

securities exchanges, receives CTA revenue from transactions in listed securities under the terms of the CTA Plan ("Plan"). In past years, the Securities Industry Automation Corporation ("SIAC"), which administers the collection and distribution of market data under the Plan, and the Plan Administrators, which administer, among other things, the accompanying revenue distribution to Plan participants, worked together so that all of the Plan costs were deducted from the total tape revenue pool, with each Plan participant then receiving the remaining portion of the revenues allocable to that participant. These methods are now changing and, beginning in 2003, the Plan Administrators will divide up the total revenue pool according to the Plan's terms and distribute the allocable revenues to each participant (less the Administrators' costs), and SIAC will then bill each participant for its portion of the SIAC costs.

The Exchange proposes to amend to its Schedule to ensure that the change in Plan billing methods does not have an inadvertent impact on the current method for providing tape-based credits to the Exchange's specialists, floor brokers and lead market makers. The Exchange's Schedule currently provides, for example, that the credits available to specialists are based on the "applicable percentage of CHX tape revenue from the Consolidated Tape Association generated by a particular stock." The Exchange proposes to amend this text—and the text describing the Exchange's other tape credit programs—that confirms that the revenues shared with Exchange members are those calculated after the deduction of Plan costs.

## 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act<sup>6</sup> in that it provides for the equitable allocation of reasonable dues, fees and other charges among its members.

### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others*

The Exchange has not solicited or received any written comments on this proposal.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change establishes or changes a due, fee, or charge imposed by the Exchange and, therefore, has become effective upon filing pursuant to Section 19(b)(3)(A)(ii) of the Act<sup>7</sup> and Rule 19b-4(f)(2) thereunder.<sup>8</sup> At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purpose of the Act.

### **IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609.
