

Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355 (May 22, 2001)) because it is not a significant regulatory action under Executive Order 12866.

I. National Technology Transfer and Advancement Act

Section 12(d) of the National Technology Transfer and Advancement Act of 1995 ("NTTAA"), Public Law 104-113, section 12(d) (15 U.S.C. 272 note) directs EPA to use voluntary consensus standards in its regulatory activities unless to do so would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., materials specifications, test methods, sampling procedures, and business practices) that are developed or adopted by voluntary consensus standards bodies. The NTTAA directs EPA to provide Congress, through OMB, explanations when the Agency decides not to use available and applicable voluntary consensus standards. This action does not involve technical standards. Therefore, EPA did not consider the use of any voluntary consensus standards.

J. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This rule is not a "major" rule as defined by 5 U.S.C. 804(2).

K. Petitions for Judicial Review

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by July 28, 2003. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements (*see* section 307(b)(2)).

List of Subjects

40 CFR Part 61

Environmental protection, Administrative practice and procedure, Air pollution control, Hazardous substances, Incorporation by reference, Intergovernmental relations, Reporting and recordkeeping requirements.

40 CFR Part 63

Environmental protection, Administrative practice and procedure, Air pollution control, Hazardous substances, Incorporation by reference, Intergovernmental relations, Reporting and recordkeeping requirements.

Authority: This action is issued under the authority of section 112 of the Clean Air Act, as amended, 42 U.S.C. 7412.

Dated: April 15, 2003.

Robert W. Varney,

Regional Administrator, EPA New England.

■ 40 CFR parts 61 and 63 are amended as follows:

PART 61—[AMENDED]

■ 1. The authority citation for part 61 continues to read as follows:

Authority: 42 U.S.C. 7401, *et seq.*

Subpart A—General Provisions

■ 2. Section 61.04 is amended by adding paragraphs (c)(1) to read as follows:

§ 61.04 Address.

* * * * *

(c) * * *

(1) Inactive waste disposal sites not operated after July 9, 1981 within the State of New Hampshire must comply with the New Hampshire Regulations Applicable To Hazardous Air Pollutants, March 2003. The Director of the Federal Register approves this incorporation by reference in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. You may obtain a copy from the Air and Radiation Docket and Information Center, U.S. EPA, EPA West Building, 1301 Constitution Avenue, NW., Washington, DC. You may examine this material at the above EPA office or at the Office of the Federal Register, 800 North Capitol Street, NW., Suite 700, Washington, DC.

BILLING CODE 6560-50-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 65

[Docket No. FEMA-B-7436]

Changes in Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA), Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Interim rule.

SUMMARY: This interim rule lists communities where modification of the

Base (1-percent-annual-chance) Flood Elevations (BFEs) is appropriate because of new scientific or technical data. New flood insurance premium rates will be calculated from the modified Base Flood Elevations for new buildings and their contents.

DATES: These modified BFEs are currently in effect on the dates listed in the table below and revise the Flood Insurance Rate Maps in effect prior to this determination for each listed community.

From the date of the second publication of these changes in a newspaper of local circulation, any person has ninety (90) days in which to request through the community that the Mitigation Division Director for the Emergency Preparedness and Response Directorate reconsider the changes. The modified elevations may be changed during the 90-day period.

ADDRESSES: The modified BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Mary Jean Pajak, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-2831.

SUPPLEMENTARY INFORMATION: The modified BFEs are not listed for each community in this interim rule. However, the address of the Chief Executive Officer of the community where the modified BFE determinations are available for inspection is provided.

Any request for reconsideration must be based on knowledge of changed

conditions or new scientific or technical data.

The modifications are made pursuant to Section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified BFEs are the basis for the floodplain management measures that the community is required to either adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified elevations, together with the floodplain management criteria required by 44 CFR 60.3, are minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by the other Federal, State, or regional entities.

The changes in are in accordance with 44 CFR 65.4.

National Environmental Policy Act. This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Mitigation Division Director for the Emergency Preparedness and Response Directorate certifies that this rule is

exempt from the requirements of the Regulatory Flexibility Act because modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S. C. 4105, and are required to maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification. This interim rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism. This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform. This rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 65

Flood insurance, Floodplains, Reporting and recordkeeping requirements.

■ Accordingly, 44 CFR part 65 is amended to read as follows:

PART 65—[AMENDED]

■ 1. The authority citation for part 65 continues to read as follows:

Authority : 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 CFR 19367, 3 CFR, 1979 Comp., p. 376.

§ 65.4 [Amended]

■ 2. The tables published under the authority of § 65.4 are amended as follows:

State and county	Location and Case No.	Date and name of newspaper where notice was published	Chief executive officer of community	Effective date of modification	Community No.

BILLING CODE 6718-04-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 54

[CC Docket Nos. 00-256 and 96-45; FCC 03-106]

Multi-Association Group (MAG) Plan for Regulation of Interstate Services of Non-Price Cap Incumbent Local Exchange Carriers and Interexchange Carriers; Federal-State Joint Board on Universal Service

AGENCY: Federal Communications Commission.

