II. Contractor Requirements

Under Contract No. 68-C0-2009, ICF and its subcontractors RTI, Sci Comm, Inc., and Appl, Inc., will perform the following tasks:

1. *Human health.* The contractor shall prepare summaries of peer-reviewed literature on toxic and clinical endpoints, as specified in a work assignment; screening analyses that display and compare all available data for a pollutant, and build on the summaries; analyses for the purpose of supporting findings; and evaluate, and revise health effects documents.

2. *Sewage sludge.* The contractor shall provide technical support in the preparation, evaluation, and revision of procedures for selecting pollutants-of-

concern in sewage sludge that is used or disposed of, and shall provide technical support during the evaluation of those pollutants.

3. *Laboratory analyses and laboratory/field studies.* The contractor shall analyze samples (e.g., water waste, surface water, drinking water, or sewage sludge) for pollutants to support development of water quality criteria, maximum contaminate level goals, sewage sludge pollutant limits, and other program requirements, as specified in a work assignment.

OPP has determined that access by ICF and its subcontractors RTI, Sci Comm, Inc., and Appl, Inc., to information on all pesticide chemicals is necessary for the performance of this contract.

Some of this information may be entitled to confidential treatment. The information has been submitted to EPA under sections 3, 4, 6, and 7 of FIFRA and under sections 408 and 409 of FFDCA.

In accordance with the requirements of 40 CFR, 2.307(h)(3), this contract with ICF and its subcontractors RTI, Sci Comm, Inc., and Appl, Inc., prohibits use of the information for any purpose not specified in the contract; prohibits disclosure of the information to a third party without prior written approval from the Agency; and requires that each official and employee of the subcontractor sign an agreement to protect the information from unauthorized release and to handle it in accordance with the FIFRA Information Security Manual. In addition, ICF and its subcontractors RTI, Sci Comm, Inc., and Appl, Inc., are required to submit for EPA approval a security plan under which any CBI will be secured and protected against unauthorized release or compromise. No information will be provided to ICF and its subcontractors RTI, Sci Comm, Inc., and Appl, Inc., until the requirements in this document have been fully satisfied. Records of information provided under this contract will be maintained by EPA Project Officers for this contract. All information supplied to, ICF and its subcontractors RTI, Sci Comm, Inc., and Appl, Inc., by EPA for use in connection with this contract will be returned to EPA when ICF and its subcontractors RTI, Sci Comm, Inc., and Appl, Inc., have completed their work.

II. Contractor Requirements

1. Under Contract No. 68-W0-0070, the contract shall require the contractor to research, evaluate, and analyze data and information pertaining to the ecotoxicity of pesticides and concentrations of pesticides in the environment—including soil, water, wildlife food items such as foliage and insects, and to complete ecological risk assessments as specified in the Statement of Work. Assessments completed by the contractor shall analyze all valid and adequate data, including data studies retrieved from the open literature, as well as any ecological toxicity documents provided by registrants or other governmental bodies and present in detailed summary of the results.

2. Under Contract No. 68-W0-0171, this contract will provide support primarily in the area of review and evaluation of available data pertaining to the chemistry and fate of pesticides

in the environment (including the evaluation of environmental monitoring data), and, secondarily, the assessment of pesticide fate and transport in the environment. It may require the contractor, on occasion, to conduct research to understand science issues, support scientific workshops, conduct analyses of issues and provide science policy options. EPA's Environmental Fate and Evaluation Division (EFED) will make available to the contractor the data, studies, and information which is to be reviewed.

These contracts involve no subcontractors.

OPP has determined that the contracts described in this document involve work that is being conducted in connection with FIFRA, in that pesticide chemicals will be the subject of certain evaluations to be made under the contracts. These evaluations may be used in subsequent regulatory decisions under FIFRA.

Some of this information may be entitled to confidential treatment. The information has been submitted to EPA under sections 3, 4, 6, and 7 of FIFRA and under sections 408 and 409 of FFDCA.

In accordance with the requirements of 40 CFR 2.307(h)(3), the contracts with Dynamac Corporation, prohibits use of the information for any purpose not specified in these contracts; prohibits disclosure of the information to a third party without prior written approval from the Agency; and requires that each official and employee of the contractor sign an agreement to protect the information from unauthorized release and to handle it in accordance with the FIFRA Information Security Manual. In addition, Dynamac Corporation is required to submit for EPA approval a security plan under which any CBI will be secured and protected against unauthorized release or compromise. No information will be provided to Dynamac Corporation until the requirements in this document have been fully satisfied. Records of information provided to Dynamac Corporation will be maintained by EPA Project Officers for these contracts. All information supplied to Dynamac Corporation by EPA for use in connection with these contracts will be returned to EPA when Dynamac Corporation has completed its work.
