DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Availability of the Record of Decision for the Final General Management Plan/Environmental Impact Statement, Fort Frederica National Monument, Georgia

SUMMARY: On November 15, 2002, the Director, Southeast Region, approved the Record of Decision for the Final General Management Plan (GMP) and Environmental Impact Statement (EIS) for Fort Frederica National Monument. The purpose of the Record of Decision (ROD) is to document the National Park Service (NPS) selection of the proposed action for the final GMP/EIS. The plan is designed to afford a high level of protection to the national monument's resources and to provide for appropriate types and levels of high quality visitor experiences. This will be accomplished through management zoning and suitable interpretive methods and strategies including but not limited to costumed demonstrations, encampments, ghost structures, period landscape plantings, and living history demonstrations.

Management zones will provide guidance for managing specific areas for desired resource conditions and visitor experiences. The Historic Preservation zone, which encompasses the entire historic town site as well as Old Military Road and the burial ground, will be the focus of the greatest visitor activities including ranger led tours, encampments, crafts demonstrations, and costumed interpretation. The marshes on the northwest side of the National Monument as well as the western side of the Frederica River will be a Natural Resource Protection zone in which natural processes and natural ecosystem succession will predominate. The same will be true of the marshy areas and the wooded area on the
