ACTION: Notice of availability.

SUMMARY: The Department of Defense (DoD) Washington Headquarters Services (WHS) announces that a Supplemental Environmental Assessment (SEA) for the Pentagon Memorial is available for public review and comment within 30 days of the date of this publication. The Memorial is planned for the Pentagon Reservation.

The SEA documents an evaluation of the environmental effects of the proposed Memorial in accord with the National Environmental Policy Act of 1969, as amended (NEPA, 42 U.S.C. 4321 to 4370b), Council of Environmental Quality (CEQ) implementing regulations (Title 40 Code of Federal Regulations, Parts 1500-1508), and DoD Instruction 4715.9, Environmental Planning and Analysis. The SEA is tiered to the Pentagon Reservation Master Plan Final Report of May 28, 1991 and the Final Environmental Assessment of May 28, 1991, developed for the comprehensive renovation of the Pentagon. The SEA identifies the purpose and need for the proposed action, alternative analysis of potential sites, and environmental consequences of the proposed action. Environmental consequences examined include potential impacts on air quality, noise, hazardous materials, natural/ecological features, land use and socio-economics, transportation, urban systems, and cultural resources.

The proposed action associated with the Pentagon Memorial involves construction of a Memorial Park commemorating the September 11, 2001 terrorist attack on the Pentagon and the 184 lives lost in the Pentagon and on American Airlines Flight 77. The proposed action, as directed by Congress, will be constructed within the limits of the Pentagon Reservation.

DEPARTMENT OF EDUCATION

**Notice of Proposed Information
Collection Requests**

AGENCY: Department of Education.

SUMMARY: The Acting Leader, Regulatory Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before July 14, 2003.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Acting Leader, Regulatory Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) title; (3) summary of the collection; (4) description of the need for, and proposed use of, the information; (5) respondents and frequency of collection; and (6) reporting and/or recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used
