

PART 52—[AMENDED]

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart P—Indiana

■ 2. Section 52.770 is amended by adding paragraph (c)(158) to read as follows:

§ 52.770 Identification of plan.

* * * * *

(c) * * *

(158) On October 21, 2002 and January 10, 2003, Indiana submitted revised volatile organic compound regulations for dip and flow coating operations. The revisions include replacing daily compliance with a rolling thirty day average and adding new equivalent emission limits.

(i) Incorporation by Reference.

Texas: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Immediate final rule; technical corrections.

SUMMARY: The State of Texas has applied for Final authorization to revise its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). The EPA reviewed Texas' application and decided that its hazardous waste program revision satisfies all of the requirements necessary to qualify for final authorization. As such, EPA published an immediate final rule on April 15, 2003 for a 30-day public review and comment period. The comment period will run until close of business May 15, 2003. Today's publication is a technical correction to the State Analog chart, listing the State regulations that are equivalent to the Federal rules.

DATES: This technical correction is in regard to the preamble of an immediate

final rule which will become effective June 16, 2003.

FOR FURTHER INFORMATION CONTACT: Alima Patterson, Region 6 Regional Authorization Coordinator, Grants and Authorization Section (6PD-G), Multimedia Planning and Permitting Division, EPA Region 1445 Ross Avenue, Dallas Texas 75202-2733, (214) 665-6444.

SUPPLEMENTARY INFORMATION:

A. Technical Corrections

There were printing errors which inadvertently deleted some of the State's regulatory citations from the State's Texas Commission on Environmental Quality (TCEQ) **Federal Register** notice published on April 15, 2003, 68 FR 18126-18133, that notice listed the State's regulations that are equivalent to the rules promulgated to the Federal RCRA implementing regulations in 40 CFR parts 124, 260-268, 270, 273 and 279. Some of the State regulations in that chart were deleted and the following chart lists the correct citations of the State analogs that are being recognized as equivalent to the appropriate Federal requirements.

Statutory and Executive Order Reviews

The Office of Management and Budget has exempted this action from the requirements of Executive Order 12866 (58 FR 51735, October 4, 1993), and therefore, this action is not subject to

review by OMB. This rule incorporated by reference Texas' authorized hazardous waste management regulations, and imposes no additional requirements beyond those imposed by State law. This final rule does not impose an information collection

burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). Incorporation by reference will not impose any new burdens on small entities. Accordingly, I certify that this action will not have a significant economic impact on a

substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule merely incorporates by reference certain existing State hazardous waste management program requirements which EPA already approves under 40 CFR part 271, and does not impose any additional enforceable duty beyond that required by State law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4).

This action will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255 (1999)), because it merely incorporates by reference existing State hazardous waste management program requirements without altering the relationship or the distribution of power and responsibilities established by RCRA. This action also does not have Tribal implications within the meaning of Executive Order 13175 (65 FR 67249(2000)).

This action also is not subject to Executive Order 13045 (62 FR 19885 (1997)), because it is not economically significant and it does not make decisions based on environmental health or safety risks. This action is not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply Distribution or Use" (66 FR 28344 (2001)) because it is not a significant regulatory action under Executive Order 12866.

Under RCRA section 3006(b), EPA grants a State's application for incorporation by reference as long as the State meets the criteria required by RCRA. It would thus be inconsistent with applicable law for EPA, when it reviews a State incorporation by reference application, to require the use of any particular voluntary consensus standard in place of another standard that otherwise satisfies the requirements of RCRA. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272) do not apply. The final rule does not include environmental justice issues that require consideration under Executive Order 12898 (59 FR 7629, February 16, 1994). EPA has complied with Executive Order 12630 (53 FR 8859, March 15, 1988) by examining the takings implications of the rule in accordance with the

"Attorney General's Supplemental Guidelines for the Evaluation of Risk and Avoidance of Unanticipated Takings" issued under the executive order. As required by section 3 of Executive Order 12988 (61 FR 4729, February 7, 1996), in issuing this rule, EPA has taken the necessary steps to eliminate drafting errors and ambiguity, minimize potential litigation, and provide a clear legal standard for affected conduct.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States prior to publication in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).
