#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Office of Workers' Compensation Programs (OWCP) administers the Longshore and Harbor Workers' Compensation Act and the Federal Employees' Compensation Act. These Acts provide employment rehabilitation benefits to eligible injured workers. The OWCP-17 is a certificate which serves as a bill. It will be submitted, signed, and dated by an injured worker receiving rehabilitation services to request reimbursement from OWCP for expenses incurred as a result of participation in an approved rehabilitation effort. The form requires the signature of a facility official to verify that the employee is in attendance at the program. This information collection is currently approved for use through September 30, 2003.

##### II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
