

treatment would apply to such apparel articles from fabrics or yarns designated by the appropriate U.S. government authority in the Federal Register. In Executive Order 13191, the President authorized the Committee to determine whether particular yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA.

On December 18, 2002, the Committee received a request alleging that certain fabrics, classified in subheadings 5210.21 and 5210.31 of the Harmonized Tariff Schedule of the United States (HTSUS), not of square construction, containing more than 70 warp ends and filling picks per square centimeter, of average yarn number exceeding 70 metric, used in the production of women's and girls' blouses, cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA and requesting that women's and girls' blouses from such fabrics be eligible for preferential treatment under the CBTPA. On December 24, 2002, the Committee requested public comment on the petition (67 FR 78424). On January 9, 2003, the Committee and the U.S. Trade Representative (USTR) sought the advice of the Industry Sector Advisory Committee for Wholesaling and Retailing and the Industry Sector Advisory Committee for Textiles and Apparel. On January 9, 2003, the Committee and USTR offered to hold consultations with the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate (collectively, the Congressional Committees). On January 29, 2003, the U.S. International Trade Commission provided advice on the request. Based on the information and advice received and its understanding of the industry, the Committee determined that the fabrics set forth in the request cannot be supplied by the domestic industry in commercial quantities in a timely manner. On February 14, 2003, the Committee and USTR submitted a report to the Congressional Committees that set forth the action proposed, the reasons for such action, and advice obtained. A period of 60 calendar days since this report was submitted has expired, as required by the CBTPA.

The Committee hereby designates as eligible for preferential treatment under subheading 9820.11.27 of the HTSUS, women's and girls' blouses, that are both cut and sewn or otherwise assembled in one or more eligible beneficiary CBTPA countries, from fabrics, classified in subheadings 5210.21 and 5210.31 of the HTSUS, not of square construction, containing more

than 70 warp ends and filling picks per square centimeter, of average yarn number exceeding 70 metric, not formed in the United States, provided that all other fabrics are wholly formed in the United States from yarns wholly formed in the United States, that are imported directly into the customs territory of the United States from an eligible beneficiary CBTPA country. An article otherwise eligible for preferential treatment under this designation shall not be ineligible for such treatment because the article contains findings, trimmings, certain interlinings or de minimis foreign yarn, as specified in Section 213(b)(2)(A)(vii)(I), (II), and (III) of the CBTPA.

An "eligible beneficiary CBTPA country" means a country which the President has designated as a CBTPA beneficiary country under section 213(b)(5)(B) of the CBERA (19 U.S.C. 2703(b)(5)(B)) and which has been the subject of a finding, published in the Federal Register, that the country has satisfied the requirements of section 213(b)(4)(A)(ii) of the CBERA (19 U.S.C. 2703(b)(4)(A)(ii)) and resulting in the enumeration of such country in U.S. note 1 to subchapter XX of chapter 98 of the HTSUS.

D. Michael Hutchinson,

Acting Chairman, Committee for the Implementation of Textile Agreements.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Proposed Information Collection: Comment Request

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (hereinafter the "Corporation"), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3508 (c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, the Corporation is soliciting comments concerning its proposed revision of its AmeriCorps*NCCC Service Project Application form. Copies of the information collection requests can be obtained by contacting the office below in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section on or before June 27, 2003.

ADDRESSES: Send comments to the Corporation for National and Community Service, Attn: Mr. William M. Ward, AmeriCorps*NCCC, 1201 New York Ave., NW., Washington, DC 20525.

FOR FURTHER INFORMATION CONTACT: William M. Ward, e-mail Wward@cns.gov, (202) 606-5000, ext. 375, TDD (202) 565-2799.

SUPPLEMENTARY INFORMATION: The Corporation for National and Community Service is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Corporation, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Background

This form has been used by community non-profit organizations, small community and faith based organizations, government agencies, and other prospective service project sponsors in the submission of proposed service projects for consideration by the AmeriCorps*National Civilian Community Corps.

Current Action

The Corporation seeks renewal of the current form. The revised form will incorporate lessons learned since program inception and will be used for the same purpose as the existing form. The current form is due to expire December 31, 2003.

Type of Review: Renewal.
Agency: Corporation for National and Community Service.

Title: AmeriCorps*NCCC Service Project Application.

OMB Number: 3045-0010.

Agency Number: N/A.

Affected Public: Various non-profit organizations/project sponsors.

Total Respondents: 900.

Frequency: Annually.

Average Time Per Response: 4 hours.

Estimated Total Burden Hours: 3600 hours.

Total Burden Cost (capital/startup): N/A.

Total Burden Cost (operating/maintenance): N/A.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated: April 22, 2003.

Wendy Zenker,

*Director, AmeriCorps*NCCC.*

DELAWARE RIVER BASIN COMMISSION

Notice of Commission Meeting and Public Hearing

Notice is hereby given that the Delaware River Basin Commission will hold an informal conference followed by a public hearing on Thursday, May 8, 2003. The hearing will be part of the Commission's regular business meeting. Both the conference session and business meeting are open to the public and will be held at the Commission's offices at 25 State Police Drive, West Trenton, New Jersey.

