Title: Loan Guaranty, Insurance, and Interest Subsidy, 25 CFR part 103.

Brief Description of Collection: The purpose of the Loan Guaranty, Insurance, and Interest Subsidy Program, 25 U.S.C. 1481 *et seq.* and 25 U.S.C. 1511 *et seq.*, is to encourage private lending to individual Indians and organizations of Indians, by providing lenders with loan guaranties or loan insurance to reduce their potential risk. Lenders, borrowers, and the loan purpose all must qualify under Program terms. In addition, the Secretary of the Interior must be satisfied that there is a reasonable prospect that the loan will be repaid. BIA collects information under the proposed regulations to assure compliance with Program requirements.

Based upon historical records, BIA anticipates approximately 64 applications for loan guaranties each year. Although there have never been any loan insurance applications, apparent need suggests that BIA will receive approximately 20 additional loan insurance applications or notices of loan insurance per year. Of the

combined 84 applications/notices, BIA expects that it will guarantee or insure approximately 64 new loans each year, of which approximately 45 will receive interest subsidy.

In all, BIA estimates the total annual Program compliance burden to range from approximately 4 to 12 hours per loan, with the average loan causing a burden of approximately 6.18 hours. Most compliance burdens fall below this average. BIA assumes the average hourly cost per respondent to be \$20.00:

Respondents: Commercial banks.

Number of Respondents: 84.

Number of Responses Annually: 852.

Estimated Time per Respondent: 6 hours.

Frequency of Response: As needed.

Total Annual Burden to Respondents: 519.

Total Annual Cost to Respondents: \$10,382.00.

Dated: May 26, 2003.

Aurene M. Martin,

Assistant Secretary—Indian Affairs.
