DEPARTMENT OF LABOR

Mine Safety and Health Administration

Petitions for Modification

The following parties have filed petitions to modify the application of existing safety standards under section 101(c) of the Federal Mine Safety and Health Act of 1977.

1. Baylor Mining, Inc.

[Docket No. M-2003-027-C]

Baylor Mining, Inc., PO Box 577, Mabscott, West Virginia 25871 has filed a petition to modify the application of 30 CFR 75.364(a)(1) (Weekly examination) to its Beckley Crystal Mine (MSHA I.D. No. 46-08829) located in Raleigh County, West Virginia. Due to deteriorating roof conditions and several roof falls, it is unsafe to travel to the deepest point of penetration on a weekly examination. The petitioner proposes to check intake and return air courses on a weekly basis at the point designated on the attached map marked "Dangered Off". The petitioner states that the main intake airshaft is located approximately 800 feet from the deepest penetration of the marked section, 40,000 cfm of air passes around the faces to the return, and that its proposed alternative method would not result in a diminution of safety to the miners. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

2. Blue Diamond Coal Company

[Docket No. M-2003-028-C]

Blue Diamond Coal Company, PO Box 47, Slemph, Kentucky 41763 has filed a petition to modify the application of 30 CFR 75.900 (Low- and medium-voltage circuits serving three-phase alternating current equipment; circuit breakers) to its Mine No. 74 (MSHA I.D. No. 15-18022), Mine No. 75 (I.D. No. 15-17478), and Mine No. 77 (I.D. No. 15-09636) all located in Perry County, Kentucky. The petitioner proposes to use contactors in lieu of under-voltage protection on the circuit breaker. The petitioner states that short circuit protection will continue to be provided by a circuit breaker with required interrupting retries. The petitioner has

listed in this petition specific terms and conditions that would be followed when its proposed alternative method is implemented. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

Request for Comments

Persons interested in these petitions are encouraged to submit comments via e-mail to comments@msha.gov, or on a computer disk along with an original hard copy to the Office of Standards, Regulations, and Variances, Mine Safety and Health Administration, 1100 Wilson Boulevard, Room 2352, Arlington, Virginia 22209. All comments must be postmarked or received in that office on or before June 2, 2003. Copies of these petitions are available for inspection at that address.

Dated at Arlington, Virginia this 28th day of April 2003.

OFFICE OF MANAGEMENT AND BUDGET

Office of Federal Procurement Policy; Determination of Executive Compensation Benchmark Amount Pursuant to Section 808 of Public Law 105-85

AGENCY: Office of Federal Procurement Policy, OMB.

ACTION: Notice.

SUMMARY: The Office of Management and Budget (OMB) is hereby publishing the attached memorandum to the heads of executive departments and agencies concerning the determination of the maximum "benchmark" compensation that will be allowable under government contracts during contractors' FY 2003—\$405,273. This determination is required to be made pursuant to Section 808 of Public Law 105-85. It applies equally to both defense and civilian procurement agencies.

FOR FURTHER INFORMATION CONTACT: Richard C. Loeb, Executive Secretary, Cost Accounting Standards Board,

Office of Federal Procurement Policy,
on (202) 395-3254.

Angela B. Styles,
Administrator.

To the Heads of Executive Departments and Agencies

Subject: Determination of Executive
Compensation Benchmark Amount
Pursuant to Section 808 of Pub. L. 105-
85.

This memorandum sets forth the
“benchmark compensation amount” as
required by section 39 of the Office of
Federal Procurement Policy (OFPP) Act
(41 U.S.C. 435), as amended. Under
section 39, the “benchmark
compensation amount” is “the median
amount of the compensation provided
for all senior executives of all
benchmark corporations for the most
recent year for which data is available.”
The “benchmark compensation
amount” established as directed by
section 39 limits the allowability of
compensation costs under government
contracts. The “benchmark
compensation amount” does not limit
the compensation that an executive may
otherwise receive.

Based on a review of commercially
available surveys of executive
compensation and after consultation
with the Director of the Defense
Contract Audit Agency, I have
determined pursuant to the
requirements of section 39 that the
benchmark compensation amount for
contractor fiscal year 2003 is \$405,273.
This benchmark compensation amount
is to be used for contractor fiscal year
2003, and subsequent contractor fiscal
years, unless and until revised by OMB.
This benchmark compensation amount
applies to contract costs incurred after
January 1, 2003, under covered
contracts of both the defense and
civilian procurement agencies as
specified in Section 808 of Public Law
105-85.

Questions concerning this
memorandum may be addressed to
Richard C. Loeb, Executive Secretary,
Cost Accounting Standards Board,
Office of Federal Procurement Policy,
on (202) 395-3254.

Angela B. Styles,
Administrator.
