An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the City of Long Beach, grantee of Foreign-Trade Zone 50, requesting authority to expand FTZ 50 in the Long Beach, California, area, adjacent to the Los Angeles-Long Beach Customs port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on June 9, 2003.

FTZ 50 was approved on September 14, 1979 (Board Order 147, 44 FR 55919,

9/28/79) and expanded on April 2, 1985 (Board Order 298, 50 FR 15205, 4/17/85), on March 25, 1987 (Board Order 341, 52 FR 10393, 4/1/87), on December 19, 1990 (Board Order 494, 55 FR 53581, 12/31/90), on July 17, 1996 (Board Order 833, 61 FR 42832, 8/19/96), and on January 16, 2001 (Board Order 1141, 66 FR 8378, 1/31/01). The general-purpose zone currently consists of seven sites (2,204 acres) in the Long Beach area: Site 1 (12 acres)—Parcel 1-A (8 acres) located at 909 East Colon Street, Wilmington, and Parcel 1-B (4 acres) located at 22941 South Wilmington Avenue, Carson; Site 2 (1,844 acres)—California Commerce Center, Ontario; Site 3 (109 acres)—92 acres within the Inter-City Commuter Station Redevelopment area in Santa Ana and 17 acres at two warehouse facilities located at 3000/3100 Segerstrom Avenue and 2900/2930 South Fairview Street in Santa Ana; Site 4 (175 acres)—within the 2,300-acre San Bernardino International Airport and Trade Center complex in San Bernardino; Site 5 (11 acres)—Parcel 1 (6 acres) located at 1101 W. The applicant is now requesting authority to expand existing Site 2 by adding an additional 143 acres within the California Commerce Center in Ontario. This increases the total acreage at this site to 1,987 acres. The site will provide public warehousing and distribution services to area businesses. No specific manufacturing authority is being requested at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the addresses below:

Foreign-Trade Zones Board

[Docket 26—2003]

Foreign-Trade Zone 26—Atlanta, GA; Application for Subzone Status; Inflation Systems, Inc., Facilities (Automotive Airbag Inflators); LaGrange, GA

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Georgia Foreign-Trade Zone, Inc., grantee of FTZ 26, requesting special-purpose subzone status for the automotive airbag inflator manufacturing facilities of Inflation Systems, Inc. (ISI) (a subsidiary of Takata Corporation, of Tokyo, Japan) located in LaGrange, Georgia. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on June 9, 2003.

The proposed subzone would include two ISI facilities located about 60 miles southwest of Atlanta: Site 1 (138 acres/130,000 sq. ft.)—manufacturing plant located at 200 Piedmont Circle, LaGrange (Troup County), Georgia; and, Site 2 (5 acres/25,000 sq. ft.)—warehouse located within the Gordon Commercial Park at 118 Gordon Commercial Drive, LaGrange. The facilities (400 employees) are used to produce automotive airbag inflators for

export and the domestic market. The manufacturing plant has capacity to produce about six and a half million inflators annually. Components purchased from abroad (representing about 10% of finished inflator value) include: bases, caps, flanges, disks, bodies, closures, and connectors classified under HTSUS 8708.99.8080, and filters (duty rate range: free—2.5%).

FTZ procedures would exempt ISI from Customs duty payments on the foreign components used in export production. On its domestic sales and exports to NAFTA countries, ISI would be able to defer duty payment on the foreign components used in production until the finished inflators are formally entered for consumption. No duties would be paid on foreign components of inflators that are transferred in-bond to auto assembly plants with subzone status. The application indicates that subzone status would help improve the facilities' international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the BBoard.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the following addresses:

1. *Submissions via Express/Package Delivery Services:* Foreign-Trade Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th Street, NW., Washington, DC 20005; or,

2. *Submissions via the U.S. Postal Service:* Foreign-Trade Zones Board, U.S. Department of Commerce, FCB—4100W, 1401 Constitution Ave., NW., Washington, DC 20230.

The closing period for their receipt is August 18, 2003. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to September 1, 2003).

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address No.1 listed above and at the U.S. Department of Commerce Export Assistance Center, Suite 900, 285 Peachtree Center Avenue, Atlanta, Georgia 30308.

Dated: June 10, 2003.
