Federal Motor Vehicle Safety Standards; Brake Hoses; Correction

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking; correction.

SUMMARY: This document corrects a Notice of Proposed Rulemaking (NPRM) published in the Federal Register on May 15, 2003. The NPRM proposed to update the Federal motor vehicle safety standard on brake hoses to incorporate the substantive specifications of several Society of Automotive Engineers (SAE) Recommended Practices relating to hydraulic brake hoses, vacuum brake hoses, air brake hoses, and plastic air brake tubing.

FOR FURTHER INFORMATION CONTACT: George Feygin at (202) 366-3992.

Correction

In the notice of proposed rulemaking FR Doc. 03-11292 (68 FR 26384) make the following correction. On page 26406 in the first column, add, before the beginning of the first paragraph the following:

Effective Date

The agency believes that most, if not all, hoses, tubing, and fittings affected by Standard No. 106 are already designed to meet the SAE specifications we are proposing to add to the standard. The agency is proposing that compliance with the updated version of the standard become mandatory two years after publication of the final rule. NHTSA believes that this date will provide manufacturers with sufficient leadtime to redesign the small proportion of brake hose products that may need modification.

Issued: June 6, 2003.

Stephen R. Kratzke,

Associate Administrator for Rulemaking.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS issues this proposed rule to implement Amendment 17 to the

Pacific Coast Groundfish Fishery Management Plan (FMP). Amendment 17 is intended to ensure that the specifications and management measures process comports with a Court ruling, to make the Council's development process for specifications and management measures more efficient so that more time is available for other management activities, and to streamline the NMFS regulatory process for implementing the specifications and management measures.

DATES: Comments must be submitted in writing by July 28, 2003.

ADDRESSES: Comments on Amendment 17 or supporting documents should be sent to D. Robert Lohn, Administrator, Northwest Region, NMFS, Sand Point Way NE., BIN C15700, Seattle, WA 98115-0070.
