In some instances, entities may request that DOI take custody of relevant documents. In appropriate cases, DOI will identify a suitable secure storage site (e.g., a Federal Records Center) and take possession of the records. Appropriate security and access strategies will be employed to ensure that the documents are available for the historical accounting effort.

**SUPPLEMENTARY INFORMATION:** Title: 30 CFR Part 228, Cooperative Activities with States and Indian Tribes.

OMB Control Number: 1010-0087.  
Bureau Form Number: None.

**Abstract:** The Secretary of the U.S. Department of the Interior (DOI) is responsible for collecting royalties from lessees who produce minerals from leased Federal and Indian lands. The Secretary is required by various laws to manage mineral resources production on Federal and Indian lands, collect the royalties due, and distribute the funds in accordance with those laws. The Secretary also has an Indian trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. MMS performs the royalty management functions and assists the Secretary in carrying out DOI's Indian trust responsibility.

The Secretary of the Interior is authorized by Public Law 97-451, the Federal Oil and Gas Royalty Management Act of 1982 (FOGRMA), 30 U.S.C. 1732, and 30 U.S.C. 1701 *et seq.* to enter into cooperative agreements using the capabilities of States and tribes to carry out royalty audits and related investigation and enforcement activities. The Federal Oil and Gas Royalty Simplification and Fairness Act of 1996 (RSFA), Public Law 104-185, as corrected by Public Law 104-200, amended FOGRMA and essentially limited Part 228 to Indian tribes. As noted under § 228.3, this part does not apply to Federal lands. Federal lands are audited by States under the provisions of Part 227, Delegation to States. Cooperative agreements benefit both MMS and Indian tribes by helping to ensure proper product valuation, correct and timely production reporting, and correct and timely royalty payment through the application of an aggressive and comprehensive audit program. To

be considered for a cooperative agreement, Indian tribes must comply with the regulations of 30 CFR part 228 by submitting a written request to the Director, MMS, and preparing a proposal detailing the work to be done.

Currently, eight Indian tribes have cooperative audit agreements to perform audits and investigations. When an Indian tribe performs any of the delegated functions under the 30 CFR 228 regulations, the Indian tribe also assumes the burden of providing various types of information to MMS. This information, provided to MMS in the course of performing cooperative audit work, is the focus of this information collection. We have changed the title of this ICR from "Cooperative Agreements" to "30 CFR Part 228, Cooperative Activities with State and Indian Tribes" for consistency with the regulatory language we are covering under 30 CFR part 228.

No proprietary information will be submitted to MMS under this collection. No items of a sensitive nature are collected. The requirement to respond is mandatory. Both MMS and Indian tribes are required to safeguard and protect proprietary data obtained during the course of performing audit activities.

**Frequency of Response:** Quarterly, annually, or when deemed necessary.

**Estimated Number and Description of Respondents:** Eight Indian tribes currently have cooperative audit agreements. Over the next 3 years, we expect one or two more tribes to apply.

**Estimated Annual Reporting and Recordkeeping "Hour" Burden:** 1,912 hours.

The following chart shows the breakdown of the estimated burden hours by CFR section and paragraph:

TRIBAL RESPONDENT ANNUAL BURDEN HOUR CHART

30 CFR Hours Section	Reporting requirement	Burden hours per response	Annual number of responses	Annual burden hours

*Estimated Annual Reporting and Recordkeeping “Non-hour Cost”*

**Burden:** We have not identified any non-hour cost burdens.

**Comments:** The PRA (44 U.S.C. 3501, *et seq.*) provides an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Before submitting an ICR to OMB, PRA Section 3506(c)(2)(A) requires each agency “\* \* \* to provide notice \* \* \* and otherwise consult with members of the public and affected agencies concerning each proposed collection of information \* \* \*.” Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The PRA also requires agencies to estimate the total annual reporting “non-hour cost” burden to respondents or recordkeepers resulting from the collection of information. We have not identified any non-hour, start up costs. If you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to

estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information; monitoring, sampling, testing equipment; and record storage facilities. Generally, your estimates should not include equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our ICR submission for OMB approval, including appropriate adjustments to the estimated burden. We will provide a copy of the ICR to you without charge upon request, and the ICR will also be posted on our Web site at [http://www.mrm.mms.gov/Laws\\_R\\_D/FRNotices/FRInfColl.htm](http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm).

**Public Comment Policy:** We will post all comments in response to this notice on our Web site at [http://www.mrm.mms.gov/Laws\\_R\\_D/FRNotices/FRInfColl.htm](http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm). We will also make copies of the comments available for public review, including names and addresses of respondents, during regular business hours at our offices in Lakewood, Colorado. Individual respondents may request we withhold their home address from the public record, which we will honor to the extent allowable by law. There also may

be circumstances in which we would withhold from the rulemaking record a respondent’s identity, as allowable by law. If you request that we withhold your name and/or address, state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.
