

a violation or potential violation of a contract, the relevant record may be disclosed to the appropriate agency, whether Federal, State, local, foreign, or international, charged with the responsibility of investigating or prosecuting such violation, enforcing or implementing such statute, rule, regulation, or order, or with enforcing such contract.

* * * * *

(d) A record may be disclosed to appropriate officials and employees of a Federal agency or entity in connection with the assignment, hiring, or retention of an individual; the issuance, renewal, suspension, or revocation of a security clearance; the execution of a security or suitability investigation; the letting of a contract, or the issuance or revocation of a grant or benefit by such an entity, to the extent that the information is relevant and necessary to that entity's decision on the matter.

* * * * *

(j) A record may be disclosed to any Federal, State, local, tribal, foreign, international, or professional licensing agency or association in connection with that entity's decision regarding the suitability or eligibility of an individual for a license or permit.

(k) A record may be disclosed to appropriate officers and employees of State or local (including the District of Columbia) law enforcement or detention agencies in connection with the hiring or continued employment of an employee or contractor where the employee or contractor would occupy or occupies a position of public trust as a law enforcement officer or detention officer having direct contact with the public or with prisoners or detainees, to the extent that the information is relevant and necessary to the recipient agency's decision.

(l) A record may be disclosed to the Office of the Inspector General for the Department of Homeland Security when necessitated by the transfer of Department of Justice functions and employees to the Department of Homeland Security.

(m) Information may be disclosed to other Federal Offices of Inspector General and/or to the President's Council on Integrity and Efficiency for purposes of conducting the external review process required by the Homeland Security Act.

(n) Relevant records may be disclosed to contractors, grantees, experts, consultants, students, and others performing or working on a contract, service, grant, cooperative agreement, or other assignment for the Federal government, when necessary to

accomplish an agency function related to this system of records.

(o) Relevant and necessary information may be disclosed to a former employee of the Department for purposes of: responding to an official inquiry by a Federal, State, or local government entity or professional licensing authority, in accordance with applicable Department regulations; or facilitating communications with a former employee that may be necessary for personnel-related or other official purposes where the Department requires information and/or consultation assistance from the former employee regarding a matter within that person's former area of responsibility.

BILLING CODE 4410-BD-P

THE NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

Meetings of Humanities Panel

AGENCY: The National Endowment for the Humanities.

ACTION: Notice of meetings.

SUMMARY: Pursuant to the provisions of the Federal Advisory Committee Act (Pub. L. 92-463, as amended), notice is hereby given that the following meetings of the Humanities Panel will be held at the Old Post Office, 1100 Pennsylvania Avenue, NW., Washington, DC 20506.

FOR FURTHER INFORMATION CONTACT: Daniel Schneider, Advisory Committee Management Officer, National Endowment for the Humanities, Washington, DC 20506; telephone (202) 606-8322. Hearing-impaired individuals are advised that information on this matter may be obtained by contacting the Endowment's TDD terminal on (202) 606-8282.

SUPPLEMENTARY INFORMATION: The proposed meetings are for the purpose of panel review, discussion, evaluation and recommendation on applications for financial assistance under the National Foundation on the Arts and the Humanities Act of 1965, as amended, including discussion of information given in confidence to the agency by the grant applicants. Because the proposed meetings will consider information that is likely to disclose trade secrets and commercial or financial information obtained from a person and privileged or confidential and/or information of a personal nature the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, pursuant

to authority granted me by the Chairman's Delegation of Authority to Close Advisory Committee meetings, dated July 19, 1993, I have determined that these meetings will be closed to the public pursuant to subsections (c) (4), and (6) of section 552b of Title 5, United States Code.

1. *Date:* May 9, 2003.

Time: 8:30 a.m. to 5 p.m.

Room: 415.

Program: This meeting will review applications for Humanities Projects in Media, submitted to the Division of Public Programs at the April 7, 2003 deadline.

Daniel Schneider,

Advisory Committee Management Officer.

BILLING CODE 7533-01-M

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-272 AND 50-311]

PSEG Nuclear, LLC, Salem Nuclear Generating Station, Unit Nos. 1 and 2; Environmental Assessment and Finding of No Significant Impact

The U.S. Nuclear Regulatory Commission (NRC) is considering issuance of an exemption from title 10 of the Code of Federal Regulations (10

CFR) part 50, Appendix R, sections III.G.3 and III.L.3, for Facility Operating Licenses Nos. DPR-70 and DPR-75, issued to PSEG Nuclear, LLC (the licensee), for operation of the Salem Nuclear Generating Station (Salem), Unit Nos. 1 and 2, located in Salem County, New Jersey. Therefore, as required by 10 CFR 51.21, the NRC is issuing this environmental assessment and finding of no significant impact.

