

Director, Office of AD/CVD Enforcement VI, to Holly A. Kuga, Acting Deputy Assistant Secretary, dated concurrently with this notice, which is on file in the Central Records Unit, Room B-099 of the main Commerce building. Thus, in accordance with the statutory and regulatory authority cited above, the Department is extending the deadline for issuing the preliminary results of this new shipper review by 120 days to no later than October 27, 2003. We plan to issue the final results within 90 days after the date the preliminary results are issued.

This extension is in accordance with section 751(a)(2)(B)(iv) of the Act.

Dated: May 28, 2003.

**Holly A. Kuga,**

*Acting Deputy Assistant Secretary Import Administration, Group II.*

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[Docket No. 021127290-3138-03; I.D. 033103C]

#### Financial Assistance for Research and Development Projects in the Gulf of Mexico and Off the U.S. South Atlantic Coastal States; Marine Fisheries Initiative (MARFIN); Correction

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice.

**SUMMARY:** The National Marine Fisheries Service (NMFS) publishes this notice to correct an action entitled "Notice of Solicitation for Applications" to clarify the Eligibility Information to include "U.S. citizens".

**DATES:** We must receive your application by close of business 5 p.m. eastern daylight time on June 27, 2003. Applications received after that time will not be considered for funding. The earliest start date of awards is about 200 days after the date of publication of this notice. Applicants should consider this processing time in developing requested start dates for their applications.

**ADDRESSES:** You can obtain an application package from, and send your completed applications(s) to: National Marine Fisheries Service, State/Federal Liaison office, 9721 Executive Center Drive N., St. Petersburg, FL 33702. You may also obtain the application package from the

MARFIN Home Page at: <http://caldera.sero.nmfs.gov/grants/grants.htm>

**FOR FURTHER INFORMATION CONTACT:** Ellie Francisco Roche, Chief, State/Federal Liaison Office at 727-570-5324.

**SUPPLEMENTARY INFORMATION:** The National Marine Fisheries Service (NMFS) published a notice soliciting applications for financial assistance in the **Federal Register** of May 13, 2003 (68 FR 25578), entitled "Notice of Solicitation for Applications." "U.S. citizens" were inadvertently omitted as eligible applicants and this document makes them eligible.

#### Correction

"1. Eligible applicants include U.S. citizens, institutions of higher education, hospitals, other nonprofits, commercial organizations, and state, local and Indian tribal governments. Federal agencies or institutions are not eligible. Foreign governments, organizations under the jurisdiction of foreign governments and international organizations are excluded for purpose of this solicitation since the objective of the MARFIN program is to optimize research and development benefits from U.S. marine fishery resources."

You should consult the May 13, 2003, notice for all of the other requirements for submitting an application.

Dated: June 2, 2003.

**John Oliver,**

*Deputy Assistant Administrator for Operations, National Marine Fisheries Service.*

## COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

### Request for Public Comments on Commercial Availability Petition Under the African Growth and Opportunity Act (AGOA)

June 3, 2003.

**AGENCY:** The Committee for the Implementation of Textile Agreements (CITA).

**ACTION:** Request for public comments concerning a petition for a determination that certain fabrics, for use in men's and boys' shirts, cannot be supplied by the domestic industry in commercial quantities in a timely manner under the AGOA.

**SUMMARY:** On June 2, 2003, the Chairman of CITA received a petition from Ryberg and Smith, L.L.P. on behalf of their clients, Consolidated Fabrics

Ltd., Socota Textile Mills Ltd., New Island Clothing Ltd., Aquarelle Clothing Ltd., and Jaysix USA Inc., alleging that certain fabrics, listed below, used in the production of certain men's and boys' shirts, cannot be supplied by the domestic industry in commercial quantities in a timely manner. It requests that men's and boys' shirts of such fabrics be eligible for preferential treatment under the AGOA. CITA hereby solicits public comments on this request, in particular with regard to whether such shirting fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Comments must be submitted by June 23, 2003, to the Chairman, Committee for the Implementation of Textile Agreements, room 3001, United States Department of Commerce, 14th and Constitution Avenue, N.W. Washington, D.C. 20230.

**FOR FURTHER INFORMATION CONTACT:** Janet Heinzen, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

#### SUPPLEMENTARY INFORMATION:

**Authority:** Section 112(b)(5)(B) of the AGOA, Section 1 of Executive Order No. 13191 of January 17, 2001.

#### Background

The AGOA provides for quota- and duty-free treatment for qualifying textile and apparel products. Such treatment is generally limited to products manufactured from yarns or fabrics formed in the United States or a beneficiary country. The AGOA also authorizes quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more AGOA beneficiary countries from fabric or yarn that is not formed in the United States, if it has been determined that such fabric or yarns cannot be supplied by the domestic industry in commercial quantities in a timely manner. In Executive Order No. 13191, the President delegated to CITA the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the AGOA and directed CITA to establish procedures to ensure appropriate public participation in any such determination. On March 6, 2001, CITA published procedures in the Federal Register that it will follow in considering requests. (66 FR 13502).

