

DEPARTMENT OF THE INTERIOR**National Park Service****Notice of Realty Action for Proposed Land Exchange**

SUMMARY: A land exchange is proposed of a federally owned conservation easement on privately owned lands for a similar conservation easement on adjacent privately owned lands, located in Lake Clark National Preserve, and the Lake and Peninsula Borough, Alaska.

I. The following described federally owned conservation easement, which was acquired by the National Park Service in 1992, has been determined to be suitable for disposal by exchange. The authority for this exchange is section 1302 (h), Public Law 96-487, Alaska National Interest Lands Conservation Act, December 2, 1980. The current federally owned conservation easement is within the boundary of Lake Clark National Preserve. It is not required for retention, in that park unit. This federal conservation easement, which is proposed for disposal, is a 40-acre portion of a 66-acre conservation easement (Tract No. 08-107) that was acquired by the United States of America by deed recorded in Deed Book 20 on Page 528 of the Iliamna Recording District, Alaska. The land has been surveyed for cultural resources and endangered and threatened species. These reports are available upon request from the National Park Service Land Resources Program Center at the address set forth below.

Fee ownership to the federally owned property (conservation easement) is to be exchanged. Conveyance of the interest in land by the United States of America will be done by a Quitclaim Deed.

II. In exchange for the portion of the conservation easement identified in section 1 (above) the United States of America will acquire a 53-acre conservation easement on adjoining lands (Tract No. 08-106) that are currently owned by Ms. Bella Hammond, and which also lie within the boundary of Lake Clark National Preserve. The exchange will consolidate lands in protected status and lands subject to development. The value of the property interests exchanged shall be determined by current fair market value appraisals, and if they are not appropriately equal, the values shall be equalized by payment of cash as circumstances require. Detailed information concerning this exchange, including precise legal descriptions, is contained in an environmental

assessment, cultural reports, and Finding of No Significant Impact, which are available at the National Park Service, Land Resources Office, 2525 Gambell Street, Anchorage, Alaska 99503-2892, or call 907-257-2590. For a period of 45 calendar days from the date of this notice, interested parties may submit comments to the above address. Adverse comments will be evaluated and this action may be modified or vacated accordingly. In the absence of any action to modify or vacate, this realty action will become the final determination of the Department of the Interior.

Dated: May 6, 2003.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-436 (Preliminary) and 731-TA-1042 (Preliminary)]

Certain Colored Synthetic Organic Oleoresinous Pigment Dispersions From India

AGENCY: United States International Trade Commission.

ACTION: Institution of countervailing duty and antidumping investigations and scheduling of the preliminary phase investigations.

SUMMARY: The Commission hereby gives notice of the institution of investigations and commencement of preliminary phase countervailing duty and antidumping investigation nos. 701-TA-436 (Preliminary) and 731-TA-1042 (Preliminary) under sections 703(a) and 733(a) of the Tariff Act of 1930 (19 U.S.C. 1671b(a) and 19 U.S.C. 1673b(a)) (the Act) to determine whether there is a reasonable indication that an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports from India of certain colored synthetic organic oleoresinous pigment dispersions. This petition covers imports of colored synthetic organic pigment dispersions, in flush or base form, containing pigments classified in either the Azo or Phthalo chemical classes that have been dispersed in an oleoresinous organic vehicle system comprising assorted combinations of various solvents, oils, and resins ("the varnish"). The subject pigment

dispersions are a thick putty that contain by weight 20 percent or more pigment dispersed in the varnish. The subject pigment dispersions are used primarily for the manufacture of letterpress and lithographic printing inks, provided for in subheadings 3204.17.6020 (Pigment Blue 15:4), 3204.17.6085 (Pigments Red 48:1, Red 48:2, Red 48:3, and Yellow 174), 3204.17.90 (Pigments Red 57:1, Yellow 12, Yellow 13, Yellow 74, Blue 15:3, Green 7), and 3204.17.9085 (Pigments Red 22, Red 48:4, Red 49:1, Red 49:2, Red 52:1, Red 53:1, Yellow 14, Yellow 83, and Green 36) of the Harmonized Tariff Schedule of the United States, that are alleged to be subsidized by the Government of India and alleged to be sold in the United States at less than fair value. Unless the Department of Commerce extends the time for initiation pursuant to section 702(c)(1)(B) and 732(c)(1)(B) of the Act (19 U.S.C. 1671a(c)(1)(B) and (19 U.S.C. 1673a(c)(1)(B))), the Commission must reach a preliminary determination in these investigations in 45 days, or in this case by July 21, 2003. The Commission's views are due at Commerce within five business days thereafter, or by July 28, 2003.

For further information concerning the conduct of these investigations and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A and B (19 CFR part 207).

EFFECTIVE DATE: June 5, 2003.
