NATIONAL SCIENCE FOUNDATION

Advisory Committee for Education and Human Resources; Notice of Meeting

In accordance with the Federal Advisory Committee Act (Pub. L. 92-463, as amended), the National Science Foundation announces the following meeting.

Name: Advisory Committee for Education and Human Resources (#1119).

Date and Time: May 14, 8:30 a.m.–6 p.m.;

May 15, 8:30 a.m.–3 p.m.

Place: National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230.

Type of Meeting: Open.

Contact Person: Sheila R. Tyndell, Staff Assistant, Directorate for Education and Human Resources, National Science Foundation, 4201 Wilson Boulevard, Room 805, Arlington, VA 22230, 703-292-8601.

Summary Minutes: May be obtained from contact person listed above.

Purpose of Meeting: To provide advice and recommendations concerning NSF support for Education and Human Resources.

Agenda: Discussion of FY 2003 programs of the Directorate for Education and Human Resources and planning for future activities.

Dated: April 22, 2003.

Susanne Bolton,

Committee Management Officer.

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 72-15 and 50-219; License No. DPR-16]

Amergen Energy Company, LLC., Oyster Creek Generating Station; Notice of Issuance of Director's Decision

Notice is hereby given that the Director, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission (NRC), has issued a Director's Decision with regard to a petition dated June 21, 2002, filed by Ms. Edith Gbur of the Jersey Shore Nuclear Watch, *et al.*, hereinafter

referred to as the "petitioners." The Petition concerns the operation of AmerGen Energy Company's Oyster Creek Independent Spent Fuel Storage Installation (ISFSI). The petitioners requested NRC to take the following actions:

1. Suspend Certificate of Compliance (CoC) No. 1004 for the NUHOMS dry spent fuel storage system.

2. Halt transfer of spent fuel from wet pool storage to dry storage modules at the Oyster Creek Generating Station (Oyster Creek).

3. Conduct a site-specific public hearing before independent judges on the dry cask licensing proceeding for Oyster Creek and other nuclear issues identified in the petition.

4. Make a determination of the NUHOMS' capability to withstand terrorist attacks similar to those on September 11, 2001.

5. Develop criteria and regulations to empirically verify dry storage system capability and to apply those requirements to Oyster Creek.

6. Halt loading until a thorough inspection of the total system has been completed to verify that the NUHOMS modules were fabricated properly and will last the design life.

As the basis for the request, the petitioners presented safety concerns in the following areas:

1. Location of the Oyster Creek independent spent fuel storage installation (ISFSI) relative to local roads and communities;

2. Ability of the NUHOMS dry spent fuel storage system to survive a sabotage attack;

3. Adequacy of Oyster Creek security measures for fuel-handling activities;

4. Adequacy of the Oyster Creek emergency evacuation plan; and

5. Quality of the NUHOMS systems planned for use at Oyster Creek.

The petitioners addressed the NRC Petition Review Board in a teleconference on July 18, 2002, to clarify the bases for the petition. The meeting was held to provide the petitioners and licensee an opportunity to present additional information and to clarify issues raised in the petition. Subsequently, the petitioners sent NRC a series of form letters signed by various members of the public in August 2002, to demonstrate additional support for the petition. On November 8, 2002, NRC received additional form letters forwarded by the petitioners. The NRC sent a copy of the proposed Director's Decision to the petitioners and AmerGen for comment on December 10, 2002. The petitioners responded with comments by e-mails dated February 6, March 5, 10, and 19, 2003. The

comments and the staff responses to them are available electronically through NRC's Public Electronic Reading Room at <http://www.nrc.gov/reading-rm/adams.html> under docket number 07200015.

The Director of the Office of Nuclear Material Safety and Safeguards has determined that the six requests of the petitioner are denied. The reasons for this decision are explained in the Director's Decision pursuant to 10 CFR 2.206 [DD-03-01], the complete text of which is available in ADAMS for inspection at the Commission's Public Document Room, located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland, and via the NRC's Web site (<http://www.nrc.gov>) on the World Wide Web, under the "Public Involvement" icon.

The Director's Decision addressed the petitioner's requested actions as follows:

1. Suspend CoC No. 1004 for the NUHOMS dry spent fuel storage system, halt transfer of spent fuel from wet pool storage to dry storage modules at Oyster Creek, and halt loading of all NUHOMS systems until a thorough inspection has been completed to verify compliance with fabrication requirements.

The NRC staff found no safety basis for NRC immediately suspending CoC No. 1004 and prohibiting transfer of spent fuel from wet pool storage to dry storage modules at Oyster Creek, but would continue to consider the request as our safety review proceeded. Based on the staff's safety review, as detailed in the Director's Decision, NRC found no basis for suspending CoC No. 1004 nor disallowing transfer of spent fuel from wet storage to dry storage at Oyster Creek.

2. Conduct a site-specific public hearing before independent judges on the dry cask licensing proceeding for Oyster Creek and other nuclear issues identified in the petition.

Based on the staff's review, as detailed in the Director's Decision, NRC found no basis to conduct a hearing on the Oyster Creek ISFSI activities nor for the other concerns identified in the petition.

3. Make a determination of the NUHOMS's capability to withstand terrorist attacks similar to those on September 11, 2001.

