

Caliente MFP, which would identify specific sections of land as available for disposal. This action would be needed to dispose of 640 acres in the Toquop area through sale or exchange. This document also evaluates the effects of an exchange of 640 acres in the Toquop area for 640 acres of private land located in the Pah Rah Range in Washoe County in northwestern Nevada. Federal actions addressed in the accompanying document are the BLM's issuance of rights-of-way needed to construct and operate the Toquop Energy Project and an amendment of the Caliente MFP to identify specific public lands as available for disposal through sale or facilitation of a land exchange as it relates to the proposed project. This Final EIS satisfies the National Environmental Policy Act, which mandates that federal agencies analyze the environmental consequences of major undertakings. The agency preferred alternative is the selected alternative for the proposed plan and Final EIS. The preferred alternative includes a proposed Toquop Land Disposal Amendment to the Caliente MFP, water-cooled power plant, western utility alignment ROW, wellfield ROW, and access road ROW, southern power plant site ROW, Toquop land disposal (southern parcel) through exchange. In addition to the proposed action, three other alternatives were developed for the Toquop Land Disposal Amendment to the Caliente MFP and Toquop Energy Project. The document contains a summary of the decisions and resulting impacts, an overview of the planning process and planning issues, the Proposed Plan Amendment, comment letters and responses and verbal comments received during public review of the Draft Plan Amendment and Toquop Energy Project, and responses to the substantive issues raised during the review.

The proposed Toquop Land Disposal Amendment to the Caliente Management Framework Plan may be protested by any person who participated in the planning process, and who has an interest which is or may be, adversely affected by the approval of the proposed plan amendment. A protest may raise only those issues which were submitted for the record during the planning process (*see* 43 Code of Federal Regulations 1610.5-2). The protest shall contain the following information:

- The name, mailing address, telephone number, and interest of the person filing the protest.
- A statement of the issue or issues being protested.

- A statement of the part or parts of the document being protested.
- A copy of all documents addressing the issue or issues previously submitted during the planning process by the protesting party, or an indication of the date the issue or issues were discussed for the record.
- A concise statement explaining precisely why the Bureau of Land Management, Nevada State Directors' decision is wrong.

Upon resolution of any protests, an Approved Plan Amendment and Record of Decision will be issued for the plan amendment. The Approved Plan Amendment/Record of Decision will be mailed to all individuals who participated in this planning process and all other interested public upon their request.

Mailing address for filing a protest:

Regular Mail
