**SUPPLEMENTARY INFORMATION:**  
*Title:* 30 CFR Part 227, Delegation to States.

*OMB Control Number:* 1010–0088.

*Bureau Form Number:* None.

*Abstract:* The Secretary of the U.S. Department of the Interior (DOI) is responsible for collecting royalties from lessees who produce minerals from leased Federal and Indian lands. The Secretary is required by various laws to manage mineral resources production on Federal and Indian lands, collect the royalties due, and distribute the funds in accordance with those laws. The Secretary also has an Indian trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. MMS performs the royalty management functions and assists the Secretary in carrying out DOI’s Indian trust responsibility.

The Federal Oil and Gas Royalty Simplification and Fairness Act of 1996 (RSFA), Public Law 104–185, as corrected by Public Law 104–200, amends the Federal Oil and Gas Royalty Management Act of 1982 (FOGRMA), 30 U.S.C. 1701 *et seq.* Prior to enactment of RSFA, section 205 of FOGRMA, 30 U.S.C. 1735, provided for the delegation of audits, inspections, and investigations to the States. RSFA amends to section 205 of FOGRMA provided that other Federal royalty

management functions may also be delegated to requesting States. RSFA authorized the following Federal royalty management functions to States:

- a. Conducting audits and investigations;
- b. Receiving and processing production and royalty reports;
- c. Correcting erroneous report data;
- d. Performing automated verification; and
- e. Issuing demands, subpoenas (except for solid mineral and geothermal leases), orders to perform restructured accounting, and related tolling agreements and notices to lessees or their designees.

Currently, 10 States have delegation agreements to perform audits and investigations, which is the same function previously authorized under FOGRMA in 1982. Since the passage of RSFA and publication of the final rule on August 12, 1997, no States have proposed a delegation agreement to assume the four additional functions authorized by RSFA. When a State performs any of the delegated functions under the 30 CFR part 227 regulations, the State also assumes the burden of providing various types of information to MMS. This information, provided to MMS in the course of performing the work of the delegated functions, is the focus of this information collection.

The requirement to respond is mandatory. If a State were to perform the function of processing royalty and production reports, that State would submit proprietary data to MMS, and both the State and MMS are required to safeguard and protect proprietary data. No items of a sensitive nature are collected.

*Frequency of Response:* Depending on the function being performed, information can be daily, monthly, quarterly, or annually.

*Estimated Number and Description of Respondents:* 10 States currently have delegation agreements to do audits and investigations. We estimated that one State per year may request to perform the four additional functions authorized by RSFA.

*Estimated Annual Reporting and Recordkeeping “Hour” Burden:* 4,179 hours.

The following chart shows the breakdown of the estimated burden hours by CFR section and paragraph:

*Estimated Annual Reporting and Recordkeeping “Non-hour Cost”*

**Burden:** The non-hour cost burden for one State to assume the four additional functions authorized by RSFA is estimated at \$60,000 for electronic processing and imaging capability.

**Comments:** The PRA (44 U.S.C. 3501, *et seq.*) provides an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency “\* \* \* to provide notice \* \* \* and otherwise consult with members of the public and affected agencies concerning each proposed collection of information \* \* \*.” Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The PRA also requires agencies to estimate the total annual reporting non-hour cost burden to respondents or recordkeepers resulting from the collection of information. The non-hour cost burden for one State to assume the four additional functions authorized by RSFA is estimated at \$60,000 for electronic processing and imaging capability. If you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs

include, among other items, computers and software you purchase to prepare for collecting information; monitoring, sampling, testing equipment; and record storage facilities. Generally, your estimates should not include equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our ICR submission for OMB approval, including appropriate adjustments to the estimated burden. We will provide a copy of the ICR to you without charge upon request, and the ICR will also be posted on our Web site at [http://www.mrm.mms.gov/Laws\\_R\\_D/FRNotices/FRInfColl.htm](http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm).

**Public Comment Policy:** We will post all comments in response to this notice on our Web site at [http://www.mrm.mms.gov/Laws\\_R\\_D/FRNotices/FRInfColl.htm](http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm). We will also make copies of the comments available for public review, including names and addresses of respondents, during regular business hours at our offices in Lakewood, Colorado. Individual respondents may request we withhold their home address from the public record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the rulemaking record a respondent’s identity, as allowable by law. If you request that we withhold your name and/or address, state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.
