Notice is hereby given that on May 8, 2003, a proposed consent decree in *United States v. SK Management Co.*, Civil Action No. 03-3225 RMT (RCx), and a proposed consent decree in *United States v. Westside Rehab Corp., et al.*, Civil Action No. 03-3226 JFW (SHx), were lodged with the United States District Court for the Central District of California.

The consent decrees settle claims against management agents and owners of several residential apartment buildings principally in southern California, which were brought on behalf of the Department of Housing and Urban Development and the Environmental Protection Agency under the Residential Lead-Based Paint Hazard Reduction Act 42 U.S.C. 4851 *et seq.* ("Lead Hazard Reduction Act"). The United States alleged in each of its complaints that the defendants failed to provide information to tenants concerning lead-based paint hazards, and failed to disclose to tenants the presence of any known lead-based paint or any known lead-based paint hazards.

Under the *Westside* consent decree, defendants have agreed to provide the required notice and disclosures, to perform inspections at the buildings for the presence of lead-based paint, and to perform lead-based paint abatement. In addition, the *Westside* defendants will pay a penalty of \$17,500 to the United States and spend \$35,000 toward research on the health impacts of lead in the community, particularly children. Under the *SK Management* decree, the defendant has agreed to provide the required notice and disclosures, to perform inspections at the buildings for the presence of lead-based paint, and to perform lead-based paint abatement.
