of the Act.¹⁵

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change conflicts with the Act. Persons making written submissions should file nine copies of the submission with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549-0609. Comments also may be submitted electronically to the following e-mail address: *rule-comments@sec.gov*. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of these filings also will be available for inspection and copying at the principal office of OneChicago. All submissions should refer to File No. SR-OC-2003-04 and should be submitted by April 1, 2003.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-14813]

Issuer Delisting; Notice of Application of ThinkPath Inc. To Withdraw its Common Stock, No Par Value, From Listing and Registration on the Boston Stock Exchange, Inc.

March 5, 2003.

ThinkPath Inc., an Ontario corporation ("Issuer"), has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to section 12(d) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 12d2-2(d) thereunder,² to withdraw its Common Stock, no par value ("Security"), from listing and registration on the Boston Stock Exchange, Inc. ("BSE" or "Exchange").

On February 24, 2003, the Board of Directors of the Issuer approved a resolution to withdraw the Security from listing on the BSE. The Issuer states that the following reason factored into the Board's decision to withdraw the Security: the overwhelming majority of its shareholders trade on the OTC Bulletin Board ("OTCBB") and therefore the complying rules and administrative requirements of the BSE represent a significant cost to the Issuer and its shareholders without an apparent significant benefit. The Issuer believes that its Security will continue to trade on the OTCBB.

The Issuer stated in its application that it has complied with the Rules of the BSE that govern the removal of securities from listing and registration on the Exchange. The Issuer's application relates solely to the Security's withdrawal from listing on the BSE and from registration under section 12(b) of the Act³ and shall not affect its obligation to be registered under section 12(g) of the Act.⁴

Applicants' Representations

1. The Trust is an open-end management investment company registered under the Act and organized as a Massachusetts business trust. The Trust intends to offer two series (each a "Fund," which term includes "Future Funds" as defined below). The Adviser is registered as an investment adviser under the Investment Advisers Act of 1940 and will serve as the investment adviser to each Fund. The Distributor, a broker-dealer registered under the Securities Exchange Act of 1934 (the "Exchange Act"), will serve as the

principal underwriter for each Index Fund. The Adviser may in the future retain one or more sub-advisers for managing one or more of the Funds for which it will act as the investment adviser.

2. Each Fund will invest in a portfolio of equity securities ("Portfolio Securities") generally consisting of the component securities of a specified domestic equity securities index (the "Underlying Indexes").¹ In the future, applicants may offer additional Funds based on other Underlying Indexes ("Future Funds"). Any Future Fund will (a) be advised by the Adviser or an entity controlled by or under common control with the Adviser and (b) comply with the terms and conditions of the order. No entity that creates, compiles, sponsors or maintains an Underlying Index is or will be an affiliated person, as defined in section 2(a)(3) of the Act, or an affiliated person of an affiliated person, of the Trust, the Adviser, any sub-adviser to a Fund, the Distributor, or a promoter of a Fund.

3. The investment objective of each Fund will be to provide investment results that generally correspond, before fees and expenses, to the total return of the relevant Underlying Index.² Intraday values of each Underlying Index will be disseminated every 15 seconds throughout the trading day. Each Fund will utilize as an investment approach either a replication strategy or a representative sampling strategy. An Index Fund using a replication strategy generally will hold most of the component securities of the Underlying Index in the same approximate proportions as the Underlying Index, but may not hold all of the securities that comprise the Underlying Index in certain instances. This may be the case when, for example, a potential component security is illiquid or when there are practical difficulties or substantial costs involved in holding every security in an Underlying Index. An Index Fund using a representative sampling strategy seeks to hold a representative sample of the component securities of the Underlying Index and will invest in some but not all of the component securities of its Underlying Index.³ Applicants anticipate that a

¹ Dynamic Market Portfolio Intellidex and Dynamic OTC Portfolio Intellidex are the Underlying Indexes for the initial Funds.

² A Fund will invest at least 90% of its assets in the component securities of its Underlying Index. A Fund may invest up to 10% of its assets in securities, options and futures not included in the Underlying Index but which the Adviser believes will help the Fund track the Underlying Index.

³ The stocks selected for inclusion in an Index Fund by the Advisor will have aggregate investment characteristics (based on market capitalization and
