

(202)208-2425, and by e-mail at michael.miller@ferc.gov.

SUPPLEMENTARY INFORMATION: The information collected under the requirements of FERC-716A "Application for Transmission Services Under Section 211 of the Federal Power Act" (OMB No. 1902-0168) is used by the Commission to implement the statutory provisions of section 211 of the Federal Power Act (FPA), 16 U.S.C. 824) as amended by the Energy Policy

Act 1992 (Pub. L. 102-486) 106 Stat. 2776. Under section 211, the Commission may order transmission services if it finds that such action would be in the public interest and would not unreasonably impair the continued reliability of systems affected by the order. Section 211 allows any electric utility, Federal power marketing agency or any other person generating electric energy for sale or resale to apply **Federal Register**, and notify the affected parties.

The Commission uses the information to carry out its responsibilities under part II of the Federal Power Act. The Commission implements these filing requirements in the Code of Federal Regulations (CFR) under 18 CFR part 36.

Action: The Commission is requesting a three-year extension of the current expiration date, with no changes to the existing collection of data.

Burden Statement: Public reporting burden for this collection is estimated as:

| Number of respondents annually (1) | Number of responses per respondent (2) | Average burden hours per response (3) | Total annual burden hours (1)×(2)×(3) |
|---------------------------------------|---|--|--|
| 10 | 1 | 2.5 hours | 25 hours |

Estimated cost burden to respondents: 25 hours/2,080 hours per year × \$117,041 per year = \$1,407. The cost per respondent is equal to \$ 141.

The reporting burden includes the total time, effort, or financial resources expended to generate, maintain, retain, disclose, or provide the information including: (1) Reviewing instructions; (2) developing, acquiring, installing, and utilizing technology and systems for the purposes of collecting, validating, verifying, processing, maintaining, disclosing and providing information; (3) adjusting the existing ways to comply with any previously applicable instructions and requirements; (4) training personnel to respond to a collection of information; (5) searching data sources; (6) completing and reviewing the collection of information; and (7) transmitting, or otherwise disclosing the information.

The estimate of cost for respondents is based upon salaries for professional and clerical support, as well as direct and indirect overhead costs. Direct costs include all costs directly attributable to providing this information, such as administrative costs and the cost for information technology. Indirect or overhead costs are costs incurred by an organization in support of its mission. These costs apply to activities which benefit the whole organization rather than any one particular function or activity.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3)

ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology *e.g.*, permitting electronic submission of responses.

Magalie R. Salas,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP03-471-000]

MIGC, Inc.; Notice of Compliance Filing

May 9, 2003.

Take notice that on May 7, 2003, MIGC, Inc. (MIGC) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following tariff sheets, to become effective July 1, 2003:

Fifth Revised Sheet No. 48
Second Revised Sheet No. 49A
Seventh Revised Sheet No. 52
Fourth Revised Sheet No. 84
Fourth Revised Sheet No. 87
Original Sheet No. 87A
Original Sheet No. 87B
Fourth Revised Sheet No. 88
Sixth Revised Sheet No. 89

MIGC asserts that the purpose of this filing is to comply with the Commission's order issued March 12, 2003, in Docket No. RM96-1-024, requiring all interstate pipelines to file

tariff sheets in compliance with Order No. 587-R.

MIGC states that copies of the filing are being served on all jurisdictional customers and interested State Commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676, or TTY, contact (202) 502-8659. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

Comment Date: May 19, 2003.

Magalie R. Salas,
Secretary.
