

hook-and-line gear in the Bogoslof Pacific cod exemption area in the BSAI. **DATES:** Effective 1200 hrs, Alaska local time (A.l.t.), March 27, 2003, 2003, through 2400 hrs, A.l.t., December 31, 2003.

**FOR FURTHER INFORMATION CONTACT:** Andrew Smoker, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

Section 679.22(a)(7)(B) prohibits in all waters within the Bogoslof area directed fishing for pollock, Pacific cod, and Atka mackerel by vessels named on a Federal Fisheries Permit under § 679.4(b), except as provided in paragraph (a)(7)(i)(C). Section 679.22(a)(7)(i)(C) of the regulations provides for an exemption for all catcher vessels less than 60 ft (18.3 m) LOA using jig or hook-and-line gear for directed fishing for Pacific cod and specifies 113 mt of Pacific cod for that exempted fishery. Accordingly, the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 113 metric tons of Pacific cod have been caught by catcher vessels less than 60 ft (18.3 m) LOA using jig or hook-and-line gear in the Bogoslof exemption area described at § 679.22(a)(7)(i)(C)(1). Consequently, the Regional Administrator is prohibiting directed fishing for Pacific cod by catcher vessels less than 60 ft (18.3 m) LOA using jig or hook-and-line gear in the Bogoslof Pacific cod exemption area.

Maximum retainable amounts may be found in the regulations at § 679.20(e) and (f).

#### Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is contrary to the public interest. This requirement is contrary to the public interest as it would delay the closure of the fishery, lead to exceeding the Bogoslof exemption area limit of Pacific

cod caught by vessels using jig or hook-and-line gear, and therefore reduce the public's ability to use and enjoy the fishery resource.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by 50 CFR 679.22 and is exempt from review under Executive Order 12866.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### 50 CFR Part 679

[Docket No. 021212307-3037-02; I.D. 032103D]

#### Fisheries of the Exclusive Economic Zone Off Alaska; Species in the Rock sole/Flathead sole/"Other flatfish" Fishery Category by Vessels Using Trawl Gear in Bering Sea and Aleutian Islands management area

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Closure.

**SUMMARY:** NMFS is closing directed fishing for species in the rock sole/flathead sole/"other flatfish" fishery category by vessels using trawl gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the second seasonal apportionment of the 2003 halibut bycatch allowance specified for the trawl rock sole/flathead sole/"other flatfish" fishery category in the BSAI.

**DATES:** Effective 1200 hrs, Alaska local time (A.l.t.), April 1, 2003, through 1200 hrs, A.l.t., June 29, 2003.

**FOR FURTHER INFORMATION CONTACT:** Mary Furuness, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area

(FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The second seasonal apportionment of the 2003 halibut bycatch allowance specified for the trawl rock sole/flathead sole/"other flatfish" fishery category in the BSAI is 164 metric tons as established by the final 2003 harvest specifications for Groundfish of the BSAI (68 FR 9907, March 3, 2003).

In accordance with § 679.21(e)(7)(v), the Administrator, Alaska Region, NMFS, has determined that the second seasonal apportionment of the 2003 halibut bycatch allowance specified for the trawl rock sole/flathead sole/"other flatfish" fishery category in the BSAI has been caught. Consequently, NMFS is closing directed fishing for species in the rock sole/flathead sole/"other flatfish" fishery category by vessels using trawl gear in the BSAI.
