National Advisory Council on Migrant Health; Notice of Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92-463), notice is hereby given of the following meeting:

Name: National Advisory Council on Migrant Health.

Dates and Times: April 30, 2003, 9:30 a.m. to 5 p.m., May 1, 2003, 8:30 a.m. to 12 noon.

Place: San Carlos Hotel, 202 North Central Avenue, Phoenix, Arizona 85004, Phone: (602) 253-4121 Fax (602) 253-6668.

Status: The meeting will be open to the public.

Agenda: The agenda includes an overview of general Council business activities and priorities. Topics to be addressed will include orientation of new Council members and restructuring subcommittees. In addition, the Council will begin preliminary work on the 2003 recommendations to the Secretary. Finally, the Council will attend the National Association of Community Health Centers' 2003 National Farmworker Health Conference, which is also being held in Phoenix at this time. Agenda items are subject to change as priorities indicate.

For Further Information Contact: Anyone requiring information regarding the Council should contact: Benito Velazquez or Gladys Cate, Migrant Health Program, staff support to the National Advisory Council on Migrant Health, Bureau of Primary Health Care, Health Resources and Services Administration, 4350 East-West Highway, Bethesda, Maryland 20814, Telephone (301) 594-4064.

Dated: March 27, 2003.

Jane M. Harrison,

Director, Division of Policy Review and Coordination.

Submission for OMB Review; Comment Request: Request for Generic Clearance To Conduct Voluntary Customer/Partner Surveys

SUMMARY: Under the provisions of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the National Library of Medicine (NLM), the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request to review and approve the information collection listed below. This proposed information collection was previously published in the **Federal Register** on, December 6, 2002, in Volume 67, No. 235, page 72692 and allowed 60 days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Library of Medicine may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Proposed Collection

Title: Voluntary Customer Satisfaction Surveys.

Type of Information Collection

Request: Extension. OMB Control No. 0925-0476, with an expiration date of March 31, 2003.

Need and Use of Information

Collection: Executive Order 12962 directs agencies that provide significant services directly to the public to survey customers to determine the kind and quality of services they want and their level of satisfaction with existing services. Additionally, since 1994, the NLM has been a "Federal Reinvention Laboratory" with a goal of improving its methods of delivering information to the public. An essential strategy in accomplishing reinvention goals is the ability to periodically receive input and

feedback from customers about the design and quality of the services they receive.

The NLM provides significant services directly to the public including health providers, researchers, universities, other federal agencies, state and local governments, and to others through a range of mechanisms, including publications, technical assistance, and web sites. These services are primarily focused on health and medical information dissemination activities. The purpose of this submission is to obtain OMB's generic approval to conduct satisfaction surveys of NLM's customers. The NLM will use the information provided by individuals and institutions to identify strengths and weaknesses in current services and to make improvements where feasible. The ability to periodically survey NLM's customers is essential to continually update and upgrade methods of providing high quality service.

Frequency of Response: Annually or biennially.

Affected Public: Individuals or households; businesses or other for profit; state or local governments; Federal agencies; non-profit institutions; small businesses or organizations.

Type of Respondents: Organizations, medical researchers, physicians and other health care providers, librarians, students, and the general public.

Annual reporting burden is as follows:

Estimated Number of Respondents: 18,400.

Estimated Number of Responses per Respondent: 1.

Average Burden Hours Per Response: .122.

Estimated Total Annual Burden Hours Requested: 2246.

The annualized cost to respondents is estimated at \$30,256. There are no capital costs to report. There are no operating or maintenance costs to report.

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Ways to enhance the quality, utility, and clarity

of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Direct Comments to OMB: Written comments and/or suggestions regarding the item(s) in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, New Executive Office Building, Room 10235, Washington, DC 20503, Attention: Desk Officer for NIH. To request more information on the proposed collection of information contact: Ronald F. Stewart, National Library of Medicine, Building 38, Room 2N07, 8600 Rockville Pike, Bethesda, MD 20894, or call non-toll free number (301) 496-6491. you may also e-mail your request to: ron_stewart@mail.nlm.nih.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their effect if received within 30 days of the date of this publication.

Dated: March 26, 2003.

Jon G. Retzlaff,

Executive Officer, National Library of Medicine.

Proposed Collection; Comment Request; Pretesting of NCI Office of Communications Messages

SUMMARY: In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Cancer Institute (NCI), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Proposed Collection: Title: Pretesting of NCI Office of Communications Messages.

Type of Information Collection Request: EXTENSION (OMB# 0925-0046, expires 8/31/03).

Need and Use of Information Collection: In order to carry out NCI's legislative mandate to educate and

disseminate information about cancer prevention, detection, diagnosis, and treatment to a wide variety of audiences and organizations (e.g., cancer patients, their families, the general public, health providers, the media, voluntary groups, scientific and medical organizations), the NCI Office of Communications (OC) needs to pretest its communications strategies, concepts, and messages while they are under development. The primary purpose of this pretesting, or formative evaluation, is to ensure that the messages, communication materials, and information services created by OC have the greatest capacity of being received, understood, and accepted by their target audiences. By utilizing appropriate qualitative and quantitative methodologies, OC is able to (1) understand characteristics of the intended target audience—their attitudes, beliefs, and behaviors—and use this information in the development of effective communication tools and strategies; (2) produce or refine messages that have the greatest potential to influence target audience attitudes and behavior in a positive manner; and (3) expend limited program resource dollars wisely and effectively.

Frequency of Response: On occasion.

Affected Public: Individuals or households; businesses or other for profit; not-for-profit institutions; Federal Government; State, Local, or Tribal Government.

Type of Respondents: Adult cancer patients; members of the public; health care professionals; organizational representatives. The annual reporting burden is as follows:

Estimated Number of Respondents: 13,780;

Estimated Number of Responses per Respondent: 1;

Average Burden Hours Per Response: 1458, and

Estimated Total Annual Burden Hours Requested: 2,010.

There are no Capital Costs, Operating Cost, and/or Maintenance Costs to report.

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4)

Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Ellen Eisner, Consumer Research Manager, OC Director's Office, NCI, NIH, Building 31, Room 10A03, 9000 Rockville Pike, Bethesda, MD 20892, or call non-toll-free number (301) 435-7783 or e-mail your request, including your address to: eisnere@mail.nih.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

Dated: March 24, 2003.

Reesa Nichols,

Project Clearance Liaison, NCI.

Notice of Meeting; Interagency Autism Coordinating Committee

The National Institutes of Health (NIH) hereby announces a meeting of the Interagency Autism Coordinating Committee (IACC) to be held on May 13, 2003 on the NIH campus in Bethesda, Maryland.

The Children's Health Act of 2000 (Pub. L. 106-310), title I, section 104, mandated the establishment of an Interagency Autism Coordinating Committee (IACC) to coordinate autism research and other efforts within the Department of Health and Human Services (DHHS). In April 2001, Secretary Tommy Thompson delegated the authority to establish the IACC to the National Institutes of Health (NIH). The National Institute of Mental Health (NIMH) at the NIH has been designated the lead for this activity.

The IACC meeting will be open to the public, with attendance limited to space available. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the contact person listed below in advance of the meeting.

Name of Committee: Interagency Autism Coordinating Committee.