ACTION: Final rule; petition for reconsideration.

SUMMARY: In this document, the Commission addresses a Petition for Reconsideration of the *MAG Order* filed by the National Exchange Carrier Association (NECA), the National Rural Telecom Association, the Organization for the Promotion and Advancement of Small Telecommunications Companies, and the United States Telecom Association (collectively, the Joint Petitioners). In response to the concerns raised by the Joint Petitioners, the Commission grants their request to amend of our rules to move the deadline for filing actual common line cost and revenue data from July 31st to December 31st of each year. The Commission also amends its rules to permit rate-of-return carriers to file updates of projected common line cost and revenue data on June 30th of each year. Additionally, the Commission adopts several minor amendments to its rules in response to issues raised by the Joint Petitioners and on our own motion.

DATES: Effective June 27, 2003.

FOR FURTHER INFORMATION CONTACT:

Theodore Burmeister, Attorney, Telecommunications Access Policy Division, Wireline Competition Bureau, (202) 418-7400.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Third Order on Reconsideration in CC Docket Nos. 00-256 and 96-45 released on May 8, 2003. The full text of this document is available for public inspection during regular business hours in the FCC Reference Center, Room CY-A257, 445

12th Street, SW., Washington, DC 20554.

I. Introduction

1. The Commission addresses a Petition for Reconsideration of the *MAG Order*, 66 FR 59719, November 30, 2001, filed by the National Exchange Carrier Association (NECA), the National Rural Telecom Association, the Organization for the Promotion and Advancement of Small Telecommunications Companies, and the United States Telecom Association (collectively, the Joint Petitioners). The Joint Petitioners raise issues concerning the filing requirements for Interstate Common Line Support (ICLS), the new universal service support mechanism established in the *MAG Order*. In response to the concerns raised by the Joint Petitioners, the Commission grants their request to amend § 54.903(a)(4) of our rules to move the deadline for filing actual common line cost and revenue data from July 31st to December 31st of each year. The Commission also amends § 54.903(a)(3) of our rules to permit rate-of-return carriers to file updates of projected common line cost and revenue data on June 30th of each year. As discussed, these changes will promote more accurate and efficient distribution of ICLS while minimizing administrative burdens on rate-of-return carriers. Additionally, the Commission adopts several minor amendments to §§ 54.307, 54.902, and 54.903 of our rules in response to issues raised by the Joint Petitioners and on our own motion.

II. Discussion

2. *Filing of Actual Cost and Revenue Data.* On reconsideration, the Commission grants the Joint Petitioners' request to change the filing date for actual cost and revenue data for the prior calendar year from July 31st to December 31st. The Commission finds that changing the filing date for actual cost and revenue data to December 31st will better serve the Commission's goals of minimizing administrative burdens on carriers and promoting accurate and efficient distribution of ICLS. A December 31st filing date will reduce administrative costs. The Joint Petitioners contend that, based on NECA's experience with the common line pooling process, many small carriers would have difficulty completing accurate cost studies by July 31st, whereas carriers have historically complied with a December 31st deadline. Moving the filing deadline to December 31st will reduce burdens on carriers and minimize the potential need for late filings and corrections. The

resulting delay in the initiation of adjustments to ICLS as part of the ICLS true-up process will be mitigated by the measures the Commission adopts below to improve the accuracy of ICLS payments. In particular, permitting carriers to revise their projected data for the current and upcoming ICLS funding years on June 30th will mitigate the lag between projected and actual data filings and give carriers more meaningful opportunities to revise projections to adjust ICLS where necessary. Moving the deadline for filing actual cost and revenue data to December 31st also will not result in any delay in the completion of the ICLS true-up process. Under the current rules, ICLS true-up payments are spread over the calendar year following the filing of actual data. The Commission concludes that ICLS true-up payments instead can be distributed over the final two quarters of the calendar year without affecting fund stability.

3. *Voluntary Updates of Projected Cost and Revenue Data.* The Commission also concludes that certain modifications to § 54.903(a)(3), governing the filing of projected cost and revenue data, are warranted. Under the rules adopted in the *MAG Order*, carriers that wish to receive ICLS must, on March 31st, file projected data for the upcoming July 1st to June 30th funding year and may correct that data until April 10th. The Commission concludes that permitting carriers at their discretion to correct their projected data for the upcoming funding year until June 30th would better promote the accurate and efficient distribution of ICLS without increasing administrative burdens. Additionally, the Commission provides a voluntary opportunity for rate-of-return carriers to update on June 30th their projected data for the ICLS funding year ending on that date will promote the accurate and efficient distribution of ICLS.

4. The Commission will amend § 54.903(a)(3) of our rules for voluntarily updating the March 31st filing to replace the existing April 10th deadline with a June 30th deadline. The Commission agrees with NECA that this deadline extension will provide a more meaningful opportunity for carriers to revise their projections and, therefore, will increase the accuracy of ICLS for the coming funding year. Two major factors potentially affecting projections will be resolved by the June 30th prior to the start of each funding year. First, the Commission normally approves or modifies the common line average schedule settlements formula proposed by NECA by June 15th of each funding year. Because this formula functions in
