

concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

The EA assesses the potential environmental effects of:

- Abandoning in place a 5,850-foot-long segment of pipeline on the north side of Clackamas River;
- Abandoning by removal a 370-foot-long segment of pipeline in the Clackamas River. No disturbance of Northwest's parallel 20-inch-diameter loop is required;
- Abandoning in place a 1,267-foot-long segment of pipeline on the south side of the Clackamas River; and
- Constructing and operating a temporary pig launching facility within the existing fenced-in yard of the Southeast Portland Meter Station and a temporary pig receiving facility just north of the Oregon City Compressor Station.

The purpose of the proposed project is to remove a hazard (an exposed pipeline) from the Clackamas River.

### Regulations Governing Off-the-Record Communications; Public Notice

April 7, 2003.

This constitutes notice, in accordance with 18 CFR 385.2201(h), of the receipt

of exempt and prohibited off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive an exempt or a prohibited off-the-record communication relevant to the merits of a contested on-the-record proceeding, to deliver a copy of the communication, if written, or a summary of the substance of any oral communication, to the Secretary.

Prohibited communications will be included in a public, non-decisional file associated with, but not part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such requests only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication should serve the document on all parties listed on the official service list for the applicable proceeding in accordance with rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications will be included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of prohibited and exempt communications recently received in the Office of the Secretary. The communications listed are grouped by docket numbers.
