

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft EIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft EIS or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

The Forest Service is the lead agency. The responsible official is the Forest Supervisor, for the Wallowa-Whitman National Forest. The responsible official will decide which, if any, of the proposed projects will be implemented and will document the Monument Fire Recovery Project-Whitman Unit decision and rationale for the decision, in the Record of Decision. That decision will be subject to Forest Service Appeal Regulations (36 CFR part 215).

Dated: April 21, 2003.

John C. Schuyler,

Deputy Forest Supervisor.
