[Docket No. EL01-10-000 (Not Consolidated)]

On February 13, 2002, in Docket No. PA02-2-000, the Commission issued an order directing Staff to conduct an investigation to determine whether any entity manipulated short-term prices for electric energy or natural gas in the West, or otherwise exercised undue influence over wholesale electric prices in the West.¹ In the course of this investigation, Staff collected data and conducted discovery concerning the functioning of energy markets in the Western United States during 2000 and

2001. On August 13, 2002, Staff issued its Initial Report on Company-Specific Separate Proceedings and Generic Reevaluations; Published Natural Gas Price Data; and Enron Trading Strategies, as part of that investigation.

On November 20, 2002, the Commission issued an order in Docket Nos. EL00-95-048 and EL00-98-042 that allowed the parties in that proceeding to conduct additional discovery into market manipulation by various sellers during the western power crisis of 2000 and 2001, and specified procedures for adducing this information (Discovery Order).² The Discovery Order also required that no later than February 28, 2003, the parties submit directly to the Commission additional evidence and propose new or modified findings of fact with specific citations to the record to support any proposed substantive recommendations.³ On February 10, 2003, the Commission issued an order affording the parties the opportunity to respond to submissions made by adverse parties (Rehearing Order).⁴ The Rehearing Order allowed parties until March 17, 2003, to file reply comments directly with the Commission.⁵

Take notice that pursuant to the Commission's regulations, 18 CFR 388.112(d) (2002), the Commission intends to release all documents submitted in Docket No. PA02-2-000, except documents obtained from other Federal agencies in accord with the Federal Records Act, 44 U.S.C. 3510(b), and all documents submitted in response to the Discovery Order and Rehearing Order. Any submitter of information with a confidentiality interest in these documents may submit comments on the release of these documents. Written comments are due within seven days from the date of this notice, and should clearly explain any opposition to the release of these documents, or portions thereof, and the rationale for that position. The Commission will not be persuaded by conclusory statements as to why the information deserves protection. The Commission recognizes that reply comments filed in Docket Nos. EL00-
