[Project No. 5044]

Avondale Mills, Inc.; Notice of Authorization for Continued Project Operation

April 16, 2003.

On April 2, 2001, Avondale Mills, Inc., licensee for the Sibley Mill Project No. 5044, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 5044 is located on the Augusta Canal in the City of Augusta, Richmond County, Georgia.

The license for Project No. 5044 was issued for a period ending March 31, 2003. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in Section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of Section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the

Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to Section 15 of the FPA, notice is hereby given that an annual license for Project No. 5044 is issued to Avondale Mills, Inc. for a period effective April 1, 2003, through March 31, 2004, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before April 1, 2004, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under Section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to Section 15 of the FPA, notice is hereby given that Avondale Mills, Inc. is authorized to continue operation of the Sibley Mill Project No. 5044 until such time as the Commission acts on its application for subsequent license.

Enbridge Pipelines (Louisiana Intrastate) L.L.C.; Notice of Extension of Time

April 16, 2003.

On April 10, 2003, Enbridge Pipelines (Louisiana Intrastate) L.L.C. (Louisiana Intrastate) filed a motion for an extension of time for the filing of comments, protests, and interventions, in the above-docketed proceeding. The proceeding concerns a Louisiana Intrastate petition for rate approval under Section 311 of the Natural Gas Act and the Commission's rules. The petition was filed on March 19, 2003. Louisiana Intrastate's current motion for extension of time states that certain cost information contained in that filing was incorrect or incomplete and that an amendment containing new information will be filed that will supercede the petition currently on file. The motion also states that requiring parties to review and respond to a flawed and incomplete filing would be a waste of resources. Further, the motion states that an extension of time will allow for a more efficient administration of this proceeding.

Upon consideration, notice is hereby given that the extension of time for filing comments, interventions, or protests is granted. The new deadline for the filing of comments, interventions, or protests will be established in a subsequent Notice of
