Abstract: The regulations in 9 CFR parts 1 through 3 were promulgated under the Animal Welfare Act (the Act) (7 U.S.C. 2131 *et. seq.*) to ensure the humane handling, care, treatment, and transportation of regulated animals under the Act. The Act and regulations are enforced by USDA's Animal and Plant Health Inspection Service (APHIS).

The regulations in 9 CFR part 3, subparts A, D, and E cover dogs and cats, nonhuman primates, and marine mammals, respectively. Subpart F of 9 CFR part 3 covers warmblooded animals other than dogs, cats, nonhuman primates, marine mammals, rabbits, guinea pigs, and hamsters. Regulated facilities are required to keep certain records and provide specific information regarding APHIS' space, transportation, exercise plan, and

perimeter fence requirements. We review this information to evaluate program compliance.

The reporting and recordkeeping requirements of 9 CFR part 3, subparts A, D, E, and F do not mandate the use of any official government form.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, *e.g.*, permitting electronic submission of response.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.48266615 hours per response.

Respondents: Dealers, exhibitors, research facilities, carriers, and intermediate handlers.

Estimated annual number of respondents: 8,190.

Estimated annual number of responses per respondent: 8.833211233.

Estimated annual number of responses: 72,344.

Estimated total annual burden on respondents: 34918 hours (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