Environmental Assessment

Identification of the Proposed Action

The proposed action would grant an exemption from: (1) The requirements of 10 CFR part 50, Appendix R, section III.G.3, "Fire protection of safe shutdown capability," to the extent that a fixed suppression system must be installed in an area where alternative shutdown capability is provided for Fire Areas 1(2)-FA-AB-64B and 1(2)-FA-AB-84C; (2) the requirements of 10 CFR part 50, Appendix R, section III.L.3, "Alternative and dedicated shutdown capability," to the extent that alternative shutdown capability must accommodate conditions where offsite power is not available for 72 hours in Fire Areas 1(2)-FA-AB-64B and 1(2)-FA-AB-84B; and (3) the requirements of 10 CFR part 50, Appendix R, section III.L.3, relating to the use of separation in an alternate shutdown area for Fire Area 1(2)-FA-AB-84B.

The proposed action is in accordance with the licensee's application dated May 1, 2002, as supplemented on August 15, 2002.

The Need for the Proposed Action

The proposed exemption from sections III.G.3 and III.L.3 of 10 CFR part 50, Appendix R, is needed to resolve issues relating to an October 8, 1997, notice of violation whereby PSEG failed to adequately qualify the Kaowool, FS-195 and Interam E-50 electrical raceway fire barrier systems (ERFBSs) installed at Salem. Resolution of these issues include: (1) A re-analysis of post-fire safe shutdown capability; (2) plant modifications to provide alternative safe shutdown capability through cross-tie connections between the Salem, Unit Nos. 1 and 2, Chemical and Volume Control Systems; and (3) superceding current exemptions applicable to Fire Areas 1(2)-FA-AB-64B, 1(2)-FA-AB-84B and 1(2)-FA-AB-84C with the proposed exemptions.

Environmental Impacts of the Proposed Action

The NRC has completed its evaluation of the proposed action and concludes that the proposed exemption does not

involve radioactive wastes, release of radioactive material into the atmosphere, solid radioactive waste, or liquid effluents released to the environment.

The proposed action will not significantly increase the probability or consequences of accidents, no changes are being made in the types of effluents that may be released off site, and there is no significant increase in occupational or public radiation exposure. Therefore, there are no significant radiological environmental impacts associated with the proposed action.

With regard to potential nonradiological impacts, the proposed action does not have a potential to affect any historic sites. It does not affect nonradiological plant effluents and has no other environmental impact. Therefore, there are no significant nonradiological environmental impacts associated with the proposed action.

Accordingly, the NRC concludes that there are no significant environmental impacts associated with the proposed action.

Environmental Impacts of the Alternatives to the Proposed Action

As an alternative to the proposed action, the staff considered denial of the proposed action (*i.e.*, the "no-action" alternative). Denial of the application would result in no change in current environmental impacts. The environmental impacts of the proposed action and the alternative action are similar.

Alternative Use of Resources

The action does not involve the use of any different resources than those previously considered in the Final Environmental Statement related to operation of Salem Nuclear Generating Station, Units 1 and 2, dated April 1973.

Agencies and Persons Consulted

On March 26, 2003, the staff consulted with the New Jersey State official, Mr. Dennis Zannoni of the New Jersey Department of Environmental Protection, regarding the environmental impact of the proposed action. The State official had no comments.

Finding of No Significant Impact

On the basis of the environmental assessment, the NRC concludes that the proposed action will not have a significant effect on the quality of the human environment. Accordingly, the NRC has determined not to prepare an environmental impact statement for the proposed action.

For further details with respect to the proposed action, see the licensee's letter dated May 1, 2002, and supplement dated August 15, 2002. Documents may be examined, and/or copied for a fee, at the NRC's Public Document Room (PDR), located at One White Flint North, Public File Area O1 F21, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible electronically from the Agencywide Documents Access and Management System (ADAMS) Public Electronic Reading Room on the Internet at the NRC Web site, <http://www.nrc.gov/reading-rm/adams.html>. Persons who do not have access to ADAMS or who encounter problems in accessing the documents located in ADAMS, should contact the NRC's PDR reference staff by telephone at 1-800-397-4209 or 301-415-4737, or by e-mail to pdr@nrc.gov.

Dated in Rockville, Maryland, this 22nd day of April, 2003.

For the Nuclear Regulatory Commission.

James W. Clifford,

Chief, Section 2, Project Directorate I, Division of Licensing Project Management, Office of Nuclear Reactor Regulation.