The conference among the commissioners and staff will begin at 9:30 a.m. Topics of discussion will include: an update on development of the Water Resources Plan for the Delaware River Basin, including feedback from the commissioners regarding member "sign-on;" a report by a representative of The Nature Conservancy concerning development of an ecological flow strategy for the Upper Delaware River Basin; a report on Flow Management Technical Advisory Committee activities; a report on the PCB Expert Panel and Toxics Advisory Committee meetings of March 20-21, 2003 and the TMDL stakeholder briefing of April 29, 2003; a presentation on New Jersey's Blueprint for Intelligent Growth (BIG) map and its relationship to water

resources management; and a proposal for renewal of the Commission's contract with the Northeast-Midwest Institute.

The dockets scheduled for the public hearing to be held during the 1 p.m. business meeting are as follows:

1. *Baer Aggregates, Inc. D-90-18 RENEWAL.* A renewal of a ground water withdrawal project to supply up to 38 million gallons (mg)/30 days of water to the applicant's manufacturing plant from existing Wells Nos. 1, 2, 3 and 4. Well No. 1 is completed in glacial drift sediments; Wells Nos. 2, 3 and 4 are completed in the Kittatinny Limestone Formation. No increase in allocation is proposed. The project is located in Pohatcong Township, Warren County, New Jersey.

2. *Grand View Hospital D-92-63 CP RENEWAL.* A renewal of a ground water withdrawal project with an increase from 3.6 mg/30 days to 4.32 mg/30 days to supply the applicant's health care facility from existing Wells Nos. 1, 3, 4 and 5 in the Brunswick formation. The project is located in the East Branch Perkiomen Creek Watershed, in West Rockhill Township, Bucks County, in the Southeastern Pennsylvania Ground Water Protected Area.

3. *Westampton Property Associates D-94-6 RENEWAL.* A renewal of a ground water and surface water withdrawal project to continue withdrawal of 6.7 mg/30 days to supply the applicant's Deerwood Country Club golf course from existing Wells Nos. 1 and 2 and proposed Well No. 3 (all in the Englishtown Formation) to be conjunctively used with 3 existing surface water intakes, all in the Assiscunk Creek Watershed. The project is located in Westampton Township, Burlington County, New Jersey.

4. *Township of West Deptford D-99-56 CP.* A project to withdraw up to 17 mg/30 days of surface water from an intake on the tidal Delaware River in Water Quality Zone 4 to provide water for the development known as The Riverwinds at West Deptford, located in West Deptford Township, Gloucester County, New Jersey. The applicant proposes to withdraw this water for a residential and commercial development, including an 18-hole public golf course.

5. *Aventis Pasteur Inc. D-99-71.* A project to expand the capacity of the applicant's existing 0.2 million gallon per day (mgd) industrial wastewater treatment plant (IWTP) to 0.35 mgd utilizing Best Available Technology economically achievable. The original application was for an expansion to 0.45 mgd, but a reduction of flow was realized mainly due to conservation

measures. The IWTP will continue to serve the applicant's vaccine production facility located off State Route 314 in Pocono Township, Monroe County, Pennsylvania. Treated effluent will continue to be discharged to Swiftwater Creek, a tributary of Paradise Creek in the Brodhead Creek Watershed, and to a proposed on-site seasonal spray irrigation disposal area.

6. *Consumers New Jersey Water Company D-2000-37 CP.* A ground water withdrawal project to supply 30 mg/30 days on a permanent basis, with an additional, temporary (approximately five years) ground water supply allocation of 61 mg/30 days to the applicant's Woolwich public water distribution system. The temporary allocation of 61 mg/30 days is valid until December 31, 2007 or until an alternate supply of surface water is made available under a Consumers New Jersey Water Company (NJWC)/New Jersey American Water Company (NJAWC) agreement. The ground water will be provided through Wells Nos. 1 through 7 in the Upper Potomac-Raritan-Magothy Aquifer in the Raccoon Creek and Oldman's Creek Watersheds. The project is located in Woolwich Township, Gloucester County, New Jersey.

7. *Philadelphia Suburban Water Company D-2002-1 (CP).* A ground water withdrawal project to supply up to 17.4 mg/30 days of water to the applicant's public water supply system from new Well No. EP-A in the Triassic Limestone Fanglomerate Formation. The project is located in the Schuylkill River Watershed in Cumru Township, Berks County, Pennsylvania.

8. *Nature's Way Purewater Systems, Inc. D-2002-44.* A ground water withdrawal project to supply up to 4.189 mg/30 days of water for exportation to the applicant's bottling facility from new Wells Nos. BH-1 and BH-2 in the Mauch Chunk Formation. The project is located in the Linesville Creek Watershed in Foster Township, Luzerne County, Pennsylvania.

9. *Nestlé Waters North America, Inc. D-2002-45.* A ground water withdrawal project to supply up to 7.0 mg/30 days of water to the applicant's bottled water facility from new Well No. PW-1 in the Epler Formation. The project is located in the Iron Run Watershed in Upper Macungie Township, Lehigh County, Pennsylvania.

10. *Camp French Woods D-2003-1.* A project to expand a 33,750 gallon per day (gpd) Sewage Treatment Plant (STP) to process 48,000 gpd, while continuing to provide tertiary level of treatment. The project is necessary to serve the increased number of seasonal residents
