SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0716.

Title: Blanketing Interference.

From Number: N/A.

Type of Review: Extension of currently approved collection.

Respondents: Individuals or households; business or other for-profit entities; not-for-profit institutions.

Number of Respondents: 21,000.

Estimated Time per Response: 1 to 2 hours.

Frequency of Response: Third party disclosure.

Total Annual Burden: 41,000 hours.

Total Annual Costs: None.

Needs and Uses: This rulemaking proceeding proposed to provide detailed clarification of the AM, FM, and TV licensee's responsibilities in resolving/eliminating blanketing interference caused by their individual stations. Under 47 CFR 72.88 (AM), 73.318 (FM), and 73.685(d) (TV), the licensee is financially responsible for resolving complaints of interference within one year of program test authority when certain conditions are met. After the

first year, a licensee is only required to provide technical assistance to determine the cause of the interference. This NPRM proposed to consolidate all blanketing interference rules under a new section 47 CFR section 73.1630, "Blanketing Interference." This new rule was designed to facilitate the resolution of broadcast interference problems and set forth all responsibilities of the licensee/permittee of a broadcast station. To date, final rules have not been adopted.

OMB Control Number: 3060-0110.

Title: Application for Renewal of Broadcast Station License, FCC Form 303-S.

Type of Review: Revision of a currently approved collection.

Form Number: FCC 303-S.

Respondents: Business or other for-profit entities; not-for-profit institutions.

Number of Respondents: 3,217.

Estimated Time per Response: 40 mins. to 9.75 hrs.

Frequency of Response: Eight-year reporting requirement; third party disclosure.

Total Annual Burden: 5,271 hours.

Total Annual Cost: \$1,567,401.

Needs and Uses: FCC Form 303-S is used in applying for renewal of a license for a commercial or non-commercial AM, FM, or TV broadcast station and FM translator, TV translator, or low power TV (LPTV), or low power FM broadcast station. It can also be used to seek the joint renewal of licenses for an FM or TV translator station and its co-owned primary FM, TV, or LPTV station. The FCC has recently made two new statutory changes—47 U.S.C. 312(g), which provides for automatic expiration of a license if the licensee does not broadcast ("goes silent") for twelve months; and 47 U.S.C. section 309(k), which affects renewal standards and FCC violations. The Commission is also revising Form 303-S to make it a simpler and clearer form that shifts to a convenient certification-based approach to applicants. Furthermore, the Commission is changing this form in line with the release on November 20, 2002 of the Second Report and Order and FNPRM, *Review of the Commission's Broadcast and Cable Equal Employment Opportunities Rules and Policies*, MM Docket No. 98-204, FCC 02-303.
