

Headquarters and pending approval of the Office of Management and Budget) of a five-minute burden per respondent and an aggregate burden of 100 hours per airport per year. Assuming that all 119 major hub airports and half of the 310 smaller airports (or 155 in all) employ this process, aggregate systemwide burden will not exceed 27,400 hours per year. There will be no burden on passengers who choose not to respond.

(3) *Complaints and Compliments at the Point of Service.* In response to passenger requests to provide customer-initiated feedback right at the point of service, TSA also intends to make available to airports a Customer Comment Form, which will collect open-ended feedback and, if the passenger desires, contact information so that TSA staff can respond to the passenger's comment. TSA Headquarters will design the form and make it available to airports. Airports will distribute it upon request to passengers who indicate that they wish to make a formal complaint, compliment, or other comment.

TSA airport staff will collect the forms back from passengers, categorize comments, enter the results into an on-line system for storage and reporting, and respond to passengers as necessary. We will also provide an e-mail address, phone number, and mailing address for passengers to return the forms to either airports or TSA Headquarters. TSA may consider adding a postage-paid business reply frank to the cards so that they can be returned to TSA at the passenger's convenience and at no cost to them. TSA will also continue to provide mechanisms on its web site and the TSA Contact Center for passengers to make comments independently of airport involvement.

Based on the number of comments that have been made at the airports and reported to TSA Headquarters via the Performance Measurement Information System through the first quarter of Calendar Year 2003, total projected volume is approximately 25,200 comments per year systemwide. Assuming an average burden of 10 minutes per comment per passenger who chooses to make one, total burden is estimated to be 4,200 hours annually.

#### Use of Results

TSA Headquarters and individual airports will use all of these results to evaluate and improve customer service, both via formal, rigorous performance measurement and via targeted responses to problem areas identified at individual sites. These data collection efforts will have no impact on non-TSA airport

administration staff, although TSA may seek to partner with airport management at some sites to share relevant data with one another. Results of the Statistically Valid Intercept Surveys (1) and Complaints and Compliments at the Point of Service (3) will be used, along with other inputs, to create a Customer Satisfaction Index for Aviation Operations (CSI-A), a key TSA performance measure. TSA will use both the CSI-A and other customer-oriented performance measures to evaluate the impact of policy or process changes on customer satisfaction and public confidence.

### Federal Property Suitable as Facilities To Assist the Homeless

**AGENCY:** Office of the Assistant Secretary for Community Planning and Development, HUD.

**ACTION:** Notice.

**SUMMARY:** This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

**FOR FURTHER INFORMATION CONTACT:**

Mark Johnston, room 7266, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

**SUPPLEMENTARY INFORMATION:** In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in

*National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Shirley Kramer, Division of Property Management, Program Support Center, HHS, room 5B-41, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the

determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency and the property number.
