Revised Medical Criteria for Evaluating Mental Disorders

AGENCY: Social Security Administration.

ACTION: Advance notice of proposed rulemaking.

SUMMARY: We are planning to update and revise the rules that we use to evaluate mental disorders of adults and children who apply for, or receive, disability benefits under title II and Supplemental Security Income (SSI) payments based on disability under title XVI of the Social Security Act (the Act). We invite you to send us comments and suggestions for updating and revising these rules.

After we have considered your comments and suggestions, as well as information about advances in medical knowledge, treatment, and methods of evaluating mental impairments, and our

program experience, we intend to publish for public comment a Notice of Proposed Rulemaking (NPRM) that will propose specific revisions to the rules.

As part of our long-term planning for the disability programs, we are also interested in your ideas for how we may be able to improve our programs for people who have mental disorders, especially those who would like to work.

DATES: To be sure your comments are considered, we must receive them by June 16, 2003.

ADDRESSES: You may give us your comments using: our Internet site facility (*i.e.*, Social Security Online) at: <http://policy.ssa.gov/pnpublic.nsf/LawsRegs>, e-mail to regulations@ssa.gov; telefax to (410) 966-2830; or, by letter to the Commissioner of Social Security, P.O. Box 17703, Baltimore, Maryland 21235-7703. You may also deliver them to the Office of Disability and Income Security Programs, Social Security Administration, 100 Altmeyer Building, 6401 Security Boulevard, Baltimore, Maryland 21235-6401, between 8 a.m. and 4:30 p.m. on regular business days. Comments are posted in our Internet site at <http://policy.ssa.gov/pnpublic.nsf/LawsRegs>, or you may inspect them on regular business days by making arrangements with the contact person shown below.

Electronic Version: The electronic file of this document is available on the date of publication in the **Federal Register** at http://www.access.gpo.gov/su_docs/aces/aces140.html. It is also available on the Internet site for SSA (*i.e.*, Social Security Online): <http://www.ssa.gov/regulations/>.

FOR FURTHER INFORMATION CONTACT: Cathy Lively, Office of Disability and Income Security Programs, Social Security Administration, 4422 Annex Building, 6401 Security Boulevard, Baltimore, Maryland 21235-6401, (410) 966-1180 or TTY (410) 966-5609. SUPPLEMENTARY INFORMATION:

What Is the Purpose of This Notice?

We are planning to update and revise the rules that we use to evaluate mental disorders of adults and children who apply for, or receive, disability benefits under title II and SSI payments based on disability under title XVI of the Act. The purpose of this notice is to give you an opportunity to send us comments and

suggestions for updating and revising those rules as we begin the rulemaking process. We are also asking for your comments and ideas about how we can improve our disability programs in the future for people with mental disorders.

Who Should Send Us Comments and Suggestions?

Anyone who has an interest in the rules that we use to evaluate mental disorders of adults and children should comment. We are interested in getting comments and suggestions from people who apply for or receive disability benefits from us, members of the general public, advocates and organizations who advocate for people who have mental disorders, experts in the evaluation of mental disorders, researchers, people who make disability determinations for us, and any other people who have ideas for us to consider.

Will We Respond to Your Comments From This Notice?

No, we will not respond directly to comments you send us because of this notice. However, after we consider your comments in response to this notice, along with other information such as medical research and our program experience, we will decide how to revise the rules we use to evaluate mental disorders. When we propose specific revisions to the rules, we will publish an NPRM in the **Federal Register**. In accordance with the usual rulemaking procedures we follow, you will have a chance to comment on the revisions we propose when we publish the NPRM, and we will summarize and respond to the significant comments on the NPRM in the preamble to any final rules.

Which Rules Are We Considering for Updating and Revision?

We are considering two regulations sections and two sections of our listings for revision. The two regulations sections are §§ 404.1520a and 416.920a, and are both titled, "Evaluation of mental impairments." These rules discuss the special technique we use to evaluate all claims of adults who have mental disorders. The two sections of our listings are sections 12.00 and 112.00. These are the listings for mental disorders for adults (Part A, 12.00) and children (Part B, 112.00).

Where Can You Find These Rules on the Internet?

You can find all of these rules on our Internet site.

- § 404.1520a is at http://www.ssa.gov/OP_Home/cfr20/404/404-1520a.htm.

- § 416.920a is at http://www.ssa.gov/OP_Home/cfr20/416/416-0920a.htm.

- Sections 12.00 and 112.00 are in the Listing of Impairments in appendix 1 to subpart P of part 404 of our regulations at http://www.ssa.gov/OP_Home/cfr20/404/404-ap09.htm.

- You can also look up sections 12.00 and 112.00 at this site: <http://www.ssa.gov/disability/professionals/bluebook/>.

If you do not have Internet access, you can find the Code of Federal Regulations in some public libraries, Federal depository libraries, and public law libraries.

Why Are We Updating and Revising Our Rules for Evaluating Mental Disorders?

- The current listings for mental disorders for adults (12.00) and children (112.00) will no longer be in effect on July 2, 2003, unless we extend them or revise and promulgate them again, so we must consider now whether to update and revise them.

- Although we have made some changes to the listings since we first published them, including changes to the listings in 2000 (65 FR 50746, corrected at 65 FR 60584), we have not comprehensively revised the adult listings since 1985 and the childhood listings since 1990.