The NRC, other Federal, State, and local agencies, and the nuclear industry has implemented a significant number of measures to prevent and mitigate terrorist attacks similar to those on September 11, 2001. These measures are summarized in the Director's Decision. In addition, although dry spent fuel storage systems are not specifically assessed as to their ability to withstand

the impact of a commercial aircraft, the design of the storage systems must have the capability to provide for the protection of public health and safety against naturally occurring events. This includes flying debris from tornadoes or hurricanes, and seismic events. To provide this level of protection, the design must be robust. This robustness prevents the dispersion of radioactive materials under analyzed accident conditions. The inherent robustness of the design will limit the release of radioactive materials under a terrorist attack, and continue to protect public health and safety.

4. Develop criteria and regulations to empirically verify dry storage system capability and to apply those requirements to the Oyster Creek storage design prior to approval.

The NRC technical review includes evaluating storage design characteristics such as structural, thermal, radiation shielding, radioactive material confinement, nuclear criticality, material interactions, and overall performance. As discussed in the Director's Decision, the NUHOMS design has been analyzed using industry standards for material characteristics based on empirical data for design life performance. Dry storage systems are evaluated using conservative analysis and assumptions to store the spent fuel safely for a design life of 20 years, at a minimum.

A copy of the Director's Decision will be filed with the Secretary of the Commission for the Commission's review in accordance with 10 CFR 2.206 of the Commission's regulations. As provided for by this regulation, the Director's Decision will constitute the final action of the Commission 25 days after the date of the decision, unless the Commission, on its own motion, institutes a review of the Director's Decision in that time.

Dated at Rockville, Maryland, this 17th day of April, 2003.

For the Nuclear Regulatory Commission.

Martin J. Virgilio,

Director, Office of Nuclear Material Safety and Safeguards.

SECURITIES AND EXCHANGE COMMISSION

[Investment Company Act Release No. 26008; 812-12782]

SEI Index Funds, et al.; Notice of Application

April 22, 2003.

AGENCY: Securities and Exchange Commission ("Commission").

ACTION: Notice of an application for an order under section 12(d)(1)(j) of the Investment Company Act of 1940 (the "Act") for an exemption from sections 12(d)(1)(A) and (B) of the Act, under sections 6(c) and 17(b) of the Act for an exemption from section 17(a) of the Act, and under section 17(d) of the Act and rule 17d-1 under the Act to permit certain joint transactions.

SUMMARY OF THE APPLICATION: The requested order would permit certain registered open-end management investment companies to invest uninvested cash and cash collateral in affiliated money market funds in excess of the limits in sections 12(d)(1)(A) and (B) of the Act.

APPLICANTS: SEI Index Funds, SEI Tax Exempt Trust, SEI Liquid Asset Trust, SEI Daily Income Trust, SEI Institutional Managed Trust, SEI Institutional International Trust, SEI Institutional Investments Trust, SEI Insurance Products Trust and SEI Asset Allocation Trust (collectively, the "Trusts"), on behalf of their portfolios (collectively, the "Funds"), and SEI Investments Management Corporation ("SIMC").

FILING DATES: The application was filed on February 15, 2002, and amended on April 15, 2003.

HEARING OR NOTIFICATION OF HEARING: An order granting the requested relief will be issued unless the Commission orders a hearing. Interested persons may request a hearing by writing to the Commission's Secretary and serving applicants with a copy of the request, personally or by mail. Hearing requests should be received by the Commission by 5:30 p.m. on May 16, 2003, and should be accompanied by proof of service on applicants, in the form of an affidavit or, for lawyers, a certificate of service. Hearing requests should state the nature of the writer's interest, the reason for the request, and the issues contested. Persons who wish to be notified of a hearing may request notification by writing to the Commission's Secretary.

ADDRESSES: Secretary, Commission, 450 Fifth Street, NW., Washington, DC, 20549-0609. Applicants, c/o Leslie Cruz, Esq., Morgan, Lewis & Bockius LLP, 1111 Pennsylvania Avenue, NW., Washington, DC 20004.

FOR FURTHER INFORMATION CONTACT: Emerson S. Davis, Sr., Senior Counsel, at (202) 942-0714, or Nadya B. Roytblat, Assistant Director, at (202) 942-0564, (Division of Investment Management, Office of Investment Company Regulation).

SUPPLEMENTARY INFORMATION: The following is a summary of the application. The complete application may be obtained for a fee at the Commission's Public Reference Branch, 450 Fifth Street, NW., Washington, DC 20549-0102 (tel. 202-942-8090).

Applicants' Representations

1. Each Trust is a Massachusetts business trust registered under the Act as an open-end management investment company and currently consists of multiple Funds. Certain Funds hold themselves out to the public as money market funds and comply with the requirements of rule 2a-7 under the Act (together with any future money market Funds, the "Money Market Funds").¹

¹ Applicants request that the relief also apply to any future Fund and any other registered open-end management investment company or series thereof (i) advised by SIMC or any successor or any person controlling, controlled by or under common control with SIMC (together, the "Advisers") or for which SEI Investment Distribution Co. ("SIDCo.") or any successor or any person controlling, controlled by or under common control with SIDCo, serves as principal underwriter or for which SEI Investments Fund Management ("SEI Management") or any successor or any person controlling, controlled by or under common control with SEI Management serves as the administrator, and (ii) which is part of the "same group of investment companies," as the term is defined in section 12(d)(1)(G)(ii) of the Act, as the Trusts (collectively, the "Future
