**Columbia Gas Transmission  
Corporation; Notice of Petition To  
Amend**

May 23, 2003.

Take notice that on May 22, 2003, Columbia Gas Transmission Corporation (Columbia), 12801 Fair Lakes Parkway, Fairfax, Virginia 22030-0146, filed in Docket No. CP02-142-003, a petition to amend the order issued December 20, 2002, in Docket No. CP02-142-000, *et al.*, pursuant to Sections 7(b) and (c) of the Natural Gas Act (NGA) and part 157 of the Commission's Regulations authorizing the abandonment and construction and operation of certain natural gas transmission facilities in Pennsylvania and Maryland to phase-in certain facilities and underlying firm transportation services for Rock Springs Generation, LLC (Rock Springs) and CED Rock Springs, Inc. Columbia states that construction of electric generation facilities is essentially complete, and firm service is still required for testing and for operation during summer peak electric demand season. It is asserted that the Customers requested service at the earliest date possible, and that the service agreements were proposed to be effective May 1, 2003. Columbia indicates that certain of the certificated facilities can be placed into service earlier than the October 2003 date envisioned in the December 20, 2002 Order. Phasing the in-service date of the facilities, it is asserted, will permit Columbia to render an interim lower volume transportation service for its customers until all the facilities (and the