On June 2, 2003, the Chairman of CITA received a petition from Ryberg and Smith, L.L.P. on behalf of their clients, Consolidated Fabrics Ltd.,

Socota Textile Mills Ltd., New Island Clothing Ltd., Aquarelle Clothing Ltd., and Jaysix USA Inc., alleging that certain fabrics, listed above, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting quota- and duty-free treatment under the AGOA for certain men's and boys' shirts that are both cut and sewn in one or more AGOA beneficiary countries from such fabrics.

CITA is soliciting public comments regarding this request, particularly with respect to whether these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Also relevant is whether other fabrics that are supplied by the domestic industry in commercial quantities in a timely manner are substitutable for the fabrics for purposes of the intended use. Comments must be received no later than June 23, 2003. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

If a comment alleges that these shirting fabrics can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer of the fabrics stating that it produces the fabrics that are the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked business confidential from disclosure to the full extent permitted by law. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution Avenue, N.W., Washington, DC 20230. Persons submitting comments on a request are encouraged to include a non-confidential version and a non-confidential summary.

#### Fabrics named in the request:

(a) Fabrics of subheadings 5208.21, 5208.22, 5208.29, 5208.31, 5208.32, 5208.39, 5208.41, 5208.42, 5208.49, 5208.51, 5208.52 or 5208.59, of average yarn number exceeding 135 metric;

(b) Fabrics of subheadings 5513.11 or 5513.21, not of square construction, containing more than 70 warp ends and

filling picks per square centimeter, of average yarn number exceeding 135 metric;

(c) Fabrics of subheadings 5210.21 or 5210.31, not of square construction, containing more than 70 warp ends and filling picks per square centimeter, of average yarn number exceeding 135 metric;

(d) Fabrics of subheadings 5208.22 or 5208.32, not of square construction, containing more than 75 warp ends and fillings picks per square centimeter, of average yarn number exceeding 135 metric;

(e) Fabrics of subheadings 5407.81, 5407.82 or 5407.83, weighing less than 170 grams per square meter, having a dobby weave created by a dobby attachment, of average yarn number exceeding 135 metric;

(f) Fabrics of subheadings 5208.42 or 5208.49, not of square construction, containing more than 85 warp ends and filling picks per square centimeter, of average yarn number exceeding 85 metric, or exceeding 135 metric if the fabric is of oxford construction (a modified basket weave with a large filling yarn having no twist woven under and over two single, twisted warp yarns);

(g) Fabrics of subheading 5208.51, of square construction, containing more than 75 warp ends and filling picks per square centimeter, made with single yarns, of average yarn number 135 or greater metric;

(h) Fabrics of subheading 5208.41, of square construction, with a gingham pattern, containing more than 85 warp ends and filling picks per square centimeter, made with single yarns, of average yarn number 135 or greater metric, and characterized by a check effect produced by the variation in color of the yarns in the warp and filling; or

(i) Fabrics of subheading 5208.41, with the warp colored with vegetable dyes, and the filling yarns white or colored with vegetable dyes, of average yarn number greater than 65 metric.

#### D. Michael Hutchinson,

*Acting Chairman, Committee for the Implementation of Textile Agreements.*

BILLING CODE 3510-DR-S

### CONSUMER PRODUCT SAFETY COMMISSION

#### Submission for OMB Review; Comment Request—Safety Standard for Omnidirectional Citizens Band Base Station Antennas

AGENCY: Consumer Product Safety Commission.

**ACTION:** Notice.

**SUMMARY:** In the **Federal Register** of March 24, 2003, (68 FR 14202), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35) to announce the agency's intention to seek extension of approval of the collection of information required in the Safety Standard for Omnidirectional Citizens Band Base Station (16 CFR part 1204). No comments were received in response to that notice. By publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget a request for extension of approval of that collection of information, without change, for three years from the date of approval.

The Safety Standard for Omnidirectional Citizens Band Base Station Antennas establishes performance requirements for omnidirectional citizens band base station antennas to reduce unreasonable risks of death and injury which may result if an antenna contacts overhead power lines while being erected or removed from its site. Certification regulations implementing the standard require manufacturers, importers, and private labelers of antennas subject to the standard to test antennas for compliance with the standard, and to maintain records of that testing.

The records of testing and other information required by the certification regulations allow the Commission to determine that antennas subject to the standard comply with its requirements. This information would also enable the Commission to obtain corrective actions if omnidirectional citizens band base station antennas failed to comply with the standard in a manner which creates a substantial risk of injury to the public.

#### Additional Information About the Request for Extension of Approval of a Collection of Information

*Agency address:* Consumer Product Safety Commission, Washington, DC 20207.

*Title of information collection:* Safety Standard for Omnidirectional Citizens Band Base Station Antennas, 16 CFR part 1204.

*Type of Request:* Extension of approval without change.

*General description of respondents:* Manufacturers, importers, and private labelers of omnidirectional citizens band base station antennas.

*Estimated number of respondents:* 5.

*Estimated number of hours per respondent:* 220 per year.