- Many of our rules for adults are based on the American Psychiatric Association's *Diagnostic and Statistical Manual of Mental Disorders*, Third Edition (Washington, DC: APA, 1980), also called the DSM-III. That manual has been updated three times over the years since we first published comprehensive revisions of the adult mental disorders listings. Our childhood listings are based on the revision of the Third Edition (the DSM-III-R), which has been updated twice since we first published comprehensive revisions of those listings. We want to update the terms in our listings so they are consistent with current medical terminology. (The current edition is the *Diagnostic and Statistical Manual of Mental Disorders*, Fourth Edition, Text Revision, Washington, DC, American Psychiatric Association, 2000, also called the DSM-IV-TR.)

- There is also new information about mental retardation (MR) that we need to consider. We recently funded research through the National Research Council (NRC) that assessed our current criteria for evaluating MR in the context of state-of-the-art scientific knowledge and clinical practice. In its final report,

Mental Retardation: Determining Eligibility for Social Security Benefits, the NRC made a number of recommendations to us for revising our rules, and we are considering the recommendations now. If you would like to review the report and send us comments on the recommendations, you can find it at <http://www.nap.edu/books/0309083230/html/>.

- We will also be considering information from other sources, including the following recent documents, for relevance to our policy for evaluating MR:

- Schroeder, Stephen R.; Gerry, Martin; Gertz, Gabrielle; and Velazques, Fiona, *Usage of the Term "Mental Retardation"; Language, Image, and Public Education* (Kansas University Center on Developmental Disabilities, Center for the Study of Family, Neighborhood and Community Policy, The University of Kansas, June 14, 2002). You can find this report online at <http://www.ssa.gov/disability/MentalRetardationReport.pdf>.

- *Mental Retardation: Definition, Classification, and Systems of Supports*, 10th Edition (American Association on Mental Retardation, Washington, DC, 2002).

What Should You Comment About?

We are interested in any comments and suggestions you have for revising any or all parts of §§ 404.1520a and 416.920a and sections 12.00 and 112.00 of our listings. For example, we are interested in knowing if:

- You have concerns about any of the current listings provisions for adults or children; such as whether you think we should change any of our criteria or whether you think a listing is difficult to use or understand.

- You would like to see our listings include something that they do not include now.

You can also comment about the recommendations in the NRC report and about information in the other two sources we cite above and make any other comments or suggestions to help us improve our rules for evaluating whether adults and children who have mental disorders qualify for benefits.

In addition to your comments about our regulations, we are also interested in any ideas you have about how the disability requirements of the Act and our regulations affect people who have mental disorders and:

- Need access to treatment or rehabilitation,
- Want to work, or
- May benefit from some employment.

For example, we know that many people who have mental disorders might not need benefits from us if they could get treatment before their disorders make them unable to work. Others may be disabled and unable to work, but may not need to remain unemployed, if they receive treatment or other interventions. Many people with permanent disorders can work if they have a supporting safety net (including title II disability benefits and SSI payments). Work can also be therapeutic for some people. Although the Act and our regulations include some access to health care through Medicare and Medicaid, some provision for vocational rehabilitation, and a number of work incentives, these provisions are generally for people who already qualify for benefits under our disability programs.

We are interested in your ideas for how we may be able to improve our programs for people who have mental disorders, especially those who would like to work full-time or part-time with supports. Your ideas can address our existing rules and regulations or suggest changes to the law. We will consider your ideas as we develop the NPRM we intend to publish for public comment, and, where applicable, as part of our long-term planning for the disability program.

Other Information

Who Can Get Disability Benefits?

Under title II of the Act, we provide for the payment of disability benefits if you are disabled and belong to one of the following three groups:

- Workers insured under the Act,

- Children of insured workers, and
- Widows, widowers, and surviving divorced spouses (see 20 CFR 404.336) of insured workers.

Under title XVI of the Act, we provide for Supplemental Security Income (SSI) payments on the basis of disability if you are disabled and have limited income and resources.

How Do We Define Disability?

Under both the title II and title XVI programs, disability must be the result of any medically determinable physical or mental impairment or combination of impairments that is expected to result in death or which has lasted or is expected to last for a continuous period of at least 12 months. Our definitions of disability are shown in the following table:

If you file a claim under . . .	And you are . . .	Disability means you have a medically determinable impairment(s) as described above and that results in . . .
Title II	an adult or a child	the inability to do any substantial gainful activity (SGA).
Title XVI	a person age 18 or older	the inability to do any SGA.
Title XVI	a person under age 18	marked and severe functional limitations.

What Are the Listings?

The listings are examples of impairments that we consider severe enough to prevent a person from doing any gainful activity, or that result in “marked and severe functional limitations” in children seeking SSI payments under title XVI of the Act. Although we publish the listings only in appendix 1 to subpart P of part 404 of our rules, we incorporate them by reference in the SSI program in § 416.925 of our regulations, and apply them to claims under both title II and title XVI of the Act.

How Do We Use the Listings?

The listings are in two parts. There are listings for adults (part A) and for children (part B). If you are a person age 18 or over, we apply the listings in part A when we assess your claim, and we never use the listings in part B.

If you are a person under age 18, we first use the criteria in part B of the listings. If the listings in part B do not apply, and the specific disease process(es) has a similar effect on adults and children, we then use the criteria in part A. (See §§ 404.1525 and 416.925.)

If your impairment(s) does not meet any listing, we will also consider whether it medically equals any listing; that is, whether it is as medically severe. (See §§ 404.1526 and 416.926.)

We use the listings only to decide that people are disabled or that they are still disabled. We will never deny your claim

or decide that you no longer qualify for benefits simply because your impairment(s) does not meet or medically equal a listing. If you have a severe impairment(s) that does not meet or medically equal any listing, we may still find you disabled based on other rules in the “sequential evaluation process” that we use to evaluate all disability claims. (See §§ 404.1520, 416.920, and 416.924.)
